not to mention all of the futuristic weapons they find with the aircraft all superior to anything at present by anyone And nobody expected the Martians to have special mental powers like telekinetic and telekinesis and all sorts of mental telepathy powers like mind transference and the power to levitate in the air Well everything was going pretty smooth until galactic war breaks out all over the universe and the final battle happens in our solar system It was Earth with the Powleen people and also the Martians against the snake looking people called the Arcons and their friends the Thracians who resemble dog like people with sharp claws There were crashed ships all over all of our planets and their moons in our solar system It was the battle of all battles It decided the control of our galaxy If you think all of this sounds good wait till you read the book its action packed from start to finish I know you will enjoy Moon People 2 It s some of my best work and don t worry some day you just might see something that resembles Moon People 3 coming to your local Book store or theater near you Thank you and God Bless D M Courtney Author The Museum Effect Jeffrey K. Smith, 2014-05-29 Museums libraries and cultural institutions provide opportunities for people to understand and celebrate who they are were and might be These institutions educate the public and civilize society in a variety of ways ranging from community events to a single child making a first visit The Museum Effect documents this phenomenon explains how it happens and shows how institutions can facilitate this process Cultural institutions vary dramatically in size nature and purpose but they all allow visitors to hold conversations with artists and authors perhaps long dead These conversations sometimes with others present and sometimes with artists scientists explorers or authors not present allow visitors to explore their lives and their possible selves Cultural institutions inspire personal reflection and help visitors better themselves in that they leave having contemplated what is noble excellent or exemplary about the society in which they live The museum effect is a process through which cultural institutions educate and civilize us as individuals and as societies These institutions allow visitors to spend some time with their thoughts elevated and leave the institution better people in some meaningful fashion than when they entered This visionary book presents the underlying idea and the argument for the museum effect along with empirical research supporting that argument It will help those working in museums libraries and archivists to facilitate this process and study how this is working in their own institutions The Code of Federal Regulations of the United States of America ,1994 The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government
