As a University of Washington graduate student in Museology more than two decades ago, I spent long hours in the dimly lit basement of The Wing Luke Museum, cataloging the objects currently installed in the Yick Fung General Store. These were everyday objects, the ceramic teacups, corned foodstuffs, and dried medicinal herbs - commonplace things that could be found in many groceries, mercantiles, or in some cases, even my Taiwanese immigrant parents' home. Yet we handled and cared for these objects with the white gloves of museum professionals. We went to additional lengths to preserve the stories around these ordinary things, through oral history interviews that could capture the history and personal context of these artifacts. Without the stories, their meanings would be lost.

TEN THOUSAND THINGS

As a University of Washington graduate student in Museology more than two decades ago, I spent long hours in the dimly lit basement of The Wing Luke Museum, cataloging the objects currently installed in the Yick Fung General Store. These were everyday objects, the ceramic teacups, corned foodstuffs, and dried medicinal herbs - commonplace things that could be found in many groceries, mercantiles, or in some cases, even my Taiwanese immigrant parents' home. Yet we handled and cared for these objects with the white gloves of museum professionals. We went to additional lengths to preserve the stories around these ordinary things, through oral history interviews that could capture the history and personal context of these artifacts. Without the stories, their meanings would be lost.

In 2020, I created Ten Thousand Things, a podcast for public radio centering Asian American stories. I was inspired by my previous work with museum collections and the way in which objects reveal personal and cultural values and also act as time capsules. The name Ten Thousand Things was a nod to my ancestry. In many Chinese sayings, "ten thousand" is used in a metaphorical sense to convey something infinite or all-encompassing. The story of Asians and Asian Americans in America is just that.
