Dane, 2010-03-15 Students of English literature now rarely receive instruction in versification theory or practice at either the undergraduate or the graduate level *The Long and the Short of It* is a clear straightforward account of versification that also functions as an argument for a renewed attention to the formal qualities of verse and for a renewed awareness of the forms and traditions that have shaped the way we think about English verse After an introduction and discussion of basic principles Joseph A Dane devotes a chapter to quantitative verse Latin syllabic or isosyllabic verse French and accentual verse Old English Germanic In addition to basic versification systems the book includes a chapter on musical forms since verse was originally sung Most serious studies of these systems in English have been designed for language students and are not accessible to students of English literature or general readers This book will enable the reader to scan verse in all three systems and it will also provide a framework within which students can understand points of contention about particular verse forms The guide includes a chapter addressed to teachers of English an appendix with examples of verse types and a glossary of commonly used terms **THE LONG AND THE SHORT OF IT** Robert Borski, 2006-02-17 Over the years sf and fantasy writer Gene Wolfe has proven himself to be adept at all lengths of fiction Now in *THE LONG AND THE SHORT OF IT* once again literary detective Robert Borski brings his critical eye and acumen to the wide array of Wolfe's work from short stories to novellas to mega book series Along the way he'll reveal to you the hidden alchemical structure of *PEACE* why he thinks *Latro* and several others may be werewolves what has happened to the missing twenty four hours in *Seven American Nights* what Biblical story is retold in the pulpish *Tracking Song* who might or might not be an abo in *THE FIFTH HEAD OF CERBERUS* and how to navigate your way through dozens of other lupine mazes all before concluding with an extended examination of Wolfe's dazzling if often opaque *BOOK OF THE SHORT SUN* **The Long and the Short of It** Graeme Donald, 2016-09-29 We've always measured the world around us from how big things are to how fast they go how much they're worth and practically everything in between But who decided how we do it and why *The Long and the Short of It* John Kay, 2016-12-01 This book provides a guide to the complexities of modern finance It describes the basics of investment and the sophisticated innovations of the modern financial system It explains how the follies of finance have threatened the stability of the world economy and describes an environment that is complex and sophisticated but greedy cynical and self interested This book explains how to put your finances in the only hands you can confidently trust your own Readers will learn everything they need to be their own investment manager They will recognise their investment options the institutions that try to sell them and how to distinguish between fact and fiction in what companies say They will

The Long and the Short of It (International edition) John Kay,2016-12-01 The follies of finance have threatened the stability of the global economy and the world of finance has become increasingly complex and sophisticated but also greedy cynical and self interested The Long and the Short of It provides a guide to the complexities of modern finance and explains how to put your finances in the only hands you can confidently trust your own In this new wholly updated edition of The Long and the Short of It you will learn everything you need to be your own investment manager You will recognise your investment options the institutions that try to sell them and how to distinguish between fact and fiction in what companies say You will discover the principles of sound investment and the research that supports these principles Crucially you will learn a practical investment strategy and how to implement it Leading economist and hugely successful investor John Kay uses his academic credentials and practical experience to lay out the key principles of investment with characteristic clarity and dry humour This is the only book about finance and investment anyone needs and the one book they must have The Volta Review ,1914 The Long Short Michael Lachance,2017-09-01 The plane from Paris slammed into the Atlantic and broke apart Bill and Martin joined Claire in the tail section where the last raft was anchored to the door with a tether Claire lugged her Gucci bags into the raft and Martin had his rollaboard clutched tightly in his arms Bill fought to get the tether untied from the door but the base of the door was under water He had to go into the dark depths while thunder and lightning roared overhead He pulled at the tether and got it untied The raft shot up and slammed Bill s head into the metal frame of the door he felt the gash and shook his head Adrift Bill and Claire fought over why Martin was no longer with them Bill told Claire that it was just the two of them now Claire asked if that was a threat and Bill happily replied yes They found an island and ditched

the raft on the beachhead Claire's mind was on two things rescue and to do anything to get away from Bill Bill's head injury set his mind adrift in a sea of mystery about pirates and treasure He looked at Claire and felt anger surge up his throat like lava rising to the top of a volcano where it would spew destruction Bill and Claire had two different goals one of them will get to their way at the expense of the other
