Making of the Victorian Novelist Bradley Deane, 2013-10-15 This book examines a sequence of crises in nineteenth century print culture and offers an original narrative of what it meant to be a Victorian novelist Easily dismissed at the beginning of the century as hacks who pandered to the ignorant or indolent novelists by the end of Victoria's reign could be esteemed among the greatest of artists Between these extremes stretches a century of ideological contention between alternative representations of authorship Deane brings new attention in his account to the trends in publishing and the expanding market surrounding Victorian literature such as the new modes of production arguments over copyright legislation and revisions of the criteria of periodical criticism Combining literary sociology and close readings The Making of the Victorian Novelist offers an innovative history of the material pressures and rhetorical struggles that produced and ultimately shattered the Victorians' understanding of their great novelists

The Pleasures and Horrors of Eating Marion Gymnich, 2010-09-15 Browsing through books and TV channels we find people pre-occupied with eating cooking and competing with chefs Eating and food in today's media have become a form of entertainment and art A survey of literary history and culture shows to what extent eating used to be closely related to all areas of human life to religion eroticism and even to death In this volume early modern ideas of feasting banqueting and culinary pleasures are juxtaposed with post-18th and 19th century concepts in which the intake of food is increasingly subjected to moral theological and economic reservations In a wide range of essays various images rhetorics and poetics of plenty are not only contrasted with the horrors of gluttony they are also seen in the context of modern phenomena such as the anorexic body or the gourmandizing body to humane It is this vexing binary approach to eating and food which this volume traces within a wide chronological framework and which is at the core not only of literature art and film but also of a flourishing popular culture
