Jean Fairley

The Lion River The Indus:

The Lion River Jean Fairley, 1975 **The Indus River** Shane Mountjoy, 2004 Discusses the Indus River which is the chief river of Pakistan **Rivers of the World** James Penn, 2001-12-12 Rivers of the World vividly written and meticulously researched is a rich and thorough treatment of some 200 of the world's rivers. In this comprehensive treatment of the major rivers of the world, author James R. Penn's purpose is not just to feature geographic data but to tell a story of historical drama, poetic significance and cultural relationships. The book shows glimpses of Chairman Mao boosting his image by swimming in the Yangtze, Indian middlemen residing on both sides of the Columbia River exacting tolls from travelers like Lewis and Clark and near the Dordogne in southwest France. Paleolithic cave art paintings and designs in rock shelters and subterranean caverns which are textbook examples of early human creativity and artistic impulse. In nearly 200 entries ranging from a few paragraphs to several pages, Rivers of the World covers all of the great rivers of the world including the Nile, Niger, Amazon and Mississippi as well as smaller waterways that illustrate important themes or represent trends. The book includes bibliographies for each river. *Indo-Islamic society* André Wink, 1990 This third volume of André Wink's acclaimed and pioneering *Al-Hind: The Making of the Indo-Islamic World* takes the reader from the late Mongol invasions to the end of the medieval period and the beginnings of early modern times in the late fifteenth and early sixteenth century. It breaks new ground by focusing attention on the role of geography and more specifically on the interplay of nomadic, settled and maritime societies. In doing so, it presents a picture of the world of India and the Indian Ocean on the eve of the Portuguese discovery of the sea route, a world without stable parameters of pervasive geophysical change, inchoate and instable urbanism, highly volatile and itinerant elites of nomadic origin, far-flung merchant diasporas and a famine and disease-prone peasantry whose life was a gamble on the monsoon. *The Geographical Journal*, 1909 The Journal of the Royal Geographical Society Royal Geographical Society, 1867 This is a reproduction of the original artefact. Generally, these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy. **Pakistan** Samuel Willard Crompton, Charles F. Gritzner, 2006 Pakistan, which means land of the pure in Urdu and Persian, was established in 1947 when the British Parliament created a Muslim nation from India, which was predominately Hindu. It is the world's second largest Muslim country. This book talks about the history, people, culture, geography, economy and government of this country. **Scenic Marvels of Asia** Zahid Ameer, 2019-12-11 Discovering of incredible funnel-shaped slopes in focal Turkey has been made much progressively remarkable by nearby cavern occupants. A mountain-ringed lake in southern Siberia, the most profound on Earth, contains one-fifth of the world's crisp water. Common limestone dams slice over a stream to shape a chain of shiny lakes high in the Hindu Kush Mountains. Volcanic emission that slaughtered 36,000 individuals, another island has
