Templer Tiger Of Malaya:

Emergency Propaganda Kumar Ramakrishna, 2013-04-15 Sheds new light on the hitherto neglected years of the Emergency 1955-58 demonstrating how it was British propaganda which decisively ended the shooting war in December 1958 The study argues for a concept of propaganda that embraces not merely words in the form of film radio and leaflets but also deeds *Templer and the Road to Malayan Independence* Leon Comber, 2016-05-13 Dr Comber's account of General Templer's administration in Malaya as High Commissioner and Director of Operations 1952-54 during the Malayan Emergency departs from the usually accepted orthodox assessment of his time in Malaya by focusing on the political and socioeconomic aspects of his governance rather than the military In doing so Dr Comber has relied mainly on primary and other first hand sources including the confidential reports sent from Malaya by the Australian Commission to the Australian government in Canberra and the private papers of some of the leading Malayan politicians of the time with whom Templer had dealings which have been deposited in the ISEAS Library Singapore many of which have not been used before The evidence and facts that Dr Comber marshals in this study reflect well the reservations that were often felt about General Templer's authoritarian form of government While he was a good general and had an impressive military record his administration in Malaya was marred by a lack of understanding of the background to Malaya's history and the subtleties that are inherent in its culture and way of life which would have enabled him to come to terms more easily with the aspirations of the Malayan people for self government and independence **The Malayan Emergency** Karl Hack, 2021-12-16 The Malayan Emergency of 1948-1960 has been scrutinised for lessons about how to win counterinsurgencies from the Vietnam War to twenty first century Afghanistan This book brings our understanding of the conflict up to date by interweaving government and insurgent accounts and looking at how they played out at local level Drawing on oral history recent memoirs and declassified archival material from the UK and Asia Karl Hack offers a comprehensive multi perspective account of the Malayan Emergency and its impact on Malaysia He sheds new light on questions about terror and violence against civilians how insurgency and decolonisation interacted and how revolution was defeated He considers how government policies such as pressurising villagers resettlement and winning hearts and minds can be judged from the perspective of insurgents and civilians This timely book is the first truly multi perspective and in depth study of anti colonial resistance and counterinsurgency in the Malayan Emergency **Policing and decolonisation** David Anderson, David Killingray, 2021-06-15 As imperial political authority was increasingly challenged sometimes with violence locally recruited police forces became the front line guardians of alien law and order This book presents a study that looks at the problems facing the imperial police forces during the acute political dislocations following decolonization in the British Empire It examines the role and functions of the colonial police forces during the process of British decolonisation and the transfer of powers in eight colonial territories The book emphasises that the British adopted a colonial solution to

their problems in policing insurgency in Ireland The book illustrates how the recruitment of Turkish Cypriot policemen to maintain public order against Greek Cypriot insurgents worsened the political situation confronting the British and ultimately compromised the constitutional settlement for the transfer powers In Cyprus and Malaya the origins and ethnic backgrounds of serving policemen determined the effectiveness which enabled them to carry out their duties In 1914 the Royal Irish Constabulary RIC of Ireland was the instrument of a government committed to Home Rule or national autonomy for Ireland As an agency of state coercion and intelligence gathering the police were vital to Britain's attempts to hold on to power in India especially against the Indian National Congress during the agitational movements of the 1920s and 1930s In April 1926 the Palestine police force was formally established The shape of a rapidly rising rate of urban crime laid the major challenge confronting the Kenya Police

Army, Empire, and Cold War David French, 2012-01-26 The veterans of the Fourteenth Army who fought in Burma between 1942 and 1945 called themselves the forgotten army But that appellation could equally well be applied to the whole of the British army after 1945 Histories of Britain's post war defence policy have usually focused on how and why Britain acquired a nuclear deterrent David French takes a new look at these policies by placing the army centre stage Drawing on archival sources that have hardly been used by historians he shows how British governments tried to create an army that would enable them to maintain their position as a major world power at a time when their economy struggled to foot the bill The result was a growing mismatch between the military resources that the government thought it could afford on the one hand and a long list of overseas commitments in Europe Africa the Middle East and the Far East that it was reluctant to surrender The result was that the British created a Potemkin army a force that had an outwardly impressive facade but that in reality had only very limited war fighting capabilities Army Empire and Cold War will interest not only historians of the British army but also those who are trying to understand Britain's role in the Cold War and how and why the British came to surrender formal rule over their empire

A Bibliography of British History, 1914-1989 Keith Robbins, American Historical Association, Royal Historical Society (Great Britain), 1996 Containing over 25 000 entries this unique volume will be absolutely indispensable for all those with an interest in Britain in the twentieth

century Accessibly arranged by theme with helpful introductions to each chapter a huge range of topics is covered There is a comprehensive index

Malaya's Secret Police 1945-60 Leon Comber, 2008 The Malayan Emergency lasted from 1948 to 1960 During these tumultuous years following so soon after the Japanese surrender at the end of the Second World War the whole country was once more turned upside down and the lives of the people changed The war against the Communist Party of Malaya's determined efforts to overthrow the Malayan government involved the whole population in one form or another Dr Comber analyses the pivotal role of the Malayan Police's Special Branch the government's supreme intelligence agency in defeating the communist uprising and safeguarding the security of the country He shows for the first time how the Special Branch was organised and how it worked in providing the security forces with political and operational intelligence His book represents a major contribution to our understanding of the Emergency and will be of great interest to all students of Malaysia's recent history as well as counter guerrilla operations It can profitably be mined too to see what lessons can be learned for counterinsurgency operations in other parts of the world

Counterinsurgency in Modern Warfare Daniel Marston, Carter Malkasian, 2011-03-15 A fascinating discussion of the development of counterinsurgency by experts in the field Throughout history armies of occupation and civil power have been faced with the challenges of insurgency British and American involvement in Iraq and Afghanistan has highlighted this form of conflict in the modern world Armies have had to adopt new doctrines and tactics to deal with the problems of insurgency and diverse counterinsurgency strategies have been developed Here fourteen authors examine the development of counterinsurgency from the early 20th century to the present Including information on the Arab Israeli conflict Afghanistan and Iraq this book is a timely and accessible survey of a critical facet of modern warfare This new paperback edition features a revised introduction updated chapters on Iraq and Afghanistan and a completely new chapter on Columbia by expert Thomas Marks

The Malayan Emergency in Film, Literature and Art Jonathan Driskell, Marek W. Rutkowski, Andrew Hock Soon Ng, 2025-01-09 Examining film literature and art produced during and after the Malayan Emergency the guerrilla war fought between the Malayan National Liberation Army and the military forces of the British Commonwealth this collection demonstrates how art functions as a record of cultural memory that both reinforces and challenges official histories Beyond that it also brings new understandings of the Malayan Emergency itself and Malaysia's subsequent development as a postcolonial nation The first section of the book focuses on films and writings produced during the period of the Emergency to capture the socio political circumstances of the time and understand its effect on the people The second section goes on to explore representations of the Emergency generated after the event highlighting how it was reimagined or reevaluated by later artists and what ideological ends they served Offering a comparative methodological approach it investigates works that account for a range of perspectives including British Communist and Malayan Malaysian Bringing together the personal and political within individual and collective histories this collection offers a new understanding of how the Emergency contributed to the formation of

postcolonial Malaysia and demonstrates the central role that film literature and art play in the creation of cultural memory
