The Long Year Ad69

Kenneth Wellesley

The Long Year Ad69:

The Long Year, A.D. 69 Kenneth Wellesley, 1976 On 1 January A D 69 the Roman people particularly the inhabitants of Rome had every reason to feel optimistic The infamous Nero was dead and Galba in his seventies a greatly respected governor of Nearer Spain had been chosen emperor with the whole hearted consent of army and Senate And yet within the first fortnight of the New Year Galba had been brutally assassinated in the Roman Forum During a year which had begun with such high hopes of peace and stability two further emperors Otho and Vitellius were to meet equally violent deaths two desperate battles were to be fought at Cremona Rome was to be captured for Vespasian and civil war was not only to rack Italy but to touch areas as remote as Britain and Syria Few years in history certainly in the Roman empire have been so eventful the appearance of four emperors in one year is spectacular in itself A D 69 is however important as well as dramatic It marks the watershed between the first and second imperial dynasties and the passing of an old order The Long Year also reveals the strengths and weaknesses of the empire The Senate which had long been living on the past glory of its republican days proved petty and ineffectual in the hour of crisis while ironically the battles between rival Roman armies only enhanced their endurance The military efficiency of the empire was not impaired by the civil war within and its political structure was reaffirmed Exceptional years invite exceptional scrutiny of everyday life as well as the deeds of the great It is fortunate for us that the events of the Long Year were recorded in colourful and cunning detail by one of the greatest historians of all time Tacitus Mr Wellesley draws skilfully on his famous source but by no means exclusively or uncritically His own interpretation of the motives and characters of the chief contestants and of the much debated battles of Cremona will appeal to the classical student and scholar but we can all enjoy his elegant imaginative retelling of an exciting story now nineteen hundred years old

Book jacket **AD69** Nic Fields, 2014-03-31 The author of God's Viking brings to life a period in Roman history that provides many twists and turns as Rome emerged from the period of rule by Nero Firetrench With the death of Nero by his own shaky hand the ill sorted ill starred Julio Claudian dynasty came to an ignominious end and Rome was up for the taking This was 9 June AD 68 The following year commonly known as the Year of the Four Emperors was probably one of Rome's worst In all previous successions the new emperor had some relation to his predecessor but the psychotic and paranoid Nero had done away with any eligible relatives The new emperor had to secure his legal position and authority with regards to the Senate and to the army as well as to those who had a vested interest in the system the Praetorian Guard Because imperial authority was ultimately based on control of the military a player in the game of thrones had to gain an unshakable command over the legions Of course this in turn meant that the soldiers themselves could impose their own choice It was to take a tumultuous year of civil war and the death of three imperial candidates before a fourth candidate could come out on top remain there and establish for himself a new dynasty Nic Fields narrates the twists and turns and the military events of this short but bloody period of Roman history We appear to meet more people than the cast of Game of Thrones with about the same

mortality rate but with the added bonus of this being history not fiction hugely entertaining Miniature Wargames Magazine

The Ruling Class of Judaea Martin Goodman,1993-06-03 This book examines why in AD 66 a revolt against Rome broke out in Judaea It attempts to explain both the rebellion itself and its temporary success by discussing the role of the Jewish ruling class in the sixty years preceding the war and within the independent state which lasted until the destruction of the Temple in AD 70 The author seeks to show that the ultimate cause of the Revolt was a misunderstanding by Rome of the status criteria of Jewish society The importance of the subject lies both in the significance of the history of Judaea in this period for the development of Judaism and early Christianity and in the light shed on Roman methods of provincial administration in general by an understanding of why Rome was unable to control a society with cultural values so different from its own

Mesopotamia & Arabia Lee Fratantuono,2021-01-30 This volume explores the Roman invasions and military operations in two distinct yet related areas Mesopotamia and Arabia In these far flung regions of the ancient known world Rome achieved the greatest point of expansion in the history of her Empire Under the reign of the Emperor Trajan the Roman Empire reached the point of maximum expansion made famous by maps of the world circa AD 120 Under the Severans significant efforts were expended on a Roman dream of linking the two regions into one mighty provincial bulwark against Eastern enemies Individual chapters detail the history of the conquest of these easternmost territories of the Empire analyzing the opposing armies involved Roman Parthian Sassanian Arab and the reasons for success and failure The story of how Rome won and lost her Far East offers a paradigm for the rise and fall of the greatest military empire of the ancient world

Five Roman Emperors Bernard William Henderson,1927 **Ancient Rome** Christopher S. Mackay,2004 Sample Text **From the Gracchi to Nero** Howard Hayes Scullard,1988 This narrative covers the period from 133 BC to 69 AD exploring the decline and fall of the Republic and the establishment of the Pax Romana under the early Principate

The Art of Forgetting Harriet I. Flower,2011-02-01 Elite Romans periodically chose to limit or destroy the memory of a leading citizen who was deemed an unworthy member of the community Sanctions against memory could lead to the removal or mutilation of portraits and public inscriptions Harriet Flower provides the first chronological overview of the development of this Roman practice an instruction to forget from archaic times into the second century A D Flower explores Roman memory sanctions against the background of Greek and Hellenistic cultural influence and in the context of the wider Mediterranean world Combining literary texts inscriptions coins and material evidence this richly illustrated study contributes to a deeper understanding of Roman political culture

The Gospels and Christian Life in History and Practice Richard Valantasis,Douglas K. Bleye,Dennis C. Haugh,2009-07-16 The Gospels And Christian Life reads the four canonical Gospels as handbooks for religious formation through communal practices The book focuses on the communities that produced each gospel the dynamic energy each gospel displays for creating and sustaining community life the different interpretations of the person of Jesus and the different systems of organization and leadership each gospel promulgated The authors carefully

describe the social context of each Gospel and delineate the practices the texts prescribe Each gospel has an imaginative portal an introductory chapter introducing the necessary background for understanding the social intellectual and religious setting for each gospel Their reading of each Gospel builds on these foundations to illustrate the nature and scope of the community s practices Their work starts from the assumption that the communities did not look to the Gospels for biographical data on the life of Jesus to offer the reader a powerful reading of each Gospel community its unique practices and the way people were trained to become members of it This book is aimed at undergraduate and graduate teachers and students pastors and the general audience eager for new ways to understand the New Testament **Clement and the**

Early Church of Rome Rev Thomas J Herron, Thomas J. Herron, 2010-12 Clement of Rome s First Epistle to the Corinthians one of the very few Christian texts having survived from the first century is a supremely valuable historical document Modern scholars affirm as much although many have called into question whether Clement was a direct disciple of Sts Peter and Paul arguing instead that he lived and wrote many decades after the martyrdom of the apostles In the groundbreaking Clement and the Early Church of Rome On the Dating of Clement s First Epistle to the Corinthians Msgr Thomas J Herron presents his rigorously researched conclusions and sketches out the significance of his findings Clement s Epistle stands as an early example of the exercise of hierarchical and Roman authority in the Church It is a disciplinary letter addressed with confident authority to a distant Church About the Author Msgr Thomas J Herron served for many years as an official of the Vatican Congregation for the Doctrine of the Faith He was the English language secretary for Cardinal Joseph Ratzinger who later became Pope Benedict XVI Msgr Herron held a doctorate in biblical theology from the Pontifical Gregorian University in Rome Later in life he taught at St Charles Borromeo Seminary and served as a pastor in Philadelphia He died of pancreatic cancer in 2004 Endorsements His methods are rigorous His writing is clear and unflinchingly honest His tone is modest Nevertheless his conclusions are stunning He argues very persuasively for the earlier dates and then he proceeds to sketch out the significance of the early dating for history theology and apologetics Did he succeed Well his work has been cited as authoritative by scholars as illustrious as Cardinal Joseph Ratzinger And His Holiness Pope Benedict XVI is certainly not alone Scott Hahn Bestselling Author and Popular Speaker I am dependent upon the brilliant analysis by Thomas J Herron Dr Clayton Jefford St Meinrad School of Theology author of The Apostolic Fathers and the New Testament
