Slave Society In The Danish West Indies:

Slave Society in the Danish West Indies N. A. T. Hall, 1992 This volume is an account of the development and destruction of slavery in St Thomas St John and St Croix the Caribbean islands which today comprise the US Virgin Islands The book sees slavery as fundamental to the entire fabric of colonial society and pays particular attention to the social and political life of the whites and freedmen in interaction with the slaves

Slave Society in the Danish West Indies Neville A. Hall, **Negro Slavery** Eddie Donoghue, 2007 **Slave stories** Gunvor Simonsen, 2017-12-15 In the Danish West Indies hundreds of enslaved men and women and a handful of Danish judges engaged in a broken often distorted dialogue in court Their dialogue was shaped by a shared concern with the ways slavery clashed with sexual norms and family life Some enslaved men and women crafted respectable Christian self portraits which in time allowed victims of sexual abuse and rape to publicly narrate their experiences Other slaves stressed African Atlantic traditions when explaining their domestic conflicts Yet these gripping stories did not influence the legal system While the judges cunningly embraced slave testimony they also reached guilty verdicts in most trials and punished with extreme brutality Slaves spoke but mostly to no avail In *Slave Stories* Gunvor Simonsen reconstructs the narratives crafted by slaves and traces the distortions instituted by Danish West Indian legal practice In doing so she draws us closer to the men and women who lived in bondage in the Danish West Indies present day US Virgin Islands in the eighteenth and nineteenth centuries

Black Women/white Men Eddie Donoghue, 2002 Using archival material and other existing sources this book graphically documents the sexual exploitation of female slaves in holding pens on the West Coast of Africa on slave ships during the Trans Atlantic crossing and on plantations in the Danish West Indies now known as the United States Virgin Islands In this book Donoghue successfully demonstrates how under the Danish Slave Codes it was impossible to rape a slave He notes that if a female slave died during her resistance to the sexual advances of any master her owner was entitled to compensation by law The author further notes that the diminishing slave population near the end of the eighteenth century triggered the development of a comprehensive plan for the breeding of slaves in the Danish West Indian colony The blueprints included the granting of generous loans to planters to import female slaves of childbearing age Also every black female slave who bore her master a healthy child was rewarded monetarily Although it is true that some slaves welcomed sexual liaisons with their white masters and served as concubines or housekeepers the book provides compelling evidence that many resisted by resorting to abortion infanticide poisoning marronage and suicide Fully indexed with extensive notes and an invaluable bibliography the book successfully chronicles a relatively unexplored dimension of slavery in the Danish West Indies

General History of the Caribbean Higman, B.W., UNESCO, 1995-06-21 This volume looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings The chapters discussing methodology are followed by studies of particular themes of historiography The second half of the volume describes the writing of history in

the individual territories taking into account changes in society economy and political structure The final section is a full and detailed bibliography serving not only as a guide to the volume but also as an invaluable reference for the General History of the Caribbean as a whole

General History of the Caribbean UNESCO Volume 6 NA NA,2019-06-12 Volume6 looks at the ways historians have written the history of the region depending upon their methods of interpretation and differing styles of communicating their findings The authors examine how the lingual diversity of the region has affected the historian s ability to coalesce an historical account The second half of the volume describes the writing of history in the individual territories taking into account changes in society economy and political structure This volume concludes with a detailed bibliography that is comprehensive of the entire series

Africa and the Americas Richard M. Juang,Noelle Morrisette,2008-03-12 This encyclopedia explores the many long standing influences of Africa and people of African descent on the culture of the Americas while tracing the many ways in which the Americas remain closely interconnected with Africa Ranging from the 15th century to the present Africa and the Americas Culture Politics and History explores the many ways Africa and African peoples have shaped the cultural life of the Americas and how in turn life in the Americas reverberates in Africa This groundbreaking three volume encyclopedia offers hundreds of alphabetically organized entries on African history nations and peoples plus African influenced aspects of life in the Americas It also features authoritative introductory essays on history culture and religion demography international relations economics and trade and arts and literature In doing so it traces the complex and continuous movement of peoples of African descent to the West the mechanics and lingering effects of colonialism and the slave trade and the crucial issues of cultural retention and adaptation that are essential to our understanding of the effects of globalization

Sensbach,2009-06-30 Rebecca's Revival is the remarkable story of a Caribbean woman a slave turned evangelist who helped inspire the rise of black Christianity in the Atlantic world All but unknown today Rebecca Protten left an enduring influence on African American religion and society Born in 1718 Protten had a childhood conversion experience gained her freedom from bondage and joined a group of German proselytizers from the Moravian Church She embarked on an itinerant mission preaching to hundreds of the enslaved Africans of St Thomas a Danish sugar colony in the West Indies Laboring in obscurity and weathering persecution from hostile planters Protten and other black preachers created the earliest African Protestant congregation in the Americas Protten's eventful life the recruiting of converts an interracial marriage a trial on charges of blasphemy and inciting of slaves travels to Germany and West Africa placed her on the cusp of an emerging international Afro Atlantic evangelicalism Her career provides a unique lens on this prophetic movement that would soon sweep through the slave quarters of the Caribbean and North America radically transforming African American culture Jon Sensbach has pieced together this forgotten life of a black visionary from German Danish and Dutch records including letters in Protten's own hand to create an astounding tale of one woman's freedom amidst the slave trade Protten's life with its evangelical efforts on three continents reveals the dynamic relations of the Atlantic world and affords great insight into the ways black Christianity developed in the New World

Scandinavian Colonialism and the Rise of Modernity Magdalena Naum,Jonas M. Nordin,2013-02-20 In *Scandinavian Colonialism and the Rise of Modernity* Small Time Agents in a Global Arena archaeologists anthropologists and historians present case studies that focus on the scope and impact of Scandinavian colonial expansion in the North Africa Asia and America as well as within Scandinavia itself They discuss early modern thinking and theories made valid and developed in early modern Scandinavia that justified and propagated participation in colonial expansion The volume demonstrates a broad and comprehensive spectrum of archaeological anthropological and historical research which engages with a variation of themes relevant for the understanding of Danish and Swedish colonial history from the early 17th century until today The aim is to add to the on going global debates on the context of the rise of the modern society and to revitalize the field of early modern studies in Scandinavia where methodological nationalism still determines many archaeological and historical studies Through their theoretical commitment critical outlook and application of postcolonial theories the contributors to this book shed a new light on the processes of establishing and maintaining colonial rule hybridization and creolization in the sphere of material culture politics of resistance and responses to the colonial claims This volume is a fantastic resource for graduate students and researchers in historical archaeology Scandinavia early modern history and anthropology of colonialism

Atlantic Diasporas Richard L. Kagan,Philip D. Morgan,2009 This wide ranging narrative explores the role that Jews Conversos and Crypto Jews played in settling and building the Atlantic world between 1500 and 1800 Through the interwoven themes of markets politics religion culture and identity the essays here demonstrate that the world of Atlantic Jewry most often typified by Port Jews involved in mercantile

pursuits was more complex than commonly depicted The first section discusses the diaspora in relation to maritime systems commerce and culture on the Atlantic and includes an overview of Jewish history on both sides of the ocean The second section provides an in depth look at Jewish mercantilism from settlements in Dutch America to involvement in building British Portuguese and other trading cultures to the dispersal of Sephardic merchants In the third section the chapter authors assess the roles of identity and religion in settling the Atlantic looking closely at religious conversion slavery relationships among Jews Christians and Muslims and the legacy of the lost tribes of Israel A concluding commentary elucidates the fluidity of identity and boundaries in the formation of the Atlantic world Featuring chapters by Jonathan Israel Natalie Zemon Davis Aviva Ben Ur Holly Snyder and other prominent Jewish historians this collection opens new avenues of inquiry into the Jewish diaspora and integrates Jewish trade and settlements into the broader narrative of Atlantic exploration

Children in the City Pia Christensen, Margaret O'Brien, 2003-08-29 This timely and thought provoking book explores children s lives in modern cities At a time of intense debate about the quality of life in cities this book examines how they can become good places for children to live in Through contributions from childhood experts in Europe Australia and America the book shows the importance of studying children s lives in cities in a comparative and generational perspective It also contains fascinating accounts of city living from children themselves and offers practical design solutions The authors consider the importance of the city as a social material and cultural place for children and explore the connections and boundaries between home neighbourhood community and city Throughout they stress the importance of engaging with how children see their city in order to reform it within a child sensitive framework This book is invaluable reading for students and academics in the field of anthropology sociology social policy and education It will also be of interest to those working in the field of architecture urban planning and design

Shape Shifters Lily Anne Y. Welty Tamai, Ingrid Dineen-Wimberly, Paul Spickard, 2020-01-01 Shape Shifters presents a wide ranging array of essays that examine peoples of mixed racial identity

Moving beyond the static either/or categories of racial identification found within typical insular conversations about mixed race peoples *Shape Shifters* explores these mixed race identities as fluid, ambiguous, contingent, multiple, and malleable. This volume expands our understandings of how individuals and ethnic groups identify themselves within their own sociohistorical contexts. The essays in *Shape Shifters* explore different historical eras and reach across the globe from the Roman and Chinese borderlands of classical antiquity to medieval Eurasian shape shifters, the Native peoples of the missions of Spanish California, and racial shape shifting among African Americans in the post civil rights era. At different times in their lives or over generations in their families, racial shape shifters have moved from one social context to another. And as new social contexts were imposed on them, identities have even changed from one group to another. This is not racial, ethnic, or religious imposture. It is simply the way that people's lives unfold in fluid sociohistorical circumstances. With contributions by Ryan Abrecht, George J. Sanchez, Laura Moore, and Margaret Hunter among others, *Shape Shifters* explores the forces of migration, borderlands, trade, warfare, occupation, colonial imposition, and the creation and dissolution of states and empires to highlight the historically contingent basis of identification among mixed race peoples across time and space.

The Black Urban Atlantic in the Age of the Slave Trade Jorge Canizares-Esguerra, Jorge Cañizares-Esguerra, Matt D. Childs, James Sidbury, 2013-07-03 During the era of the Atlantic slave trade, vibrant port cities became home to thousands of Africans in transit. Free and enslaved blacks alike crafted the necessary materials to support transoceanic commerce and labored as stevedores, carters, sex workers, and boarding house keepers. Even though Africans continued to be exchanged as chattel, urban frontiers allowed a number of enslaved blacks to negotiate the right to hire out their own time, often greatly enhancing their autonomy within the Atlantic commercial system. In *The Black Urban Atlantic in the Age of the Slave Trade*, eleven original essays by leading scholars from the United States, Europe, and Latin America chronicle the black experience in Atlantic ports, providing a rich and diverse portrait of the ways in which Africans experienced urban life during the era of plantation slavery. Describing life in Portugal, Brazil, Mexico, the Caribbean, and Africa, this volume illuminates the historical identity, agency, and autonomy of the African experience, as well as the crucial role Atlantic cities played in the formation of diasporic cultures. By shifting focus away from plantations, this volume poses new questions about the nature of slavery in the sixteenth to nineteenth centuries, illustrating early modern urban spaces as multiethnic sites of social connectivity, cultural incubation, and political negotiation.
