Chicken both the bird and the food has played multiple roles in the lives of African American women from the slavery era to the present. It has provided food and a source of income for their families, shaped a distinctive culture, and helped women define **Hog and Hominy**. Frederick Douglass Opie, 2008-10-08. Opie delves into the history books to find true soul in the food of the South, including its place in the politics of black America. NPR.org. Frederick Douglass Opie deconstructs and compares the foodways of people of African descent throughout the Americas, interprets the health legacies of black culinary traditions, and explains the concept of soul itself, revealing soul food to be an amalgamation of West and Central African social and cultural influences, as well as the adaptations blacks made to the conditions of slavery and freedom in the Americas. Sampling from travel accounts, periodicals, government reports on food and diet, and interviews with more than thirty people born before 1945, Opie reconstructs an interrelated history of Moorish influence on the Iberian Peninsula, the African slave trade, slavery in the Americas, the emergence of Jim Crow, the Great Migration, the Great Depression, and the Civil Rights and Black Power movements. His grassroots approach reveals the global origins of soul food, the forces that shaped its development, and the distinctive cultural collaborations that occurred among Africans, Asians, Europeans, and Americans throughout history. Opie shows how food can be an indicator of social position, a site of community building, and cultural identity, and a juncture at which different cultural traditions can develop and impact the collective health of a community. Opie goes back to the sources and traces soul food's development over the centuries. He shows how Southern slavery, segregation, and the Great Migration to the North's urban areas all left their distinctive marks on today's African American cuisine. Through recipes and stories, we cook along with these pioneering figures, from enslaved chefs to middle and upper class writers and entrepreneurs. With more than 100 recipes from classics such as Sweet Potato Biscuits, Seafood Gumbo, Buttermilk Fried Chicken, and Pecan Pie with Bourbon, to lesser-known but even more
