**Soul of a Bishop** H G Wells, 2021-02-17 Soul of a Bishop is a 1917 novel by H G Wells *The Soul of a Bishop* H. G. Wells, 2018-03-14 What is really the matter here the matter with you that is is a disorganization of your tests of reality Every living being lives in a state not differing essentially from a state of hallucination concerning the things about it Truth essential truth is hidden Always Of course there must be a measure of truth in our working illusions a working measure of truth or the creature would smash itself up and end itself but beyond that discretion of the first and the pitfall lies a wide margin of error about which we may be deceived for years from The First Vision He is known along with Jules Verne as one of the 19th century fathers of logical rational science fiction but in this 1917 novel H G Wells weaves a more intuitive tale about a bishop haunted by strange dreams and visions that challenge his faith Lyrical poetic and verging on stream of consciousness in places this little read work of one of the most enduringly popular writers of modern literature is like found treasure offering a captivating and unexpected insight into Wells psyche
