Telling Travels:

Traveling Beyond Her Sphere Bess Beatty, 2016-09-08 A history of American women challenging domesticity by touring Europe in the 19th and early 20th centuries The nineteenth century ideal of domesticity identified home as women's proper sphere but the ideal was frequently challenged profoundly so when women left home and country to travel in foreign lands This book explores the reasons for and ramifications of women making a Grand Tour a trip to Europe between 1814 and 1914 this century between major European wars witnessed the golden age of American Grand Tours Men and women alike were inspired by a Euro centric education that valued the Old World as the fountainhead of their civilization Reaching Europe necessitated an Ocean crossing a disorienting time taking women far from domestic comfort Once abroad American women had to juggle accustomed norms of behavior with the demands of travel and customs of foreign lands Wearing proper attire even when hiking in the Alps coping with unfamiliar languages grappling with ever changing rules about customs and passports traveling alone these were just some of the challenges women faced when traveling Some traveled with their husband others with female relatives and friends and a few entirely alone Traveling companions had to agree on where to stay when and where to dine how to travel and where to go The sinking of the Titanic in 1912 made clear that even in the twentieth century a Grand Tour involved risk Because more women survived than men some insisted that the Titanic's example should curb female independence However a growing number of women continued making a Grand Tour for the next two years It was the outbreak of war in Europe in 1914 that temporarily brought an end to a century of female Grand Tours Beatty's ability to weave the experiences of hundreds of American women on the Grand Tour in Europe into a consistent narrative is per se a remarkable feat But the author does much more than that She uses the journey as trope to represent the long and difficult process of women's emancipation in its several cultural psychological social and political dimensions Susanna Delfino Professor of American History retired University of Genoa Italy

Story/telling Bronwen Ann Levy, Ffion Murphy, 2001 Story telling is an eclectic and fascinating collection of stories and stories about stories With passion and verve some of Australia's finest writers range through vast territory exploring new directions in film and media enigmas and creativity histories of mothering narratives of indigenous and migrant experience folk country and multicultural music traditions and dilemmas of interpretation These writers appreciate the power of stories for good and ill They interrogate narratives of Australia's past and present and call for new stories for changing times We hear voices raised one moment subdued the next as if we were sitting in the Forum tent at the Woodford Festival knowing that here and just beyond in paint dance music and words stories are happening in delicious abundance

Mabel Daniels: An American Composer in Transition Maryann McCabe, 2017-10-05 Mabel Daniels 1877-1971 An American Composer in Transition assesses Daniels within the context of American music of the first half of the twentieth century Daniels wrote fresh sounding works that were performed by renowned orchestras and ensembles during her lifetime but her works have only recently begun to be

performed again The book explains why works by Daniels and other women composers fell out of favor and argues for their performance today This study of Daniels s life and works evinces transition in women s roles in composition the professionalization of women composers and the role that Daniels played in the institutionalization of American art music Daniels s dual role as a patron composer is unique and expressive of her transitional status Travelling Heroes Robin Lane Fox,2008-09-04 This remarkable and daringly original book proposes a new way of thinking about the Greeks and their myths in the age of the great Homeric hymns It combines a lifetime s familiarity with Greek literature and history with the latest archeological discoveries and the author s own journeys to the main sites in the story to describe how particular Greeks of the eighth century BC travelled east and west around the Mediterranean and how their extraordinary journeys shaped their ideas of their gods and heroes It gathers together stories and echoes from many different ancient cultures not just the Greek Assyria Egypt the Phoenician traders and ranges from Mesopotamia to the Rio Tinto at Huelva in modern Portugal Its central point is the Jebel Aqra the great mountain on the north Syrian coast which Robin Lane Fox dubs the southern Olympus and around which much of the action of the book turns Robin Lane Fox rejects the fashionable view of Homer and his near contemporary Hesiod as poets who owed a direct debt to texts and poems from the near East and by following the trail of the Greek travellers shows that they were rather in debt to their own countrymen With characteristic flair he reveals how these travellers progenitors of tales which have inspired writers and historians for thousands of years understood the world before the beginnings of philosophy and western thought Women and the Travel Guidebook, 1870-c.1910 Jasmine Proteau,2025-01-31 Although the printing giants of John Murray and Karl Baedeker dominated the nineteenth century travel guidebook market women were important producers and consumers of guides This book argues that in the late nineteenth century women were key cultural producers of travel guidebooks an important form of non fiction mass media during an upsurge and shift in European travel and tourism While a limited number of studies have identified a small number of female authored guidebooks this is the first to take a broad view of women s place within the guidebook market situating female authored texts within a large and competitive book market to understand the role of gender in guidebook publication Given Italy s historic religious cultural and artistic significance to the Anglophone world guides to Italy were perhaps the most numerous among all the guidebooks targeted at travellers from the United Kingdom and North America in the nineteenth century and therefore form a key focus of this study **Asian Home: Situating Self in Western Women's Select Travel Narratives** Dr. Devika S,2023-03-09 How did the West s countercultural notions widen their zeal and zest onto the Himalayas How did Nepal turn out to be a safe haven for Western women who made their travels to different Asian countries With no direct traces of colonialism the opening of Nepal to foreigners after 1951 offered travelers a new destination for imbibing Eastern spiritual traditions The post War condition was fertile for several radical movements Many people found solace in traveling to escape from the brutal after effects of the Second World War The socio political and economic

conditions of Europe and America post World War II necessitated the need to travel to overcome the trauma of the war For women travel became the means of empowerment and at the same time a spiritual endeavour The knowledge and understanding of theology and other spiritual knowledge led many travelers to be part of the hippie trail in which Nepal is the final destination This book offers a fresh outlook to women s perceptions of a second home in a foreign land Telling True Tales of Islamic Lands Julia Schleck,2011-06 **Out in Public** Alison Piepmeier,2004 Images of the corseted domestic white middle class female and the black woman as slave mammy or jezebel loom large in studies of nineteenth century womanhood despite recent critical work exploring alternatives to those images In **Out in Public** **Travels in Alaska** John Muir,1915 In the late 1800s John Muir made several trips to the pristine relatively unexplored territory of Alaska irresistibly drawn to its awe inspiring glaciers and its wild menagerie of bears bald eagles wolves and whales Half poet and half geologist he recorded his experiences and reflections in *Travels in Alaska* a work he was in the process of completing at the time of his death in 1914 As Edward Hoagland writes in his Introduction A century and a quarter later we are reading Muir s account because there in the glorious fiords he is at our elbow nudging us along prompting us to understand that heaven is on earth is the Earth and rapture is the sensible response wherever a clear line of sight remains This Modern Library Paperback Classic includes photographs from the original 1915 edition Cheiro's Palmistry Count Louis Hamon 'Cheiro', This is the complete and unabridged text of Cheiro s *Language of the Hand* which is regarded as the go to Bible by both professional and amateur students of palmistry Cheiro acquired his expertise in India At a young age he travelled to the port of Apollo Bunder Bombay where he met his Guru an Indian Chitpavan Brahmin who took him to his village in the Konkans where he was permitted to study the ancient books on hands and hand reading After studying palmistry for over two years he returned to England and started practicing palmistry in London Soon he was enjoying a wide following of famous clients from around the world including celebrities like Mark Twain William Stead Sarah Bernhardt Mata Hari Oscar Wilde Thomas Edison the Prince of Wales General Kitchener William Gladstone and Joseph Chamberlain So popular was Cheiro as palmist that even those who were non believers had their hands read by him Sceptical Mark Twain wrote in Cheiro s visitor s book that he Cheiro has exposed my character to me with humiliating accuracy I ought not confess this accuracy still I am moved to do so It is said that while reading the palm of the Chairman of the company that owned Titanic Cheiro predicted the sinking of the famous ship Cheiro wrote this book based on his lifetime practice and study of hands across England Europe and America In the book he writes I have endeavoured to place clearly and candidly before the intelligence of the reader the rules and the theories I have proved to be true and from whose foundations I have built whatever success I have achieved
