Jansenism Daniella Kostroun, 2011-06-06 Feminism Absolutism and Jansenism chronicles seventy years of Jansenist conflict and its complex intersection with power struggles between gallican bishops Parlementaires the Crown and the Pope Daniella Kostroun focuses on the nuns of Port Royal des Champs whose community was disbanded by Louis XIV in 1709 as a threat to the state Paradoxically it was the nuns adherence to their strict religious rule and the ideal of pious innocent and politically disinterested behavior that allowed them to challenge absolutism effectively Adopting methods from cultural studies feminism and the Cambridge School of political thought Kostroun examines how these nuns placed gender at the heart of the Jansenist challenge to the patriarchal and religious foundations of absolutism they responded to royal persecution with a feminist defense of women's spiritual and rational equality and of the autonomy of the individual subject thereby offering a bold challenge to the patriarchal and religious foundations of absolutism Carmelite Spirituality in the Teresian Tradition Paul-Marie de la Croix, OCD, 2015-12-11 This book is a revised edition of the classic overview of the principal texts themes

Men and Women Making Friends in Early Modern France Lewis C. Seifert, Rebecca M. Wilkin, 2016-03-03 Today the friendships that grab people s imaginations are those that reach across inequalities of class and race The friendships that seem to have exerted an analogous level of fascination in early modern France were those that defied the assumption inherited from Aristotle and patristic sources that friendships between men and women were impossible Together the essays in *Men and Women Making Friends in Early Modern France* tell the story of the declining intelligibility of classical models of male friendship and of the rising prominence of women as potential friends The revival of Plato s friendship texts in the sixteenth century challenged Aristotle s rigid ideal of perfect friendship between men In the seventeenth century a new imperative of heterosociality opened a space for the cultivation of cross gender friendships while the spiritual friendships of the Catholic Reformation modeled relationships that transcended the gendered dynamics of galanterie *Men and Women Making Friends in Early Modern France* argues that the imaginative experimentation in friendships between men and women was a distinctive feature of early modern French culture The ten essays in this volume address friend making as a process that is creative of self and responsive to changing social and political circumstances Contributors reveal how men and women fashioned gendered selves and also circumvented gender norms through concrete friendship practices By showing that the benefits and the risks of friendship are magnified when gender roles and relations are unsettled the essays in this volume highlight the relevance of early modern friend making to friendship in the contemporary world

Voicing Dissent in Seventeenth-Century Spain Patricia Manning, 2009-09-29 Although the Spanish Inquisition looms large in many conceptions of the early modern Hispanic world relatively few studies have been made of the Spanish state and Inquisition s approach to book censorship in the seventeenth century Merging archival and rare book research with a case study of the fiction of Baltasar Gracián this book argues that privileged authors like the Jesuit Gracián circumvented publication strictures that were meant to ensure that printed materials conformed to the standards of Catholicism and supported the goals of the absolute monarchy In contrast to some elite authors who composed readily transparent critiques of authorities and encountered difficulties with the state and Inquisition others like Gracián made their criticisms covertly in complicated texts like *El Criticón*
