The Long Embrace Frank Ormsby, 1987 Presenting the best Irish love poems of the 20th century starting with Yeats and ending with Elliott The Long Embrace includes the work of 54 outstanding Irish poets those well known as well as new voices *The Rough Guide to Ireland* Margaret Greenwood, Mark Connolly, 2003 Including detailed guidance to exploring the countryside and historic sites this fully revised guide offers a complete picture of the beautiful island of Ireland north and south of color photos *The Art of the Caveman* John Mc Donagh, 2016-09-23 The first monograph on the poetry of Paul Durcan this book deals thematically with the dominant concerns evident from his first solo collection *O Westport in the Light of Asia Minor* published in 1975 up to and including *The Days of Surprise* published in 2015 His work is marked by an unnerving emotional honesty and a recurring desire to undermine the pomposity of an Ireland struggling under the weight of inherited inconsistencies One of the central arguments here is that Durcan has captured more than any other poet of his generation the complexities and contradictions inherent in Ireland's emergence from the early difficult decades of independence The complex relationship between the public and private in his poetry is also explored as well as the poet's unflinching examination of his deepest personal relationships
