R. Howe, 2003-05-31 Did they come from space from Egypt from the Americas From other ancient civilizations These are some of today s most fanciful claims about the first settlers of the islands of the Pacific But none of them correctly answer the question Where did the Polynesians come from This book is a thoughtful and devastating critique of such new learning and a careful and accessible survey of modern archaeological anthropological genetic and linguistics findings about the origins of Pacific Islanders Professor Howe also examines the two hundred year old history of Western ideas about Polynesian origins in the context of ever changing fads and intellectual fashions Making Peoples James Belich, 2002-02-28 Now in paper This immensely readable book full of drama and humor as well as scholarship is a watershed in the writing of New Zealand history In making many new assertions and challenging many historical myths it seeks to reinterpret our approach to the past Given New Zealand s small population short history and great isolation the history of the archipelago has been saddled with a reputation for mundanity According to James Belich however it is just these characteristics that make New Zealand a historian s paradise a laboratory whose isolation size and recency is an advantage in which the grand themes of world history are often played out more rapidly more separately and therefore more discernably than elsewhere The first of two planned volumes Making Peoples begins with the Polynesian settlement and its development into the Maori tribes in the eleventh century It traces the great encounter between independent Maoridom and expanding Europe from 1642 to 1916 including the foundation of the Pakeha the neo Europeans of New Zealand between the 1830s and the 1880s It describes the forging of a neo Polynesia and a neo Britain and the traumatic interaction between them The author carefully examines the myths and realities that drove the colonialization process and suggests a new living version of one of the most critical and controversial documents in New Zealand s history the Treaty of Waitangi frequently descibed as New Zealand s Magna Carta The construction of peoples Maori and Pakeha is a recurring theme the response of each to the great shift from extractive to sustainable economics their relationship with their Hawaikis or ancestors with each other and with myth Essential reading for anyone interested in New Zealand history and in the history of new societies in
