## **Soul Game:**

*Ego, Soul, and Beyond* Bob Mackura, 2004 Here is a book that pulls from life experience and the greatest contemporary and historical sages to engage the reader in life's most challenging and fundamental questions. It gathers momentum as the reader is exposed to the ego, soul, and the Divine by understanding their role in the evolution of human consciousness. What is blocking us from embracing our greatness? As the human mind and brain developed over the millennia, humanity's true nature was obscured by a human intellect and belief system in its early stages of evolution. We have all witnessed what this has led to. There is a way out of this box we have built for ourselves. The breakout begins when we allow ourselves to take a fresh look at the core human condition that spiritual traditions have been dealing with for thousands of years. This book shows the reader how to look at their soul in a refreshing and new way. In this new century, the time is ripe for an exciting and innovative way of approaching spirituality and rediscovering our souls. *Ego Soul Beyond* is a life-changing and provocative book that offers a clear, comprehensive, and practical way to usher in the next stage of human evolution. It doesn't replace psychology or spirituality; it takes them to a new level. The reader is challenged to wake up their soul and embrace reality below the symptom level. The intellect, heart, and belly soul centers, which the world's spiritual traditions target in different ways, are explained and reconceived in a way that speaks to the fullness of what it means to be human. Fundamental change has never been more possible. The human mind has evolved to a place where many are perched for a dive into a new reality where contemporary and historical problems can finally be resolved. If you are one of those ready to take the dive, you are likely a soulworker. This is a person who is ready to do whatever it takes to find the answers to their deepest questions, face their deepest fears, and align their life with their soul's mission. You will find this book to be a leading edge handbook that provides the tools, concepts, and keys for evolving humanity into a new way of being. The journey into our souls is the most important and exciting journey we can ever take. There is nothing more worth discovering. *The Soul Collector* Pasquale De Marco, 2025-08-12 *The Soul Collector* is a comprehensive guide to the Soul Collector, a mysterious and powerful being who collects the souls of people who are about to die. *Anatomy of Spirituality: Portrait of the Soul* Chander Behl,2015-04-27 The domain of spirituality separated from its theological overburden believes in the existence of a spiritual self presumed to be distinctly separate from the psychological self The spiritual eternal self also known as the soul or spirit sometimes supported by an overarching Spirit is asserted to be operating behind the ephemeral self This book takes a contrarian stance it argues that the premise of the soul concept is obtained through the magic of language maintained through the marvel of the brain s biochemistry and sustained through the mirage of the psychological juggernauts of the brain The magic the marvel and the mirage together bring about subtle shifts as the linguistic brain suppresses many psychological details habitually applies mental templates such as inversions and dichotomies and enhances its language by coining religious and spiritual metaphors The consequence of these changes is that the usual flickering self begins to be impressed by itself believing it is buttressed by something transcendental and eternal within the soul or the spirit The self although indoctrinated during its formative years also begins to assimilate and accept the opinion that the overwhelming weight of religious doctrines and dogmas the overburden signifies as the legitimate proof for the eternal soul

concentrate either on his early career as author of the monumental Catholic Concordance or on his later career as writer of remarkable philosophical theological works such as On Learned Ignorance and The Vision of God the essays included here attempt to address the whole Cusanus sharing common contexts issues and themes Following chapters on the legacy of conciliarism and ecumenicity the story begins with the Council of Basel for which Cusanus wrote The Catholic Concordance but from which he broke away raising issues of private conscience as well as the balance between papal authority and representative councils in the pursuit of reform The story then turns to the matrix between Constantinople and a new council in Ferrara when Cusanus received a ship board gift from the Father of Lights and began to write his great philosophical theological treatises When taken together the essays in this book not only form a cohesive whole they also enlighten aspects often left in the shade such as the enigmatic aspects of Cusanus participation in the council and his mystical theology that reveals a man of faith in search of certainty beyond the well trod paths of philosophical reflection **A Soul's Journey,**
