Soulside Inquiries Into Ghetto Culture And Community:

Soulside Ulf Hannerz, 1969 For an outsider the prospect of blending into the fabric of an urban African American ghetto might be an intimidating one But for a Scandinavian scholar the idea of getting to know one of Washington DC s toughest neighborhoods from the inside during the racially tense late 1960s could well have seemed impossible Conducting fieldwork in and around Winston Street Ulf Hannerz did just that Soulside details the everyday lives of the ghetto inhabitants he observed and participated with during this period revealing their beliefs and expectations and the diversity of their life styles Originally published 35 years ago Soulside became an urban anthropological classic The book helped to dispel many false impressions about ghetto life and questioned the idea precipitated in the influential Moynihan Report and in notions of a culture of poverty that the poor had chosen to lead the lives they do Raising central moral and political questions about American society in a turbulent period Soulside became an example of public engagement in anthropology In a new afterword Ulf Hannerz discusses the book s place in the debates of the time and its relevance to current arguments in anthropology

Soulside Ulf Hannerz, 1971 **Soulside; inquiries into ghetto culture and community, New York, Columbia University Press, 1969** Ulf Hannerz, **The Poverty of the Ethnography of Poverty** Loïc

Wacquant, 2025-07-02 In The Poverty of the Ethnography of Poverty Loïc Wacquant dissects how sociologists who carry out field studies of the poor write about race class and morality in the city s underbelly the blinders and biases that affect their research and how to overcome them and how to become aware of these biases and develop a better meshing of theory and research *Afro-American Life, History and Culture*, 1985 *Community Action against Racism in West Las Vegas* Robert J. McKee, 2014-02-27 This book chronicles Robert J McKee s active participation in a successful protest action led primarily by black females in the historically African American community of West Las Vegas Nevada from 2008 2013 The residents protested the closure of a main street F Street in their community for the expansion of Interstate 15 The community felt the street closure was racially motivated with the intent of further alienating and isolating this already marginalized community The street closure was one of many instances in a protracted history of events that further exacerbated race relations in Las Vegas With only minimal support from the black church courageous women mobilized their community from a neighborhood coalition into a successful community protest group despite resistance from city officials and a racist backlash from some Las Vegas residents The key players in this work were then Mayor Oscar Goodman State Senator and now U S Congressman Steven Horsford and a host of local and state leaders The closing of F Street creates an environ for McKee to discuss the current problems of race relations urban sociology city planning social action ethnography and institutionalized racism

The Processes of Urbanism Joyce Aschenbrenner, Lloyd R. Collins, 2011-06-01 No detailed description available for *The Processes of Urbanism* The Socio-economics of Crime and Justice Brian Forst, 1993 Offers a variety of perspectives on crime and justice from economics to sociology from philosophy to the law focusing on the nonpunitive side of the issue The

volume is divided into four parts Part I addresses fundamental principles underlying crime and justice Part II considers forces that shape human behavior generally and the inclination to commit crime in particular Part III focuses on specific classes of offenders and offenses And Part IV examines the three primary components of the justice system the police the prosecutor and the courts Paper edition unseen 19 95 Annotation copyright by Book News Inc Portland OR

The Public Realm Lyn H. Lofland, 2017-07-12 This book is about the public realm defined as a particular kind of social territory that is found almost exclusively in large settlements This particular form of social psychological space comes into being whenever a piece of actual physical space is dominated by relationships between and among persons who are strangers to one another as often occurs in urban bars buses plazas parks coffee houses streets and so forth More specifically the book is about the social life that occurs in such social psychological spaces the normative patterns and principles that shape it the relationships that characterize it the aesthetic and interactional pleasures that enliven it and the forces anti urbanism privatism post war planning and architecture that threaten it The data upon which the book's analysis is based are diverse direct observation interviews contemporary photographs historic etchings prints and photographs and historical maps histories of specific urban public spaces or spatial types and the relevant scholarly literature from sociology environmental psychology geography history anthropology and architecture and urban planning and design Its central argument is that while the existing body of accomplished work in the social sciences can be reinterpreted to make it relevant to an understanding of the public realm this quintessential feature of city life deserves much more than it deserves to be the object of direct scholarly interest in its own right Choice noted that The author's writing style is unusually accessible and the often fascinating narrative is generously supported by well chosen photos

Black Corona Steven Gregory, 2011-03-28 In *Black Corona* Steven Gregory examines political culture and activism in an African American neighborhood in New York City Using historical and ethnographic research he challenges the view that black urban communities are socially disorganized Gregory demonstrates instead how working class and middle class African Americans construct and negotiate complex and deeply historical political identities and institutions through struggles over the built environment and neighborhood quality of life With its emphasis on the lived experiences of African Americans *Black Corona* provides a fresh and innovative contribution to the study of the dynamic interplay of race class and space in contemporary urban communities It questions the accuracy of the widely used trope of the dysfunctional black ghetto which the author asserts has often been deployed to depoliticize issues of racial and economic inequality in the United States By contrast Gregory argues that the urban experience of African Americans is more diverse than is generally acknowledged and that it is only by attending to the history and politics of black identity and community life that we can come to appreciate this complexity This is the first modern ethnography to focus on black working class and middle class life and politics Unlike books that enumerate the ways in which black communities have been rendered powerless by urban political processes and by changing urban economies *Black Corona* demonstrates the range of ways in

which African Americans continue to organize and struggle for social justice and community empowerment Although it discusses the experiences of one community its implications resonate far more widely Some images inside the book are unavailable due to digital copyright restrictions *The Modern Prison Paradox* Amy E. Lerman,2013-08-19 Amy E Lerman examines the shift from rehabilitation to punitivism that has taken place in the politics and practice of American corrections

Muslim European Youth Steven Vertovec,Alistar Rogers,2018-08-10 First Published in 1998 this volume consists of contributors providing position of Muslim youth in a European context Providing case studies from 5 European nations Denmark France Germany the Netherlands and the United Kingdom The chapters in this book draw from various of anthropological and sociological theory to discuss this topic Many contributors relating back to ethnological research on young Muslims in relation to local government political and religious associations schools as well as community and family

Ethnic Leadership in a New England Community Alex Huxley Westfried, *Community and Everyday Life* Graham Day,2006-09-27 Community continues to be a persistent theme in political philosophical and policy debates The idea of community poses fundamental questions about social inclusion and exclusion particular versus general interests identity and belonging As well as extensive theoretical literature in the social sciences there is a rich body of social research aimed at exploring the nature of community and evaluating its contribution to people s lives and well being Drawing on a wealth of international empirical examples and illustrations this book reviews debates surrounding the idea of community It examines changing patterns of community life and evaluates their importance for society and for individuals As well as urban rural and class based communities it explores other contemporary forms of community such as social movements communes and virtual gatherings in cyberspace Truly multidisciplinary this book will be of interest to students of sociology geography political science and social policy and welfare Grounded in a wide ranging review of empirical research it provides an overview of sociological debates surrounding the idea of community and relating them to the part community plays in people s everyday conceptions of identity **Polluted Promises** Melissa Checker,2005-08-01 Association for Humanist Sociology 2007 Book Award co winner Julian Steward Award 2006 Runner Up One community s fight against industrial contamination and environmental racism Over the past two decades environmental racism has become the rallying cry for many

communities as they discover the contaminations of toxic chemicals and industrial waste in their own backyards Living next door to factories and industrial sites for years the people in these communities often have record health problems and debilitating medical conditions Melissa Checker tells the story of one such neighborhood Hyde Park in Augusta Georgia and the tenacious activism of its two hundred African American families This community at one time surrounded by nine polluting industries is struggling to make their voices heard and their community safe again Polluted Promises shows that even in the post civil rights era race and class are still key factors in determining the politics of pollution The Religious Identity of Young Muslim Women in Berlin Synnøve Bendixsen,2013-04-17 The Religious Identity of Young Muslim Women in Berlin

offers an in depth ethnographic account of Muslim youth s religious identity formation and their everyday life engagement with Islam It deals with the reconstruction of selfhood and the collective content of identity formation in an urban and transnational setting

Claiming Individuality Vered Amit,Noel Dyck,2006-07-20 Individuality is often interpreted as a force for the separation and autonomy of the individual This book takes a different approach it explores the expression of individuality as a form of social action inextricably linked to questions of belonging Using case studies from North America Europe Africa and Asia the authors examine a wide range of topics Covering everything from studies of childhood and family relations to patterns of movement for tourism work and religious pilgrimage from the spinning of fashions to the sculpting of life narratives the contributors analyse the shifting forms of the cultural politics of distinction The book illustrates the variation and ingenuity with which people in various settings claim diverse forms of individuality their motivations for doing so and the outcomes of their actions

Yo' Mama's Disfunktional! Robin D.G. Kelley,2001-01-04 In this vibrant thought provoking book Kelley the preeminent historian of black popular culture writing today Cornel West shows how the multicolored urban working class is the solution to the ills of American cities He undermines widespread misunderstandings of black culture and shows how they have contributed to the failure of social policy to save our cities From the Trade

Paperback edition *The Harvard Guide to African-American History* Evelyn Brooks Higginbotham,2001 This massive guide sponsored by the W E B Du Bois Institute for Afro American Research at Harvard University and compiled by renowned experts offers a compendium of information and interpretation on over 500 years of black experience in America

Poverty Knowledge Alice O'Connor,2024-11-01 Progressive era poverty warriors cast poverty in America as a problem of unemployment low wages labor exploitation and political disfranchisement In the 1990s policy specialists made dependency the issue and crafted incentives to get people off welfare Poverty Knowledge gives the first comprehensive historical account of the thinking behind these very different views of the poverty problem in a century spanning inquiry into the politics institutions ideologies and social science that shaped poverty research and policy Alice O Connor chronicles a transformation in the study of poverty from a reform minded inquiry into the political economy of industrial capitalism to a detached highly technical analysis of the demographic and behavioral characteristics of the poor Along the way she uncovers the origins of several controversial concepts including the culture of poverty and the underclass She shows how such notions emerged not only from trends within the social sciences but from the central preoccupations of twentieth century American liberalism economic growth the Cold War against communism the changing fortunes of the welfare state and the enduring racial divide The book details important changes in the politics and organization as well as the substance of poverty knowledge Tracing the genesis of a still thriving poverty research industry from its roots in the War on Poverty it demonstrates how research agendas were subsequently influenced by an emerging obsession with welfare reform Over the course of the twentieth century O Connor shows the study of poverty became more about altering individual behavior and less about addressing

structural inequality The consequences of this steady narrowing of focus came to the fore in the 1990s when the nation's leading poverty experts helped to end welfare as we know it O Connor shows just how far they had traveled from their field's original aims
