Hoflander,2020-11-18 As Kay Hoflander personally knows Baby Boomers are a generation all of their own From having parents known as the Greatest Generation to witnessing the moon landing and ushering in the digital age this generation has experienced it all This collection columns are a compilation of the musings and adventures she has experienced as a Baby Boomer in a world more virtual than reality The humorous and whimsical approach she brings to life leads readers to reminisce the writings of Erma Bombeck Tackling everything from aging to going viral her columns remind us not to take life too seriously and maintain focus on the things that really matter Join Kay Hoflander on a honest and refreshing look back on the experiences of this unique generation and the challenges of aging digital *Jungian and Psychoanalytic Perspectives on Christmas* Kendrick Lyddon Norris,2025-09-08 By examining its history traditions symbols and representation in the arts through the lens of three major schools of depth psychology Kendrick L Norris a Jungian Analyst and minister shows how better understanding of the promise of Christmas can allow us to discover what it is that we long for the most Why does the winter celebration of Christmas have such a deep rooted resonance individually and collectively This extensively researched book clearly and engagingly articulates the soul reasons why this holiday has such a significant impact on the human psyche The work begins with an explanation about how depth psychology can be used to understand the Christmas phenomenon followed by an investigation into the origins and symbols of Christmas The book closes by delving into the soul meaning of Christmas through the perspectives of Freud Kohut and Jung This thought provoking volume will appeal to Jungian Analysts psychoanalysts and psychotherapists as well as those interested in religion and its relation to depth psychology
