

Professional Sound Recordings

You can have sound files professionally recorded to your specification for use with Voipfone's IVR system or Voicemail. Experienced voice artists record your messages and return them to you as sound files so that you can upload them to your customised IVR or voicemail in the usual way.

The service costs £30 ex VAT for a single recording of up to 150 words for one company. If you require sound files for multiple company names you will need to place a separate order for each.

We aim to return the recording to you the next working day but this may vary according to demand.

Please check and check again to ensure the message is exactly how you want it to be recorded and any unusual words have pronunciation tips provided.
