Pichler,E. Eppler,2009-02-12 This diverse collection of gender research with an exclusive focus on spoken interaction explores how gender is reflected and accomplished in relation to other situational and larger scale sociocultural practices identities and structures **Free-Range Kids, How to Raise Safe, Self-Reliant Children (Without Going Nuts with Worry)** Lenore Skenazy,2010-04-19 FREE RANGE KIDS has become a national movement sparked by the

incredible response to Lenore Skenazy's piece about allowing her 9 year old ride the subway alone in NYC. Parent groups argued about it, bloggers blogged, spouses became uncivil with each other and the media jumped all over it. A lot of parents today, Skenazy says, see no difference between letting their kids walk to school and letting them walk through a firing range. Any risk is seen as too much risk. But if you try to prevent every possible danger or difficulty in your child's everyday life, that child never gets a chance to grow up. We parents have to realize that the greatest risk of all just might be trying to raise a child who never encounters choice or independence.

Friends Forever Fred Frankel, 2010-08-02. A systematic plan for parents to help their kids acquire and sustain friendships. Every parent hopes their child will develop healthy and happy friendships. However, most parents don't know what to do that will encourage their child to be a friend and attract friends. The author offers clear-cut friendship-making guidelines for parents and their children. Some of the book's recommendations include don't over-schedule a child's time, guide children to participate in friend-attracting activities, seek out friends in the neighborhood. The author includes methods for dealing with bullying and inappropriate friendships. Offers clear guidance for helping children become a good friend and attract lasting friendships for life. Shows how to teach kids the social and emotional intelligence skills they need to form friendships such as listening, empathy, compassion, recreational conversation. The book also includes techniques for teaching kids how to use MySpace, Facebook, and Twitter in positive ways that will foster friendships.
