

The Log Cabin Campaign

Ronald G. Shafer

The Log Cabin Campaign:

The Log-cabin Campaign Robert Gray Gunderson,1957 The presidential campaign of William Henry Harrison and John Tyler was described in 1840 as the most memorable ever known to party annals in this country This book describes its events from the opening roar of cannon for the Whig standard bearers in the log cabin and hard cider campaign to the death of Harrison soon after he took office

The Log Cabin Alison K. Hoagland,2018-03-19 For roughly a century the log cabin occupied a central and indispensable role in the rapidly growing United States Although it largely disappeared as a living space it lived on as a symbol of the settling of the nation In her thought provoking and generously illustrated new book Alison Hoagland looks at this once common dwelling as a practical shelter solution easy to construct built on the frontier s abundance of trees and not necessarily meant to be permanent and its evolving place in the public memory Hoagland shows how the log cabin was a uniquely adaptable symbol responsive to the needs of the cultural moment It served as the noble birthplace of presidents but it was also seen as the basest form of housing accommodating the lowly poor It functioned as a paragon of domesticity but it was also a basic element in the life of striving and wandering Held up as a triumph of westward expansion it was also perceived as a building type to be discarded in favor of more civilized forms In the twentieth century the log cabin became ingrained in popular culture serving as second homes and motels as well as restaurants and shops striking a rustic note The romantic view of the past combined with the log cabin s simplicity solidity and compatibility with nature has made it an enduring architectural and cultural icon Preparation of this volume has been supported by Furthermore a program of the J M Kaplan Fund

Manifest Destinies Steven E. Woodworth,2010-11-02 A sweeping history of the 1840s Manifest Destinies captures the enormous sense of possibility that inspired America s growth and shows how the acquisition of western territories forced the nation to come to grips with the deep fault line that would bring war in the near future Steven E Woodworth gives us a portrait of America at its most vibrant and expansive It was a decade in which the nation significantly enlarged its boundaries taking Texas New Mexico California and the Pacific Northwest William Henry Harrison ran the first modern populist campaign focusing on entertaining voters rather than on discussing issues prospectors headed west to search for gold Joseph Smith founded a new religion railroads and telegraph lines connected the country s disparate populations as never before When the 1840s dawned Americans were feeling optimistic about the future the population was growing economic conditions were improving and peace had reigned for nearly thirty years A hopeful nation looked to the West where vast areas of unsettled land seemed to promise prosperity to anyone resourceful enough to take advantage And yet political tensions roiled below the surface as the country took on new lands slavery emerged as an irreconcilable source of disagreement between North and South and secession reared its head for the first time Rich in detail and full of dramatic events and fascinating characters Manifest Destinies is an absorbing and highly entertaining account of a crucial decade that forged a young nation s character and destiny

The Log Cabin Andrew Belonsky,2017-11-17 A

stunning image driven examination of the uniquely American symbol of home and hearth BuzzFeed Books Gift Guide Lavishly illustrated this book by a Cincinnati native tells the story of America through its iconic structure the log cabin In lively prose Columbus Dispatch The perfect holiday gift for grown ups who graduated past Lincoln Logs Mother News Network Like a wooden security blanket that Americans reach for when times get tough the log cabin has endured as a uniquely American symbol of home and hearth This strain of cabin fever is no fleeting trend It has struck at regular intervals since the early 1900s when log cabin vacations first became an option for an increasingly mobile America Now the cozy cabin aesthetic is found like a collective fantasy in every corner of our national culture But how did it all begin This is an image driven history of log cabins in America Exploring the log cabin s hidden past this book draws on colonial diaries and journalistic accounts as well as paintings illustrations and graphics to show how the log cabin once derided as a poor immigrant s hovel became an American institution and a modern ambition Bursting with quirk charm and fascinating trivia The Log Cabin is the perfect companion for cabin dwellers vacationers and daydreamers alike Presidential Anecdotes Paul F. Boller,1996-10-03 Dramatic poignant hilarious and sentimental anecdotes about our presidents are as varied as the presidents themselves This new and revised edition of Presidential Anecdotes recounts some of the most striking stories about America s 42 chief executives from Washington to Clinton shedding light on the presidents as human beings and on the culture that produced them *Presidential Campaigns* Paul F. Boller Jr.,2004-07-22 Were presidential campaigns always as bitter as they have been in recent years Or is the current style of campaigning a new political development In this revised and updated edition of Presidential Campaigns the answers to these questions are clear the race for the presidency although at times mean and nasty has always been an endlessly entertaining and highly charged spectacle for the American public This book unveils the whole history of American presidential elections from the seamless ascent of General George Washington to the bitterly contested election of George W Bush bringing these boisterous contests to life in all their richness and complexity In the old days Boller shows campaigns were much rowdier than they are today Back in the nineteenth century the invective at election time was exuberant and the mudslinging unrestrained a candidate might be called everything from a carbuncle faced old drunkard to a howling atheist But there was plenty of fun and games too with songs and slogans speeches and parades all livening up the scene in order to get people to the polls Presidential Campaigns takes note of the serious side of elections even as it documents the frenzy frolic and the sleaze Each chapter contains a brief essay describing an election and presenting campaign highlights that bring to life the quadrennial confrontation in all its shame and glory With a postscript analyzing the major changes in the ways Americans have chosen their Presidents from Washington s time to the present Presidential Campaigns gives the reader a full picture of this somewhat flawed procedure For all of its shortcomings though this great American shindig is an essential part of the American democratic system and for better or for worse tells us much about ourselves **Presidential Campaigns, Slogans, Issues, and Platforms** Robert North Roberts,Scott John

Hammond, Valerie A. Sulfaro, 2012-06-12 The book provides a comprehensive discussion of the major issues and events surrounding all American presidential elections from the earliest years of the Republic through the campaign of 2008

Presidential Campaigns Slogans Issues and Platforms The Complete Encyclopedia is an easy to use reference work designed to encourage students and anyone interested in democratic politics to undertake a greater understanding of this complex aspect of American political life The three volume work covers each presidential campaign in depth examining a large number of related issues ranging from the use of social media in modern presidential campaigns to negative campaign ads and key slogans used in every presidential campaign Volume One contains entries offering specific and focused information on issues trends factors slogans strategies and other more detailed elements of presidential campaigning from the first stirrings of the American democratic process to the first decade of the 21st century Volumes Two and Three provide chronological accounts of every presidential campaign since the ratification of the Constitution through the campaign of 2008 with Volume Two covering the campaign of 1788 89 to the campaign of 1908 and Volume Three covering the campaign of 1912 to the campaign of 2008

The Carnival Campaign Ronald G. Shafer, 2016-09-01 Americans have come to expect that the nation's presidential campaigns will be characterized by a carnival atmosphere emphasizing style over substance But this fascinating account of the pivotal 1840 election reveals how the now unavoidable traditions of big money big rallies shameless self promotion and carefully manufactured candidate images first took root in presidential politics Pulitzer Prize nominated former Wall Street Journal reporter Ronald G Shafer tells the colorful story of the election battle between sitting president Martin Van Buren a professional Democratic politician from New York and Whig Party upstart William Henry Harrison a military hero who was nicknamed Old Tippecanoe after a battlefield where he fought and won in 1811 Shafer shows how the pivotal campaign of Tippecanoe and Tyler Too marked a series of firsts that changed presidential politicking forever the first presidential campaign as mass entertainment directed at middle and lower income voters the first image campaign in which strategists painted Harrison as an everyman living in a log cabin sipping hard cider in fact he was born into wealth lived in a twenty two room mansion and drank only sweet cider the first campaign in which a candidate Harrison traveled and delivered speeches directly to voters the first one influenced by major campaign donations the first in which women openly participated and the first involving massive grassroots rallies attended by tens of thousands and marked by elaborate fanfare including bands floats a log cabin on wheels and the world's tallest man Some of history's most fascinating figures including Susan B Anthony Charles Dickens Abraham Lincoln Edgar Allan Poe Thaddeus Stevens and Walt Whitman pass through this colorful story which is essential reading for anyone interested in learning when image first came to trump ideas in presidential politics

Hoosiers James H. Madison, 2014-08-05 The story of this Midwestern state and its people past and present An entertaining and fast read Indianapolis Star Who are the people called Hoosiers What are their stories Two centuries ago on the Indiana frontier they were settlers who created a way of life they passed to later generations They

came to value individual freedom and distrusted government even as they demanded that government remove Indians sell them land and bring democracy Down to the present Hoosiers have remained wary of government power and have taken care to guard their tax dollars and their personal independence Yet the people of Indiana have always accommodated change exchanging log cabins and spinning wheels for railroads cities and factories in the nineteenth century automobiles suburbs and foreign investment in the twentieth The present has brought new issues and challenges as Indiana s citizens respond to a rapidly changing world James H Madison s sparkling new history tells the stories of these Hoosiers offering an invigorating view of one of America s distinctive states and the long and fascinating journey of its people *American Laughter, American Fury* Eran A. Zelnik, 2025-01-07 How humor helped white men cast the United States as a nation in which only they were entitled to citizenship A joke is never just a joke not even in the eighteenth century In *American Laughter American Fury* Eran A Zelnik offers a cultural history of early America that shows how humor among white men served to define and construct not only whiteness and masculinity but also American political culture and democracy more generally Zelnik traces the emerging bonds of affinity that white male settlers in North America cultivated through their shared transformative experience of mirth This humor a category that includes not only jokes but also play riot revelry and mimicry shaped the democratic and anti elitist sensibilities of Americans It also defined the borders of who could participate in politics notably excluding those who were not white men While this anti authoritarian humor transformed the early United States into a country that abhorred elitism and class hierarchies ultimately the story is one of democratization gone awry this same humor allowed white men to draw the borders of the new nation exclusively around themselves Zelnik analyzes several distinct forms of humor to make his case tall tales Indian play Black dialect riot and revelry revolutionary protests and blackface minstrelsy This provocative study seeks to understand the vexing contradictory interplay among humor democracy and violence at the heart of American history and culture that continues today

Whispering the Strategies of Language: An Mental Quest through **The Log Cabin Campaign**

In a digitally-driven earth where screens reign great and quick transmission drowns out the subtleties of language, the profound secrets and psychological nuances hidden within phrases frequently go unheard. Yet, nestled within the pages of **The Log Cabin Campaign** a interesting fictional treasure pulsing with natural emotions, lies a fantastic quest waiting to be undertaken.
