Afro-Latin Soul Music and the Rise of Black Power Cosmopolitanism Matti Steinitz, 2024-12-30 Whereas research on the global impact of US African American culture and politics and transnational connections in the African Diaspora has increased significantly since the release of Gilroy's Black Atlantic, the hemispheric dialogues between black communities in the US and Latin America have remained somewhat understudied until now. Focusing on the role of Soul music for the popularization of the Black Power movement in Afro Latin American contexts in the 1960s and 1970s, this book aims to contribute to a better understanding of the networks of solidarity that connected geographically and linguistically distant afro diasporic communities in their struggles for emancipation and against the diverse manifestations of white supremacy that have shaped societies throughout the Americas in the 20th century. Drawing on field research and interviews with musicians, DJs, and activists in New York, Rio de Janeiro, and Panama, this multi-sited study traces the inter-American flows of Soul music in diverse Afro Latin American contexts. Crossing boundaries between African American and Latin American Studies, this book opens new perspectives to scholars of Black Transnationalism, music, and social movements in the African diaspora of the Americas.

Healing the Eternal Soul - Insights from Past Life and Spiritual Regression Andy Tomlinson, 2012-03 A resource for those who assist others in achieving contact with the eternal part of themselves.

Starve the Ego: Feed the Soul! Souldrama: Ignite Your Spiritual Intelligence! Connie Miller, 2010 This is a story about relationships. A story about a man named Iye who has been searching for his soulmate. In order to find his partner, he must leave the land of Ego and pass through seven doors of spiritual transformation of souldrama. Each door offers and challenge and a gift upon its completion. Will he complete the journey? Today we seem to search for meaning and purpose in our lives and begin a spiritual journey as we ask ourselves: Is this all there is? What keeps people stuck in relationships, careers, addictions? Souldrama helps us to move past the resistance in our lives, preventing us from accessing our higher purpose. Souldrama integrates all three levels of intelligences: our rational, emotional, and spiritual, through a group process that puts spirituality into action. The end result helps us to create spiritually intelligent leadership. Souldrama moves group therapy and psychodrama to another level, that of the transpersonal.

Mind, Body, Soul and Spirit in Transactional Analysis Gordon Law, 2006 Relationships may be understood as the contact that emerges from observable social roles underpinned by inter-personal attitudes. Using transactional analysis and other approaches, this book presents a series of models based on an analysis of the relationships

that are created when contact between people links imagos and roles to confirm existential life positions Because the models provide a meta level framework for understanding and influencing any sequence of interaction irrespective of setting or TA specialism they give ample scope for practitioners to exercise widely differing preferences techniques and strategies for interacting with clients in ways that encompass a transpersonal or a spiritual view of relationships

The Aura Sarah A. Schweitzer, 2013-11-14 Life in general continually changes The aura energy field of light which surrounds every living human body is also changing Currently the dense 3rd dimensional aura field of light is being replaced with a new 5th dimensional light frequency As our planet continues to ascend and accept the 5th dimensional frequency and light within her aura field many individuals seeking enlightenment will experience an energy shift as their personal aura also accepts the higher light This shift allows the potential for transformational change to occur not only to our global planet but also in ones personal life In transformation old density threads are unwoven and are moved out of the dense aura energy field both at a global earth level and also at the personal human level This allows negative imprints blocks and emotional drama that were once stuck in density access to the higher energy frequency Although the potential to repeat old issues is ever present in any energy field old imprints cannot anchor correctly in 5th dimensional light which lessens their importance as well as their ability to stabilize Once old density issues are destabilized they become easy to process transition and remove from the aura energy field For many individuals this can feel like heaven on earth This book presents information that defines and explains the aura field of light that surrounds the human body When working to transition the density of a 3rd dimensional energy aura into a 5th dimensional frequency of light this information is necessary to know and understand As energy shifts and transitions occur insight is gained about blocks issues and negativity that have been present in density This insight triggers transformational clearing within the aura allowing one to experience wellness and empowered living

Cosmic Ascension Joshua David Stone, 1998-02-01 Cosmic Ascension Your Cosmic Map Home Almost all the books on the planet on the subject of ascension are written about planetary ascension However because of the extraordinary times in which we now live in terms of Earth s history there is a new opening and potentiality to also begin one s cosmic ascension process This has never before been available It must be understood as Vywamus has said that in completing our planetary ascension we are no more than one tenth of the way up a ten inch ruler in terms of our cosmic ascension process This includes most of the ascended masters We on Earth who are working to complete our seven levels of

initiation must remember that there are 352 levels of initiation to return to the godhead of Father Mother God at the top of creation Most of the Ascended Masters of the entire Spiritual Hierarchy are not beyond the 12th initiation This is not a criticism just a simple statement of fact The question is What lies beyond the next nine tenths of the ruler and how do we achieve our cosmic ascension as well as our planetary ascension which is no small feat in and of itself It is for this purpose that the author was guided to write this book
