Sleeping Car To Trieste:

Night Trains Andrew Martin, 2017-02-09 Night trains have long fascinated us with the possibilities of their private sleeping compartments gilded dining cars champagne bars and wealthy travellers Authors from Agatha Christie to Graham Greene have used night trains to tell tales of romance intrigue and decadence against a rolling background of dramatic landscapes The reality could often be as thrilling early British travellers on the Orient Express were advised to carry a revolver as well as a teapot In Night Trains Andrew Martin attempts to relive the golden age of the great European sleeper trains by using their modern day equivalents This is no simple matter The night trains have fallen on hard times and the services are disappearing one by one But if the Orient Express experience can only be recreated by taking three separate sleepers the intriguing characters and exotic atmospheres have survived Whether the backdrop is 3am at a Turkish customs post the sun rising over the Riviera or the constant twilight of a Norwegian summer night Martin rediscovers the pleasures of a continent connected by rail By tracing the history of the sleeper trains he reveals much of the recent history of Europe itself The original sleepers helped break down national barriers and unify the continent Martin uncovers modern instances of European unity and otherwise as he traverses the continent during interesting times with Brexit looming Against this tumultuous backdrop he experiences his own smaller dramas as he fails to find crucial connecting stations ponders the mystery of the compartment dog and becomes embroiled in his very own night train whodunit Shifting Horizons and Crossing Borders, 2024-07-29 The book captures key moments in the critical and creative dialogue of literary scholars poets and artists with poet author documentary film maker and literary scholar Stephanos Stephanides Employing a polyphonic and cross disciplinary perspective the twenty three essays and creative pieces flow together in cycles of continuities and discontinuities emulating Stephanides's fluid and transgressive universe Drawing on the broad topic of borders and crossings Shifting Horizons and Crossing Borders offers critical material on themes such as space and place dislocation and migration journeys and bridges movement and fluidity the aesthetics and the politics of the sea time nostalgia and trans cultural memory identity and poetics translation and translatability home and homecoming An invaluable reference for anyone interested in the crosscurrents between the poetic the cultural and the political Sites of Exchange Maurizio Ascari, Adriana Corrado, 2006 Crossing borders both physically and imaginatively is part of our nomadic postmodern identity but transcultural and transnational exchanges have also played a major role in the centuries long processes of hybridisation that helped to fashion the vast geographic political and imaginative container of diversity we call Europe This volume gathers together the work of scholars from several European countries in an attempt to encourage a collective reflection upon historical and often mythical locations and landscapes as well as upon the thresholds and faultlines that unite or separate them The issues the volume tackles are delicate and complex for the encounter of differences engenders both curiosity and suspicion and there is no easy way to create a new synthesis while respecting and promoting diversity However since Europe

is inevitably a cultural and political entity in the making Europeans should embrace the great narrative of a utopian project uniting their efforts to work towards a civilisation that is grounded on plurality and openness

Last Call for the Dining Car Michael Kerr, 2011-08-15 Ever since Paul Theroux embarked in London on the first train of his Great Railway Bazaar railways have been a rich source for the best travel writing This is truer than ever in the twenty first century As the environmental implications of relentless air travel cast an ominous shadow over the prospect of foreign adventure the opportunity to jump on a train at St Pancras and be whisked straight to the continent offers a wonderful alternative Train travel has assumed a new pragmatic importance as well as romance which is no doubt why so many more tour companies are offering a great train ride as part of their holiday itineraries Now Michael Kerr the Telegraph's deputy Travel Editor has burrowed deep in the newspaper's archives and collected together the very best of its writings about the railway here are journeys non stop from London to Vladivostok across the Canadian Rockies the first train to traverse Australia from Darwin to Alice Springs and on the teeming crawling travelling adventure of Indian railways In scenes much more familiar to the British commuter Boris Johnson discovers his inner McEnroe thanks to signal failure in the Midlands and Michael Palin samples the delights of British Rail Inter City This is an anthology that will appeal to the railway buff and the armchair traveller alike to anyone who has ever Inter railed in their youth and everyone nostalgic for the days when the only way to cross a continent was by train
