Nafziger, 2001-12-11 The author covers one of the most explosive and most exciting periods of world history spanning the time from the eruption of the French Revolution through the end of the Napoleonic wars 1789 1815 These twenty six years of history saw the birth of nationalism and Western democracy economic crisis and political convulsion the growth of industrialism the death of ancient traditions and the birth and break up of empire It was the time of Napoleon who gave his name to this period of tremendous change the period in which the roots of modern Europe were planted This work is intended as a broad review devoting a majority of its attention to the military and political events and personalities of the period while also surveying the major artistic social and cultural events and personalities that formed this period **History of the Consulate and the Empire of France Under Napoleon** Adolphe Thiers, 1849 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1977 **History of the consulate and the empire of France under Napoleon, tr. by D.F. Campbell** Marie Joseph L. Adolphe Thiers, 1862 Napoleon and Waterloo Archibald Frank Becke, 1914 **Napoleon: a History of the Art of War Vol. IV** Lt.-Col. Theodore Ayrault Dodge, 2014-08-15 Includes over 200 maps plans diagrams and uniform prints Lt Col Theodore Ayrault Dodge was a soldier of long and bloody experience having served with the Union Army of the Potomac during the American Civil War losing one of his legs during the battle of Gettysburg After the end of the war he settled down in retirement to write he produced a number of excellent works on the recently ended Civil War and his magnum opus A History of the Art of War tracing the advances changes and major engagements of Western Europe His work was split into twelve volumes richly illustrated with cuts of uniforms portraits and maps each focussing on periods of history headed by the most prominent military figure Alexander Hannibal Caesar Gustavus Adolphus Frederick the Great and finally Napoleon Napoleon and the period which he dominated received such care and attention that Dodge wrote four excellent authoritative and detailed volumes on him In Dodge s concluding volume on Napoleon s great career covers the battles that would lose Germany for the French cause for good as his lieutenants are unable to follow through his plans his tired ragged conscripts cannot match the quality and power of old and struggle blindly with the cavalry that was sacrificed on the steppes of Russia The missed chances of L tzen and Bautzen and the crowning epic defeat at the Battle of the Emperors at Leipzig force Napoleon back to France he conjures a brilliant campaign along the rivers of Northern France beating one opponent then another However the odds are too much even for Napoleon s star and he is forced to abdicate in 1814 Just over a year later he rolls the dice one last time during the Waterloo Campaign filled with opportunities not taken and orders misplaced Napoleon is forced in further exile at St Helena his military fame undimmed even after a hundred years A well written expansive and excellent classic *Napoleon in Caricature 1795-1821* Alexander Meyrick Broadley, John Holland Rose, 1911
