Henderson, 1991 This biography of Ellis Arnall follows the life and political career of the former governor from his rural Georgia upbringing through his service as state representative attorney general and governor to his subsequent political exile Arnall assumed the governorship of Georgia in 1943 becoming the youngest person in the United States ever elected to that position In his single term 1943 1947 he initiated a series of remarkable reforms that elevated Georgia above its Tobacco Road image and stood it alongside North Carolina then the South's most progressive state Unlike most of his colleagues Arnall refused to play it safe in the state's political arena Though still a segregationist and a traditionalist in many ways Arnall had no patience for provincialism and cared deeply about Georgia and how it was viewed by the rest of the nation Boldly confronting the demagoguery of his predecessor Eugene Talmadge Arnall who called himself a democrat with a small d united the state's liberal and conservative factions to deliver the promise of the New South to all of Georgia's citizens biracial voting government reform economic development and an improved standard of living So sweeping and farsighted were Arnall's accomplishments that to a great extent the structure of Georgia's present day government evolved under his guidance and has changed little since In 1985 a Georgia Association of Historians survey ranked Arnall's leadership responsiveness to issues and national reputation the highest among governors who served from 1943 1983 Successful as it was his career begun a decade earlier in the state house of representatives was cut short Many Georgians felt that Arnall was too liberal and worse that he had catered to the national media enhancing his own image by discussing the state's problems with outsiders By Arnall's own estimation his political career ended when he decided to abide by a 1945 federal court decision that invalidated Georgia's white voters only
