unique country **American Guides** Wendy Griswold, 2016-08-26 In the midst of the Great Depression Americans were nearly universally literate and they were hungry for the written word Magazines novels and newspapers littered the floors of parlors and tenements alike With an eye to this market and as a response to devastating unemployment Roosevelt's Works Progress Administration created the Federal Writers Project The Project's mission was simple jobs But as Wendy Griswold shows in the lively and persuasive *American Guides* the Project had a profound and unintended cultural impact that went far beyond the writers' paychecks Griswold's subject here is the Project's *American Guides* an impressively produced series that set out not only to direct travelers on which routes to take and what to see throughout the country but also to celebrate the distinctive characteristics of each individual state Griswold finds that the series unintentionally diversified American literary culture's cast of characters promoting women minority and rural writers while it also institutionalized the innovative idea that American culture comes in state shaped boxes Griswold's story alters our customary ideas about cultural change as a gradual process revealing how diversity is often the result of politically strategic decisions and bureaucratic logic as well as of the conflicts between snobbish metropolitan intellectuals and stubborn locals *American Guides* reveals the significance of cultural federalism and the indelible impact that the Federal Writers Project continues to have on the American literary landscape

Republic of Detours Scott Borchert, 2025-09-23 A New York Times Book Review Editors Choice Winner of the New Deal Book Award An immersive account of the New Deal project that created state by state guidebooks to America in the midst of the Great Depression and employed some of the biggest names in American letters The plan was as idealistic as it was audacious and utterly unprecedented Take thousands of hard up writers and put them to work charting a country on the brink of social and economic collapse with the aim of producing a series of guidebooks to the then forty eight states along with hundreds of other publications dedicated to cities regions and towns while also gathering reams of folklore narratives of formerly enslaved people and even recipes all of varying quality each revealing distinct sensibilities All this was the singular purview of the Federal Writers Project a division of the Works Progress Administration founded in 1935 to employ jobless writers from once bestselling novelists and acclaimed poets to the more dubiously qualified The FWP took up the lofty goal of rediscovering America in words and soon found itself embroiled in the day's most heated arguments regarding radical politics racial inclusion and the purpose of writing forcing it to reckon with the promises and failures of both the New Deal and the American experiment itself Scott Borchert's *Republic of Detours* tells the story of this raucous and remarkable undertaking by delving into the experiences of key figures and tracing the FWP from its optimistic early days to its dismemberment by the House Committee on Un American Activities We observe notable writers at their day jobs including Nelson Algren broke and smarting from the failure of his first novel Zora Neale Hurston the most widely published Black woman in the country and Richard Wright who arrived in the FWP's chaotic New York City office on an upward career trajectory courtesy of the WPA Meanwhile Ralph Ellison Studs Terkel John Cheever and other future literary stars found

encouragement and security on the FWP payroll By way of these and other stories Borchert illuminates an essentially noble enterprise that sought to create a broad and inclusive self portrait of America at a time when the nation s very identity and future were thrown into question As the United States enters a new era of economic distress political strife and culture industry turmoil this book s lessons are urgent and strong [Guide to America; a Treasury of Information about Its States, Cities, Parks, and Historical Points of Interest](#) ,1947
