Bere, 1870 *BOB DYLAN: WHAT THE SONGS MEAN* Michael Karwowski, 2019-11-19 The meaning of Bob Dylan's songs has long been debated by fans critics and academics When in 2016 Dylan was awarded the Nobel Prize in Literature the significance of his songs was confirmed Yet their meaning has never been demonstrably explained Dylan himself has said that people can learn everything about him through his songs if they know where to look This book shows his millions of fans exactly where that is Dylan has written hundreds of songs many of which are acknowledged masterpieces Blowin' in the Wind Like a Rolling Stone Mr Tambourine Man the list goes on In the 1960s he was hailed as a prophet Since then he's generally been considered a genius One thing he's always been though is an enigma In *Bob Dylan: What the Songs Mean* critic Michael Karwowski analyses the lyrics In the process he opens up all sorts of avenues into philosophy mysticism religion literature art and of course music This is a must read book for anyone who wants to learn more about the meaning behind the songs or anyone interested in understanding how a genius sees the world It also considers the impact Dylan's words have had not only on his fans but on the worlds of popular music culture and beyond **Songs for Dead Parents** Erik Mueggler, 2017-12-02

In a society that has seen epochal change over a few generations what remains to hold people together and offer them a sense of continuity and meaning In *Songs for Dead Parents* Erik Mueggler shows how in contemporary China death and the practices surrounding it have become central to maintaining a connection with the world of ancestors ghosts and spirits that socialism explicitly disavowed Drawing on more than twenty years of fieldwork in a mountain community in Yunnan Province *Songs for Dead Parents* shows how people view the dead as both material and immaterial as effigies replace corpses tombstones replace effigies and texts eventually replace tombstones in a long process of disentangling the dead from the shared world of matter and memory It is through these processes that people envision the cosmological underpinnings of the world and assess the social relations that make up their community Thus state interventions aimed at reforming death practices have been deeply consequential and Mueggler traces the transformations they have wrought and their lasting effects The Worlds of S.
