Sound Barrier Poems 19822002:

Sound Barrier Maura Dooley, 2002 Maura Dooley's poetry is remarkable for embracing both lyricism and political consciousness for its fusion of head and heart. These qualities have won her wide acclaim. Helen Dunmore in *Poetry Review* admired her sharp and forceful intelligence. Adam Thorpe praised her ability to enact and find images for complex feelings. Her poems have both great delicacy and an undeniable toughness; she manages to combine detailed domesticity with lyrical beauty most perfectly in the metaphor of memory. *Literary Review* *Sound Barrier* presents a selection from earlier collections of work written over a twenty-year period. *Poetry, Therapy and Emotional Life* Diana Hedges, 2017-12-14 *Poetry Therapy and Emotional Life* explores the thoughts of poets, therapists and counsellors in relation to the human condition with a practical component on how poetry can be used in therapeutic work. Concentrating on the theories of Freud, Jung, Rogers, Berne, Perls and Ellis, the book examines topics such as human motivation, experience and neurosis. It encourages readers to take a fresh and enthusiastic approach to their work as counsellors, therapists or writers and appeals to anyone with a love of poetry or writing as a means of self-expression. The text contains a wealth of poetic examples, both traditional and modern, along with samples from clients in creative writing groups, schools and healthcare settings. Psychological therapists and counsellors, health and social care workers and writers alike will find this very accessible book invaluable. **Stylistics**

Language of Contemporary Poetry Lesley Jeffries, 2022-09-30 This book introduces a new way of looking at how poems mean, drawing on the framework first developed in the author's book *Critical Stylistics* but applied here to aesthetic more than ideological meaning. The aim is to empower readers of poetry to articulate the features of poetic language that they come across and explain to themselves and others why these features convey the meanings that they do. While this volume focuses on contemporary poets writing in English and mostly based in the UK and Ireland, the framework will work just as well for other eras, poetry as well as for other cultures and languages. *From Language to Creative Writing* Philip Seargeant, Bill Greenwell, 2013-02-14 Developed by The Open University, this textbook offers an innovative introduction to the study of the English language and the practices, skills and strategies of creative writing. For anyone studying English.

Language or Creative Writing at tertiary level or in higher education or for developing writers and those interested in the nature of linguistic creativity it offers a uniquely integrated approach Readers will better understand the structure and uses of language and be able to use a full range of strategies in crafting and developing their own writing Offering a detailed investigation of language the authors examine both everyday use and examples from literature and the media to illustrate the diverse ways in which language is used in a variety of social contexts They consider accent and dialect standard and non standard English how language use varies according to its purpose and the relationship it has to identity Interwoven with the study of language are creative writing chapters that introduce strategies for the reader to draw upon in their own writing Practical writing exercises develop the ability to select and shape language for different effects create voice in a story and utilise patterns of sound in the composition of poetry This unique textbook will develop a better appreciation of language in use as well as the skills to craft writing in distinctive ways
