Norman Birnbaum

Sophisticated Rebels The Political Culture Of European Dissent 1968 1987:

Sophisticated Rebels Henry Stuart Hughes, 1988 Examines two decades of European dissent discusses the influence of the 1968 invasion of Czechoslovakia and assesses the role of dissenters in the modern world Democracy and Civil Society in Eastern Europe Paul G. Lewis, 2016-07-27 The book presents an informed and wide ranging examination of issues surrounding the development and future prospects of civil society in Eastern Europe The contributions mostly by leading East European scholars relate the key concept of civil society to the processes that led to the collapse of communism and which bear on prospects for the establishment of a democratic order throughout the region The development of the concept is related to questions like those surrounding economic policy and reform and the women s movement **Samizdat, Tamizdat, and Beyond** Friederike Kind-Kovács, Jessie Labov, 2013-03-01 In many ways what is identified today as cultural globalization in Eastern Europe has its roots in the Cold War phenomena of samizdat do it yourself underground publishing and tamizdat publishing abroad This volume offers a new understanding of how information flowed between East and West during the Cold War as well as the much broader circulation of cultural products instigated and sustained by these practices By expanding the definitions of samizdat and tamizdat from explicitly political print publications to include other forms and genres this volume investigates the wider cultural sphere of alternative and semi official texts broadcast media reproductions of visual art and music and in the post 1989 period new media The underground circulation of uncensored texts in the Cold War era serves as a useful foundation for comparison when looking at current examples of censorship independent media and the use of new media in countries like China Iran and the former Yugoslavia **After Progress** Norman Birnbaum, 2002-07 Here Birnbaum traces the decline and fall of social reform in Europe and America He shows for example that William Howard Taft railed against socialism by which he meant anything restricting the market **Ibss: Political Science: 1988** British Library of Political and Economic Science, 1992 This bibliography lists the most important works in political science published in 1988 5/1/1968 J. Jackson, A. Milne, J. Williams, 2011-08-26 The events of 1968 are often seen purely as a student revolution but impacted on every aspect of French society theatre film sexuality race the countryside the factories This volume explores the full diversity of this extraordinary upheaval and shows how 1968 continues to reverberate in France today **Political Ideas in Modern Britain** Rodney Barker, 2013-01-11 The rise of the New Right and the collapse of state communism in 1989 has fundamentally changed political thinking in the late twentieth century Rodney Barker has revised and extended his classic text Political Ideas in Modern Britain in the light of these changes His accessible account of political thinking in Britain since the 1880s now includes detailed analysis of the demise of traditional conservatism and socialism the rise and decline of the New Right the growth of feminism liberalism and pluralism Political Ideas in Modern Britain charts the changing intellectual landscape of political thinking illustrating how contemporary political thought is both rooted in tradition and a radical transformation of it Whether the future is liberal communitarian

pluralist or simply uncertain this is an essential guide for students of British politics Rodney Barker is Senior Lecturer in Government at the London School of Economics and Political Science Loyalty, Dissent, and Betrayal Leonidas Donskis,2005 Features information about cultural studies history of ideas and Social Sciences **Youth Movements and Generational Politics, 19th-21st Centuries** Richard G. Braungart,Margaret M. Braungart,2023-04-11 Youth Movements and Generational Politics 19th 21st Centuries by Richard and Margaret Braungart is a collection of 19 of their previously published research articles on youthful political activism generational conflict and social change After assessing 1960s student groups on the political left right and center generations of youth movement activity are identified in each world region from the first student movement in Germany in 1815 to the global surge in youth unrest and demonstrations in the 21st century Representing more than 50 years of research youth movements and generational politics are explored from historical generational and global perspectives As a collection these articles are theoretically grounded empirically based interdisciplinary and comparative Exploring youth movements at individual group societal and international levels a variety of methodological approaches for studying youth activism are illustrated In a concluding chapter the Braungarts update youth movement activity in the 21st century and discuss how their previous decades of international research informs the global rise in youthful mobilization over politics The trends and changes in youth unrest and generational politics are assessed now and into the future **Hot Spot: North America and Europe** Joseph R. Rudolph Jr.,2008-06-30 Even in the relatively serene world of North America and Western Europe numerous conflicts with the propensity for sustained political violence are carried out by domestic groups with alarming regularity This in depth volume explores conflicts and potential hot spot areas in these regions from anti globalization protests to immigration politics to the Basque provinces and the ETA Coverage is divided into three regions the established democracies of the U S Canada and Western Europe the democratizing countries of post communist Europe and the more volatile region encompassing Russia the Balkans the Causasus and Post Soviet Eastern Europe for a greater understanding of geographic interrelationships This comprehensive volume is a first stop reference source for the most significant political cultural and economic conflicts in North America and Europe today

Moments of Decision Stephen Eric Bronner,1992 Moments of Decision takes a fascinating look at the course of radicalism in our time It orients progressives with respect to their traditions shows the relevance of the past to the present and provides a new political interpretation of the struggle for democracy and economic justice Fantasies of Salvation Vladimir Tismaneanu,2009-06-28 Eastern Europe has become an ideological battleground since the collapse of the Soviet Union with liberals and authoritarians struggling to seize the ground lost by Marxism In Fantasies of Salvation Vladimir Tismaneanu traces the intellectual history of this struggle and warns that authoritarian nationalists pose a serious threat to democratic forces A leading observer of the often baffling world of post Communist Europe Tismaneanu shows that extreme nationalistic and authoritarian thought has been influential in Eastern Europe for much of this century while liberalism has only shallow

historical roots Despite democratic successes in places such as the Czech Republic and Poland he argues it would be a mistake for the West to assume that liberalism will always triumph He backs this argument by showing how nationalist intellectuals have encouraged ethnic hatred in such countries as Russia Romania and the former Yugoslavia by reviving patriotic myths of heroes scapegoats and historical injustices And he shows how enthusiastically these myths have been welcomed by people desperate for some form of salvation from political and economic uncertainty On a theoretical level Tismaneanu challenges the common ideas that the ideological struggle is between right and left or between nationalists and internationalists In a careful analysis of the conflict s ideological roots he argues that it is more useful and historically accurate to view the struggle as between those who embrace the individualist traditions of the Enlightenment and those who reject them Tismaneanu himself has been active in the intellectual battles he describes particularly in his native Romania and makes insightful use of interviews with key members of the dissident movements of the 1970s and 1980s He offers original observations of countries from the Baltic to the Black Sea and expresses his ideas in a vivid and forceful style *Fantasies of Salvation* is an indispensable book for both academic and nonacademic readers who wish to understand the forces shaping one of the world s most important and unpredictable regions *Cultural Populism* Jim McGuigan, Dr Jim McGuigan, 2002-11 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company

From Selma to Moscow Sarah B. Snyder, 2018-04-24 The 1960s marked a transformation of human rights activism in the United States At a time of increased concern for the rights of their fellow citizens civil and political rights as well as the social and economic rights that Great Society programs sought to secure many Americans saw inconsistencies between domestic and foreign policy and advocated for a new approach The activism that arose from the upheavals of the 1960s fundamentally altered U S foreign policy yet previous accounts have often overlooked its crucial role In *From Selma to Moscow* Sarah B Snyder traces the influence of human rights activists and advances a new interpretation of U S foreign policy in the long 1960s She shows how transnational connections and social movements spurred American activism that achieved legislation that curbed military and economic assistance to repressive governments created institutions to monitor human rights around the world and enshrined human rights in U S foreign policy making for years to come Snyder analyzes how Americans responded to repression in the Soviet Union racial discrimination in Southern Rhodesia authoritarianism in South Korea and coups in Greece and Chile By highlighting the importance of nonstate and lower level actors Snyder shows how this activism established the networks and tactics critical to the institutionalization of human rights A major work of international and transnational history *From Selma to Moscow* reshapes our understanding of the role of human rights activism in transforming U S foreign policy in the 1960s and 1970s and highlights timely lessons for those seeking to promote a policy agenda resisted by the White House

Parting Ways Stephen F. Szabo, 2004-09-30 Germany and the United States entered the post 9 11 era as allies but they will leave it as partners of convenience or even possibly as rivals The first comprehensive

examination of the German American relationship written since the invasion of Iraq Parting Ways is indispensable for those seeking to chart the future course of the transatlantic alliance In early 2003 it became apparent that many nations including close allies of the United States would not participate in the U S led coalition against Iraq Despite the high profile tension between the United States and France some of the most bitter opposition came from Germany marking the end not only of the German American special relationship but also of the broader transatlantic relationship s preeminence in Western strategic thought Drawing on extensive research and personal interviews with decisionmakers and informed observers in both the United States and Germany Stephen F Szabo frames the clash between Gerhard Schröder and George W Bush over U S policy in Iraq in the context of the larger changes shaping the relationship between the two countries Szabo considers such longer term factors as the decreasing strategic importance of the U S German relationship for each nation in the post cold war era the emergence of a new German identity within Germany itself and a U S foreign policy led by what is arguably the most ideological administration of the post World War II era Not a Movement of Dissidents Christie

Miedema,2019-06-03 Wie der osteuropäische Menschenrechtsaktivismus das für Amnesty International so wichtige Prinzip der Unparteilichkeit auf die Probe stellte Der Menschenrechtsaktivismus von Amnesty International entstand inmitten des Kalten Krieges mit dem ausdrücklichen Ziel den ideologischen Konflikt zu berwinden Zu diesem Zweck entwickelte die Organisation das Prinzip der Unparteilichkeit Es beruhte darauf Menschenrechtsverletzungen in Ost und West in gleichem Maße zu kritisieren und eine gewisse Distanz zwischen Aktivisten und Gefangenen zu wahren Die politisierte ideologische Landschaft in der Amnesty tätig war und der Menschenrechtsaktivismus in Osteuropa stellten diese Politik insbesondere in den siebziger Jahren in Frage Osteuropäische Menschenrechtsaktivisten lieferten dringend benötigte Informationen über eine Region die für Amnestys Politik der Balance wichtig war Aber je enger die Zusammenarbeit wurde desto mehr gerieten die Regeln von Amnesty unter Druck insbesondere das Prinzip der Distanz Als Aktivisten zunächst in der Sowjetunion und später in Polen versuchten Amnesty Gruppen und Sektionen in ihren jeweiligen Ländern zu etablieren wurde die Kluft zwischen den nominell universellen Regeln der Organisation und ihrer Praxis in Osteuropa deutlich **Human Rights Activism and the**

End of the Cold War Sarah B. Snyder,2011-06-20 Two of the most pressing questions facing international historians today are how and why the Cold War ended Human Rights Activism and the End of the Cold War explores how in the aftermath of the signing of the Helsinki Final Act in 1975 a transnational network of activists committed to human rights in the Soviet Union and Eastern Europe made the topic a central element in East West diplomacy As a result human rights eventually became an important element of Cold War diplomacy and a central component of détente Sarah B Snyder demonstrates how this network influenced both Western and Eastern governments to pursue policies that fostered the rise of organized dissent in Eastern Europe freedom of movement for East Germans and improved human rights practices in the Soviet Union all factors in the end of the Cold War Identity and Freedom Leondas Donskis,2003-09-02 Identity and Freedom provides a

discursive map of Lithuanian liberal nationalism by focusing on the work of three eminent Lithuanian migr scholars Vytautas Kavolis Aleksandras Shtromas and Tomas Venclova Presenting these critics of society and also analysing the significant impact of such writers as George Orwell and Czeslaw Milosz on Lithuanian political and cultural dissent the book elaborates their three models of liberal nationalism as social criticism Incorporating material which has so far only been available in Lithuanian Polish and Russian sources this book will be invaluable for anyone interested in Central and East European politics culture and society

From Revolution to Ethics, Second Edition Julian Bourg, 2017-11-28 Winner CHOICE Outstanding Academic Book Award CHOICE Magazine 2008 Winner Morris D Forkosch Prize for the best book in intellectual history Journal of the History of Ideas 2008 The French revolts of May 1968 the largest general strike in twentieth century Europe were among the most famous and colourful episodes of the twentieth century Julian Bourg argues that during the subsequent decade the revolts led to a remarkable paradigm shift in French thought the concern for revolution in the 1960s was transformed into a fascination with ethics Challenging the prevalent view that the 1960s did not have any lasting effect From Revolution to Ethics shows how intellectuals and activists turned to ethics as the touchstone for understanding interpersonal institutional and political dilemmas In absorbing and scrupulously researched detail Bourg explores the developing ethical fascination as it emerged among student Maoists courting terrorism anti psychiatric celebrations of madness feminists mobilizing against rape and pundits and philosophers championing humanitarianism From Revolution to Ethics provides a compelling picture of how May 1968 helped make ethics a compass for navigating contemporary global concerns In a new preface for the second edition published to mark the fiftieth anniversary of the events Bourg assesses the worldwide influence of the ethical turn from human rights to the return of religion and the new populism

Cervantes and His Postmodern Constituencies Anne J. Cruz, Carroll B. Johnson, 2018-10-24 The essays in this collection represent the first effort in Hispanism to address the conflicted status of Cervantes studies by interrogating the possibility of continued critical dialogue in the context of postmodern theories that threaten to divide into oppositional discourses Comprising broad historical overviews as well as close readings of texts and wielding the rhetoric of scientific detachment and of impassioned political commitments the essays at once exemplify and critique multiple critical positions The collection takes a meaningful and timely look at the formation of cervantismo from the early twentieth century to the prevailing debates on postmodernism and the current crisis of literary studies

Uncover the mysteries within is enigmatic creation, **Sophisticated Rebels The Political Culture Of European Dissent 1968 1987** . This downloadable ebook, shrouded in suspense, is available in a PDF format (Download in PDF: *). Dive into a world of uncertainty and anticipation.
