Sothebys Bidding For Class:

Sotheby's Robert Lacey, 1999-03-01 This volume explores the history of Sotheby's auction house tracing its beginnings back to 1744. It was in the latter half of the 19th century when economic instability forced the aristocrats to sell off many of their treasures that Sotheby's began to lay the foundations of the modern art market. The Sotheby's-Christie's rivalry intensified in the early 1900s and they have been battling it out ever since over the likes of Cezanne, Picasso, Van Gogh, and Monet. Lacey takes the reader through the unprecedented boom of the 1980s when Van Gogh's *Irises* went for 53.9 million and examines the catastrophic effects of an inflation still being felt today. **The \$12 Million Stuffed Shark** Don

Thompson, 2012-02-21 Why would a smart New York investment banker pay 12 million for the decaying stuffed carcass of a shark? By what alchemy does Jackson Pollock's drip painting *No. 5* (1948) sell for 140 million? Intriguing and entertaining, *The 12 Million Stuffed Shark* is a Freakonomics approach to the economics and psychology of the contemporary art world. Why were record prices achieved at auction for works by 131 contemporary artists in 2006 alone, with astonishing new heights reached in 2007? Don Thompson explores the money lust and self-aggrandizement of the art world in an attempt to determine what makes a particular work valuable while others are ignored. This book is the first to look at the economics and the marketing strategies that enable the modern art market to generate such astronomical prices. Drawing on interviews with past and present executives of auction houses and art dealerships, artists, and the buyers who move the market, Thompson launches the reader on a journey of discovery through the peculiar world of modern art. Surprising, passionate, gossipy, revelatory. *The 12 Million Stuffed Shark* reveals a great deal that even experienced auction purchasers do not know. *The Crabb Enigma* Jacqui Welham, 2010

Commander Buster Crabb, a British naval frogman, disappeared whilst undertaking an underwater spying mission involving the Soviet cruiser *Ordzhonikidze* in 1956. Just over a year after he disappeared, a body washed up headless and handless near Portsmouth. The establishment took charge of the body and at an inquest declared it to be Crabb. However, vital evidence was omitted and key witnesses not called. It is now known that it was not Crabb who was buried in Portsmouth. The problem for the establishment was that Crabb worked for the then head of the Royal Navy, Lord Mountbatten. At the time, US government security agencies had alleged that Mountbatten was doing unofficial business with the Soviet Union. This, UK officials believed, was a valid reason for Crabb's story to be held secret until 2056, an unprecedented 100 years. The FBI and CIA state that it is in the interests of US National Security not to make available any documentation or information and applications to the KGB by the authors remain unanswered. However, for thirty years, Admiral Gennadiy Zakharov, trained Spetsnaz troops in Naval sabotage, and states that Crabb was in the Eastern Bloc at that time. Sir Percy Siltöe, former head of MI5, also states that the department had a file that proved Crabb was in the Soviet Union. The story also involves the British ruling class and Royalty. It is a tale of illegal activities, art and currency smuggling, Nazi looted gold, and treasure, homosexual blackmail threats, and mysterious deaths. The authors and witnesses have been subjected to

government surveillance mail interception and telephone tapping both by the UK authorities and INTERPOL Following publication of the authors previous book Frogman Spy attempts were made to kill both a researcher and a vital witness This is the murky world of what the establishment does not want you to know **Great Tales from English History** Robert Lacey,2025-05-01 With insight humor and fascinating detail Lacey brings brilliantly to life the stories that made England from Ethelred the Unready to Richard the Lionheart the Venerable Bede to Piers the Ploughman The greatest historians are vivid storytellers Robert Lacey reminds us and in Great Tales from English History he proves his place among them illuminating in unforgettable detail the characters and events that shaped a nation In this volume Lacey limns the most important period in England s past highlighting the spread of the English language the rejection of both a religion and a traditional view of kingly authority and an unstoppable movement toward intellectual and political freedom from 1387 to 1689 Opening with Chaucer s Canterbury Tales and culminating in William and Mary s Glorious Revolution Lacey revisits some of the truly classic stories of English history the Battle of Agincourt where Henry V s skilled archers defeated a French army three times as large the tragic tale of the two young princes locked in the Tower of London and almost certainly murdered by their usurping uncle Richard III Henry VIII s schismatic divorce not just from his wife but from the authority of the Catholic Church Bloody Mary and the burning of religious dissidents Sir Francis Drake s dramatic if questionable part in the defeat of the Spanish Armada and the terrible and transformative Great Fire of London to name but a few Here Anglophiles will find their favorite English kings and queens villains and victims authors and architects from Richard II to Anne Boleyn the Virgin Queen to Oliver Cromwell Samuel Pepys to Christopher Wren and many more Continuing the eminently readable highly enjoyable St Louis Post Dispatch history he began in volume I of Great Tales from English History Robert Lacey has drawn on the most up to date research to present a taut and riveting narrative breathing life into the most pivotal characters and exciting landmarks in England s history Art Theft and the Case of the Stolen Turners Sandy Nairne,2011-09-15 In 1994 two important paintings by J M W Turner then valued at twenty four million pounds were stolen from a German public gallery while on loan from Tate Britain In this vivid personal account Sandy Nairne who was then Director of Programmes at the Tate and became centrally involved in the pursuit of the paintings and the negotiations for their return retells this complex 8 year cloak and dagger story which finally concluded in 2002 with the pictures returning to public display at the Tate In addition to this thrilling narrative Nairne unravels stories of other high value art thefts puzzling what motivates a thief to steal a well known work of art that cannot be sold even on the black market Nairne also examines the role of art theft within the larger underworld of international looting and illicit deals among art and antique collectors The art heist of course is a popular theme of crime novels and films and Nairne considers these depictions as well investigating the imaginative construction of the art thief the specialist detective and the mysterious collector Art Theft and the Case of the Stolen Turners is a compelling real life detective story that will keep both art and mystery lovers eagerly

Petropoulos,2000-03-30 Nazi art looting has been the subject of enormous international attention in recent years and the topic of two history bestsellers Hector Feliciano s *The Lost Museum* and Lynn Nicholas s *The Rape of Europa* But such books leave us wondering What made thoughtful educated artistic men and women decide to put their talents in the service of a brutal and inhuman regime This question is the starting point for *The Faustian Bargain* Jonathan Petropoulos s study of the key figures in the art world of Nazi Germany Petropoulos follows the careers of these prominent individuals who like Faust that German archetype chose to pursue artistic ends through collaboration with diabolical forces Readers meet Ernst Buchner the distinguished museum director and expert on Old Master paintings who repatriated the Van Eyck brother s Ghent altarpiece to Germany and Karl Haberstock an art dealer who filled German museums with works bought virtually at gunpoint from Jewish collectors Robert Scholz the leading art critic in the Third Reich became an officer in the chief art looting unit in France and Kajetan Muhlmann a leading art historian was probably the single most prolific art plunderer in the war and arguably in history Finally there is Arno Breker a gifted artist who exchanged his modernist style for monumental realism and became Hitler s favorite sculptor If it is striking that these educated men became part of the Nazi machine it is more remarkable that most of them rehabilitated their careers and lived comfortably after the war Petropoulos has discovered a network of these rehabilitated experts that flourished in the postwar period and he argues that this is a key to the tens of thousands of looted artworks that are still missing today Based on previously unreleased information and recently declassified documents *The Faustian Bargain* is a gripping read about the art world during this period and a fascinating examination of the intense relationship between culture and politics in the Third Reich **The Duchess Of**
