Critical Marxist Theory Lukas Meisner, 2025-06-08 This book argues why Critical Theory as first developed in the Zeitschrift für Sozialforschung must be updated to help us tackling today's capitalist polycrisis from economic via political to ecological crises Yet following the dissolution of the Institute for Social Research in New York and the latest with the death of Adorno in 1969 and the death of Marcuse almost exactly ten years later there has been a domestication of the main strands of the Frankfurt School To understand and overcome this domestication the book traces with the means of philosophy and sociology its two affirmative steps in a liberal and in a postmodern turn As an alternative to both it defends Habermas project of modernity yet only by disentangling it in Marxian fashion from the capitalist process of modernisation This disentanglement is at the same time a political radicalisation It is necessary because the cultural political ideal s of the project of modernity from human autonomy via rational society to qualitative individuality can only be realised beyond the framework of capitalism As their conceptual concentrate the book proposes political autonomy as a key concept confined neither by Kantian or liberal approaches nor by autonomist or operaist traditions Rather it draws on thinkers like Herbert Marcuse Ellen Meiksins Wood and Martin Hoggelund to rephrase Marxist concepts such as social freedom democratic socialism and the end of prehistory In this way political autonomy is developed both as a legit criterion for justified critique and as the philosophical foundation and emancipatory goal of a pluralist yet transcapist Critical Marxist Theory

A Possible Peace Between Israel and Palestine Menachem Klein, 2007-09-21 In 2003 after two years of negotiations a group of prominent Israelis and Palestinians signed a model peace treaty The document popularly called the Geneva Initiative contained detailed provisions resolving all outstanding issues between Israel and the Palestinian people including drawing a border between Israel and Palestine dividing Jerusalem and determining the status of the Palestinian refugees The

negotiators presented this citizens initiative to the Israeli and Palestinian peoples and urged them to accept it One of the Israeli negotiators was Menachem Klein a political scientist who has written extensively about the Jerusalem issue in the context of peace negotiations Although the Geneva Initiative was not endorsed by the governments of either side it became a fundamental term of reference for solving the Middle East conflict In this firsthand account Klein explains how and why these groups were able to achieve agreement He directly addresses the formation of the Israeli and Palestinian teams how they managed their negotiations and their communications with both governments He also discusses the role of third party facilitators and the strategy behind marketing the Geneva Initiative to the public A scholar and participant in the Geneva negotiations Klein is able to provide both an inside perspective and an impartial analysis of the diplomatic efforts behind this historic compromise He compares the negotiations to previous Israeli Palestinian talks both formal and informal and the resolution of conflicts in South Africa and Algeria Klein hopes that by treating the event as a case study we can learn a tremendous amount about the needs and approaches of both parties and the necessary shape peace must take between them
