Slavery In The United States:

Slavery in the United States Junius P. Rodriguez, 2007-03-20 A comprehensive contextual presentation of all aspects social political and economic of slavery in the United States from the first colonization through Reconstruction For 250 years slavery was part of the fabric of American life The institution had an enormous economic impact and was central to the wealth of the agrarian South It had as great an impact on American culture cementing racism and other attitudes that echo into the present This encyclopedia is an ambitious examination of all the issues surrounding slavery the origins the justifications the controversies and the human drama These volumes represent the work of 75 distinguished scholars from around the world Ten thematic essays present a thorough examination of slavery and slave culture including a rare treatment of slavery from the slave s point of view Three hundred A Z entries provide instant access to specific people issues and events Today slavery s immorality seems obvious This encyclopedia provides the student or general reader with an in depth explanation of how the practice evolved and was normalized then anathematized and abolished

Slavery in the United States of America Louis Filler, 1972 **An Inquiry Into the Law of Negro Slavery in the United States of America** Thomas Read Rootes Cobb, 1858 **Slavery in the United States** , Slavery in the United States clarifies the institution of slavery in its historical context Filler avoids the all too prevalent literary attitude of either treating slavery as an unmitigated nightmare from the past or regarding it as a way of life which warmly repaid slave and slaveholder He does not reduce the issue to one of fact and figures nor does he inject endless hypotheses and analogues Rather this finely etched volume encompasses the human implications of slavery and its practices It emphasizes the distinguished and disreputable elements on both sides of the slavery relationship and in every part of the United States Slavery offers peculiar challenges to the student of American life past and present It is unrealistic to avoid the human implications of slavery and its practice It is equally unhelpful to assume glib and partial viewpoints with respect to so all embracing a system as slavery became The cause of progress no less than social science is not advanced by indifference to patent facts The civil libertarian who romanticizes black people indiscriminately and lumps Jefferson Davis with Simon Legree may win popularity with enthusiasts and ideologues But they will soon find themselves quaint and outmoded The author reminds us that the safest approach to slavery is to determine what the institution meant to the country at large why it flourished as it did and how it came to be opposed and overthrown The work includes high quality often neglected readings that permit the reader to form his or her own views It reveals the best writing on all aspects of the slavery issue as well as analytic summations by contemporary historians and social researchers

Picture of Slavery in the United States of America; being a practical illustration of Voluntaryism and Republicanism. [By George Bourne.] United States, 1835

Slavery in the United States Ephraim Peabody, 2015-07-07 Excerpt from *Slavery in the United States Its Evils Alleviations and Remedies* Whoever reads these remarks will see that the subject under discussion is treated solely as a great social question that the object has been to state some of the more material facts which must necessarily control action in regard to it and to suggest some practicable method of diminishing the evils of slavery or of removing it altogether Whether wisely or unwisely all reference to its bearings on the politics of the day has been carefully avoided Amidst all the changes of parties slavery remains among us and there seems

but slight reason to anticipate any great improvement in the condition of the colored race in this country through political action At any rate it cannot be undesirable to keep in view any other modes of action which are within our power while the expression of the hope may be permitted that a discussion of the subject in a manner so aside from its party relations may do something to promote a better and more friendly understanding between those whom the complex questions of the time have brought into temporary opposition and conflict In reprinting the article a few verbal alterations have been made but they are of too little importance to require any special notice About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
