The Song of Songs in the Early Middle Ages Hannah W. Matis, 2019-01-28 In *The Song of Songs in the Early Middle Ages* Hannah W. Matis examines how the Song of Songs the collection of Hebrew love poetry was understood in the Latin West as an allegory of Christ and the church This reading of the biblical text was passed down via the patristic tradition established by the Venerable Bede and promoted by the chief architects of the Carolingian reform Throughout the ninth century the Song of Songs became a text that Carolingian churchmen used to think about the nature of Christ and to conceptualize their own roles and duties within the church This study examines the many different

ways that the Song of Songs was read within its early medieval historical context **Sam Henry's Songs of the People** Gale Huntington, Lani Herrmann, 2010-06-01 The story of Ireland its graces and shortcomings triumphs and sorrows is told by ballads dirges and humorous songs of its common people Music is a direct and powerful expression of Irish folk culture and an aspect of Irish life beloved throughout the rest of the world Incredibly the largest single gathering of Irish folk songs had been almost inaccessible because originally newspaper based it was available in only three libraries in Belfast Dublin and Washington D C Sam Henry's Songs of the People makes the music available to a wider audience than the collector ever imagined Comprising nearly 690 selections this thoroughly annotated and indexed collection is a treasure for anyone who performs composes studies collects or simply enjoys folk music It is valuable as an outstanding record of Irish folk songs before World War II demonstrating the historical ties between Irish and Southern folk culture and the tremendous Irish influence on American folk music In addition to the songs themselves and their original commentary Sam Henry's Songs of the People includes a glossary bibliography discography index of titles and first lines melodic index index of the original sources of the songs and information about them geographical index of sources and three appendixes related to the original song series in the Northern Constitution **Folk Songs of the Catskills** Norman Cazden, Herbert Haufrecht, Norman Studer, 1982-01-01 Traditional songs from the Catskill area of New York State are accompanied by detailed discussions of their roots development musical structure and subject matter **Songs of Destiny and Others** Julia Parker Dabney, 1898

On the Song of Songs and Selected Writings Saint Bede (the Venerable), 2011 The first English translation of Bede's allegorical commentary On the Song of Songs along with selections from his homilies and the Ecclesiastical History an introduction to his spirituality and notes **Songs of the Soil** Frank Lebby Stanton, 1894 *The Glossa Ordinaria on the Song of Songs* Mary Dove, 2004-05-01 In this translation of glosses on the Song of Songs Mary Dove offers a readily accessible and inexpensive resource for students and scholars Anselm of Laon possibly assisted by his brother Ralph is credited with compiling the Glossa Ordinaria on the Song of Songs drawing from earlier commentaries by Origen Gregory the Great Bede Alcuin Hrabanus Maurus Haimo of Auxerre and Robert of Tombelaine as well as contributing his own readings of the text As Dove notes in her introduction the text is quite complicated with each manuscript page divided into three columns the biblical text in large letters in the center column with space left for interlinear glosses and glosses in smaller letters in both the right and left hand columns This format is not reproduced in this translation The number of surviving manuscripts over seventy shows that plenty of readers enjoyed the challenges the text offered and for modern readers the Glossa Ordinaria is the first place to go to find medieval interpretation of biblical texts **Songs of Eastern Birds** Donald J. Borror, 1984-06-01 Songs of 60 species of birds common to Eastern United States and parts of Canada All recordings made in the field *The Song of Songs* Dianne Bergant, 2001 This commentary views the Song of Songs as a collection of love poems that pays tribute to mutual love and it carefully examines features of Hebrew poetry in order to

uncover the delicacy of their expression It is unique in the attention that it gives to the obvious feminine perspective of the poems and to their ecosensitive character Whether it is the woman in awe of the strength and splendor of her lover or the man praising her physical charms the descriptions all call on elements from the natural world to characterize the feature being described
