Rites of Way Mark Kingwell,Patrick Turmel,2011-04-07 There are many ways to approach the subject of public space the threats posed to it by surveillance and visual pollution the joys it offers of stimulation and excitement of anonymity and transformation its importance to urban variety or democratic politics But public space remains an evanescent and multidimensional concept that too often escapes scrutiny The essays in Rites of Way The Politics and Poetics of Public Space open up multiple dimensions of the concept from architectural political philosophical and technological points of view There is some historical analysis here but the contributors are more focused on the future of public space under conditions of growing urbanization and democratic confusion The added interest offered by non academic work visual art fiction poetry and drama is in part an admission that this is a topic too important to be left only to theorists It also makes an implicit argument for the crucial role that art not just public art plays in a thriving public realm Throughout this work contributors are guided by the conviction not pious but steely that healthy public space is one of the best living parts of a just society The paths of desire we follow in public trace and speak our convictions and needs our interests and foibles They are the vectors and walkways of the social the public dimension of life lying at the heart of all politics

Policing and the Media Frank Leishman,Paul Mason,2012-12-06 Policing and the Media provides an up to date overview of the changing dynamics and dimensions of the relationships that exist on the British police media nexus Factual fictional and factional representations of policing in the media are the major and for a great many citizens probably the sole influence in shaping their perceptions and opinions about crime law and order community safety police efficiency and integrity not to mention the efficacy of criminal justice and penal policy This book deals with all three representations noting the lines between such clear divisions are increasingly blurred and the concepts of reality realism and representation slippery and complex

Race, Politics, and Basketball Gerry Kavanaugh,2017-06-09 Storytelling is one of the oldest yet most provocative human art forms It allows us to learn through the illustration and presentation of events as they happened in real time through the words of those who participated allowing the reader to understand and recognize the unvarnished truth As a means of education and learning it is innately

valuable Speaking of race and racism it allows us to underscore our values and principles of social justice It allows the participants to express their insights and knowledge through their actual experiences The author has done just that with *Race Politics and Basketball* a fascinating story of race racism politics education and inequality in the early 1970s told through the voices of those who were there who witnessed it and were a part of it It provides the juxtaposition of good and decent white kids with an unparalleled mentor who kept them on the straight and narrow against good and decent Black and Cape Verdean kids who were forced to face the daily forces of inequality and racial unrest each and every day The summer of 1970 was immensely educational for all who experienced it The Vietnam War the civil rights movements Black Panthers a long dreary recession with high unemployment all explained through the voices of white and Black kids and adults who were there in New Bedford Massachusetts living through it and navigating the ebbs and flows of their daily lives In the middle of it all a 17 year old Cape Verdean kid standing outside a club in the city's West End during a period of unrest was gunned down by three white kids from the suburbs They didn't even know him To top it off they were all acquitted at trial despite the fact that the guy who shot the gun confessed to it The book tells a fascinating story of inequality race and politics that can help us understand the struggles that we are still going through today as we try to understand and reconcile our differences and treat everyone as equals Anyone interested in the issue of race and racism in America today should read this story Gerry Kavanaugh is the Senior Vice Chancellor at the University of Massachusetts Dartmouth He was the Chief of Staff to Senator Edward M Kennedy in Washington DC and now lives in New Bedford with his wife Colleen

Cemetery John Robert Zorn, 2012-06-14 This true crime novel examines the 1932 Lindbergh kidnapping arguing it was orchestrated by a Bronx deli clerk who got away with the crime scot free In this meticulous and authoritative account of the trial and the times of the Lindbergh kidnapping Robert Zorn clears away decades of ungrounded speculation surrounding the case Inspired by his father's relationship with the actual accomplices including the mastermind he presents the clearest ever picture of a criminal partnership that would shake every class and culture of American society Using personal possessions and documents never before seen photographs new forensic evidence and extensive research Robert Zorn has written a shocking and captivating account of the crime and the original Trial of the Century From the ecstatic riots that followed the Spirit of St Louis on either side of the Atlantic to the tragic night that would shake America's sense of security to the horror of the New Jersey morgue where Lindbergh insisted on verifying the identity of his son Zorn's skillful treatment meets this larger than life story and gives it definitive shape by revealing the true events behind the crime for the first time Praise for *Cemetery John* Eighty years after the kidnapping of Charles and Anne Morrow Lindbergh's baby from their Englewood N J home the case still raises questions ones Zorn ably examines through an unusual lens Retelling the by now familiar story of Charlie Lindbergh's kidnapping Zorn imbues it with novelistic suspense Even if Zorn doesn't definitively prove that Knoll who died in 1980 was the crime's mastermind and Hauptmann's accomplice he makes a strong case Publishers Weekly Debut author Zorn makes a

compelling case that the 1932 Lindbergh kidnapping was orchestrated by a Bronx deli clerk who got away with the crime

kidnapping Kirkus Reviews **Trauma and Resilience in Contemporary Australian Policing** Andrew

Paterson, 2021-08-18 This book examines how fifty police officers in South Australia keep well and bounce back from duty
related traumatic experience in the absence of practical accessible and timely organisational support It investigates
mechanisms police officers presently use to normalise their duty related traumatic experiences to preserve the delicate
professional balance between coping and psychic numbing and avoid the much publicised perils of a PTSD diagnosis while
being appropriately responsive to colleagues victims and survivors in their daily work environment By revealing how police
officers manage trauma outside of the expectations of mental health professionals union representatives and police
leadership innovative approaches and recommendations are offered to support first responders in moving from assumptions
of post traumatic stress and through post traumatic growth The book considers recent advances in post traumatic growth
and resilience theory and reinterprets exposure in a positive context as well as preventative experiences in Australia and
internationally *The Politics of Love* Rebecca Joubin, 2013-10-03 Dramatic miniseries are the primary arena for the
expression of postcolonial Syrian culture and artistic talent an arena that unites diverse aspects of artisanship in a struggle
over visions of the past present and future of the nation As the tour de force of the television medium blossoming amidst
persisting authoritarianism these miniseries serve as a crucial and complex artistic avenue through which political and social
opposition manifests Scholars have tried to come to terms with a highly critical culture produced within attempted state co
optation and argue that politically critical culture operates as a safety valve to release frustrations so that dissenters are less
likely to mobilize against the government Through research fueled by a viewing of over two hundred and fifty miniseries
ranging from the 1960s to the present as well as an examination of hundreds of press reports Facebook pages and extensive
interviews with drama creators this book turns away from the dominant paradigm that focuses on regime intent When
turning attention instead to the drama creators themselves we witness the polyphony of voices employing love and marriage
metaphors and gender de constructions to explore larger issues of nationalism self identity and political critique At the heart
of constructions of femininity are the complications that arise with the symbiosis of pure femininity with authentic national
identity Deconstructing masculinity as political critique has been less complicated since it is not implicated in Western
identity issues on the contrary illustrations of subservient masculinity serve to subtly denounce government corruption and
oppression Miniseries from the 1960s demonstrate that the focus of the qabaday tough man on female sexuality comes from
his own political alienation vis vis the state and is part of a vicious cycle of state violence vis vis the citizen In recent years
and in particular after the uprising we can see the emerging definition of the true qabaday as one who does not suppress a

woman's sexuality thereby allowing for full equality in relationships as the basis of a truly free society Torture and Democracy Darius Rejali, 2009-06-08 This is the most comprehensive and most comprehensively chilling study of modern torture yet written Darius Rejali one of the world's leading experts on torture takes the reader from the late nineteenth century to the aftermath of Abu Ghraib from slavery and the electric chair to electrocution in American inner cities and from French and British colonial prison cells and the Spanish American War to the fields of Vietnam the wars of the Middle East and the new democracies of Latin America and Europe As Rejali traces the development and application of one torture technique after another in these settings he reaches startling conclusions As the twentieth century progressed he argues democracies not only tortured but set the international pace for torture Dictatorships may have tortured more and more indiscriminately but the United States Britain and France pioneered and exported techniques that have become the lingua franca of modern torture methods that leave no marks Under the watchful eyes of reporters and human rights activists low level authorities in the world's oldest democracies were the first to learn that to scar a victim was to advertise iniquity and invite scandal Long before the CIA even existed police and soldiers turned instead to clean techniques such as torture by electricity ice water noise drugs and stress positions As democracy and human rights spread after World War II so too did these methods Rejali makes this troubling case in fluid arresting prose and on the basis of unprecedented research conducted in multiple languages and on several continents begun years before most of us had ever heard of Osama bin Laden or Abu Ghraib The author of a major study of Iranian torture Rejali also tackles the controversial question of whether torture really works answering the new apologists for torture point by point A brave and disturbing book this is the benchmark against which all future studies of modern torture will be measured Poor Defence Lawyering in Criminal Proceedings Ashlee Beazley, Michele Panzavolta, Andrew Sanders, 2025-07-31 This collection discusses the concept of poor quality criminal defence representation and assistance so termed poor lawyering It does so from diverse perspectives including legal and criminological The work presents an overview of the issue of the quality of legal assistance in criminal proceedings so allowing a better understanding of the potential limits and problems The volume is divided into three parts which over 14 chapters offer analyses of poor lawyering across national and supranational legal systems including Belgium Germany Greece Italy England and Wales the United States and the European Court of Human Rights the specific challenges of poor lawyering such as regulation of counsel before the International Criminal Court through codes of conduct and in cross border proceedings within Europe the individual fault and external pressures of criminal defence lawyers the missed opportunity of pre charge engagement the importance of insights from legal and criminological psychology and the role of neurodivergent defendants in the adaptation of the defence lawyer's assistance The collection concludes with a transversal and comparative analysis of the effectiveness of defence and the independence of lawyers With contributions from academics and practitioners from a range of backgrounds the book will be a valuable resource for students academics researchers and

The Man Who Avenged Bhagat Singh Abhijeet

Bhalerao,2023-12-18 In 1929 Bhagat Singh surrenders after a daring bomb attack in the heart of Delhi's assembly. Behind bars he prepares for an ideological battle against the empire. However, a shocking betrayal shatters his world. Phanindra Nath Ghosh, a trusted comrade, becomes a British approver, revealing every secret of the HSRA. His damning testimony leads to multiple arrests, and then the British hang Bhagat Singh Rajguru and Sukhdeo. Popularly known as the king's witness, he had singlehandedly brought on an armed revolution. But with their leaders gone and British oppression at its peak, surviving HSRA members rally around one burning desire: revenge. Their target is the man who dismantled their life's work. But with limited resources, their hopes rest on a lone figure. From the shadows emerges Baikunth Sukul, an unassuming teacher and devoted admirer of Bhagat Singh. He swears to exact revenge on behalf of the martyrs and the HSRA. Will he succeed in this nearly impossible mission? What happens when he locks horns with the formidable British Raj? And to what lengths will he go to avenge Bhagat Singh's death? India's journey to Independence was filled with deeds of forgotten heroes. This is one such story of sacrifice and revenge of a patriot against a traitor, a common man against the empire.

The Monkeyline H. James

Stewart,2012-07-05 Billy Smith, alias Billy Nomicill, has survived an unexplained shock wave, and the world has changed. Suffering memory loss and prosopamnesia, he can't remember faces he hopes to reboot his brain with the files in his juvie, a dysfunctional personal computer. It's all there: the music, the visual arts, the photos, the band diary, his life before the disaster. But was it really a disaster? Planet Earth was in a runaway global warming phase, the so-called Venus effect. But the outlook has changed: winter sports might be coming back.

Sleep & Safety Salim Surani,

Shyamsunder Subramanian,2011 The National Highway Traffic Safety Administration (NHTSA) estimates that up to 4 percent of all fatal crashes are caused by drowsy driving, and as many as 100,000 patients' deaths per year may be due to fatigue-related medical errors by doctors and nurses.

Breeding Ground for Corruption T.A. Garrison,

2015-05-14 Breeding Ground of Corruption is a challenging text in which many case examples of police corruption are paired with contemporary research. Garrison's firsthand knowledge of how police corruption disintegrates careers is incorporated into numerous statistics to provide a foundation for a police corruption theory. The theory of PTSD and Depression are the leading denominators in police corruption. This book is a poignant look into the mental health issues and real-time corruption cases that follow officers across the United States.

Farnum's Land Tatanka Yotanka,

2022 Farnum's Land is an investigative study of a 1985 brutal axe murder in Barbados at Mount Johnson, St. Lucy. The murder was the result of a property feud for land which had been in one family's possession for three generations after it was purchased by James Hunte Farnum, a lesser white born in Barbados in 1789. Anthony Austin was convicted of murder, sentenced to death in 1986, his execution commuted to life in 1999, and after 25 years in jail, granted clemency and released in 2011.
