Spears, 1986 **The New Partridge Dictionary of Slang and Unconventional English** Tom Dalzell, Terry Victor, 2015-06-26 Booklist Top of the List Reference Source The heir and successor to Eric Partridge's brilliant magnum opus *The Dictionary of Slang and Unconventional English* this two volume *New Partridge Dictionary of Slang and Unconventional English* is the definitive record of post WWII slang. Containing over 60 000 entries this new edition of the authoritative work on slang details the slang and unconventional English of the English speaking world since 1945 and through the first decade of the new millennium with the same thorough intense and lively scholarship that characterized Partridge's own work. powerful role in the diagnostic process with consequences of blurring the distinction between cultural and scientific standards Broadened definitions of mental illness have had a corrosive effect on the criminal justice system in undercutting traditional conceptions of criminal behavior and have encouraged state sanctioned coercive interventions that bestow special privileges and impose special hardships on persons diagnosed as mentally ill Lucidly written and powerfully argued and now available in paperback this provocative and challenging volume will be of interest to psychologists criminologists and sociologists
