The Lost Chord In Human Life:

In Search of the Lost Chord Danny Goldberg, 2025-07-01 This paperback edition of Goldberg's highly acclaimed homage to 1967 includes a new afterword and twenty beautiful and evocative photographs. Antiwar radicals recoiling from soullessness challenged the church of technocratic rationality. Taking this challenge seriously, recovering the mood of an extended moment requires beginning earlier and ending later than 1968. Cultural upheaval cannot be confined by the calendar. At least one contribution to the literature: the music industry executive Danny Goldberg's *In Search of the Lost Chord* treats 1967 as the defining moment when the hippie idea still held transformational promise and countercultural protest had not yet succumbed to police violence, undercover provocateurs, or media caricature. While 1968 in contrast was a dark time of assassinations, riots, and the resurgence of the right, New York Review of Books Goldberg's newest book *In Search of the Lost Chord* 1967 and the Hippie Idea explores and fuses together the musical, political, and spiritual revolutions of the time into a narrative about a moment when there was an instant sense of tribal intimacy one could have even with a stranger. Rolling Stone *In Search of the Lost Chord* is a subjective history of 1967, the year Danny Goldberg graduated from high school. It is also a refreshing and new analysis of the era by looking at not only the political causes but also the spiritual, musical, and psychedelic movements. Goldberg provides a unique perspective on how and why the legacy of 1967 lives on today. 1967 was the year of the release of the Beatles' Sgt. Pepper's Lonely Hearts Club Band and of debut albums from the Doors, the Grateful Dead, Jimi Hendrix, and Janis Joplin, among many others. 1967 was also the year of the Summer of Love, the year that millions of now-illegal LSD tabs flooded America, Muhammad Ali was convicted of avoiding the draft, Martin Luther King Jr. publicly opposed the war in Vietnam, Stokely Carmichael championed Black Power, Israel won the Six Day War, and Che Guevara was murdered. It was the year that hundreds of thousands of protesters vainly attempted to levitate the Pentagon. It was the year the word hippie peaked and died, and the Yippies were born. Exhaustively researched and informed by interviews and conversations with Allen Ginsberg, Timothy Leary, Ram Dass, Tom Hayden, Cora Weiss, Grace Slick, and others, *In Search of the Lost Chord* is a mosaic of seminal moments in the psychedelic, spiritual, rock and roll, and political protest cultures of 1967. This paperback edition includes a brand new afterword by the author along with twenty photographs by Peter Simon.

The Theosophical Path Katherine Augusta Westcott Tingley, 1925 **Century Path**, 1902 **In Search of the Lost Chord** Gavin D., 2020-10-27 In this book I will take you on a very emotional and sometimes dark journey. I will share what my life was like before I drank and used drugs. What I became like when I was using, and more importantly, the road to my recovery. For many years I failed to stay sober until one day I woke up and didn't want to be alive anymore. I was spiritually lost and broken. I was a very lonely man when I took my last alcoholic beverage. Although I had much to live for, I welcomed an end to the pain and suffering I was causing myself and family. The people in Alcoholics Anonymous were patient and tolerant. They loved me when I had no love to give and held me as I picked up the pieces of my life. On my search, I found

a higher power a spiritual home and just as important I found freedom from self I enjoy sobriety today because I keep my recovery simple I refrain from taking the first drink of alcohol simple yet very effective It is a wonderful gift to help others recover from this insidious dis ease called alcoholism The Theatre of the Occult Revival E. Lingan,2014-11-19 This book explores the religious foundations political and social significance and aesthetic aspects of the theatre created by the leaders of the Occult Revival Lingan shows how theatre contributed to the fragmentation of Western religious culture and how contemporary theatre plays a part in the development of alternative occult religions **The Lost Chord in Human Life** Katherine Tingley,Talbot Mundy,2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *Bob Davis Again! in Many Moods* Robert Hobart Davis,1928 *Leaves of Healing* ,1904 The Lost Romantics Norbert Lennartz,2020-01-13 This book features a collection of essays shedding subversively new light on Romanticism and its canon of big six white male Romantics by focusing on marginalised forgotten and lost writers and their long neglected works Probing the realms of literary and cultural lostness this book identifies different strata of oblivion and shows how densely the net of contacts and rivalries was woven around the ostensibly monolithic stars of the Romantic age It reveals how the lost poets inspired the production of anthologised poetry that they served as indispensable muses sidekicks and interlocutors of the big six and that their relevance for the literary scene has been continuously underrated This is also surprisingly true for some creators of famous one hit wonders Frankenstein The Vampyre who were suddenly rocketed to fame or notoriety but could not help seeing their other works of fiction turning into abortive flops **North-western Christian Advocate** ,1921
