Pontoppidan *Edwin and Willa Muir* Margery Palmer McCulloch, 2023-03-09 This is the story of a literary marriage It tells of the partnership between Edwin and Willa Muir two intellectuals from small town Scottish backgrounds and their discovery of Europe in the years after the first and second world wars It tells us about the cultural social and political issues of those dynamic and difficult years and much else in intimate detail about their own personal struggles Edwin Muir was to become a leading poet in the twentieth century Scottish literary renaissance but to make a living the couple also worked as translators of modern German literature including key works by Hermann Broch and most famously Franz Kafka They were intimate with many of the leading writers of their time both at home and abroad and these contacts and their travels in Europe gave them a special and sometimes painful insight into the trials of the twentieth century Dr Margery McCulloch's study draws on personal travel and a wealth of new sources from private correspondence publishers archives the recollections of friends and the diaries unpublished journals and autobiographical memoirs of Edwin and Willa themselves This is the fullest account of the couple's life and times together during a long and loving marriage not without its difficulties as Willa struggled to find proper acknowledgement of her translation skills and space for her own creativity as a novelist in the shadow of her own ill health and Edwin's growing status as a major modern poet *Figurally Colored Narration* Wolf Schmid, 2022-04-04

Figurally colored narration FCN is narrator's discourse whether in the first or third person that adopts salient features of character's text mainly valuation and designation without signaling the figural part in any way Unlike free indirect discourse FCN does not refer to current acts of consciousness but to typical characteristic segments of the character's text There are two main modes of FCN contagion of the narrator's discourse with a character's text and the more or less ironical reproduction of a character's text in narrative discourse In the latter case the narrator's criticism may refer to either the content of the character's text or to its form of expression This study begins with a definition and an example of FCN as a narrative device followed by an analysis of terms used for FCN in German Anglophone and Russian literary criticism Building on the perception of FCN as a phenomenon of interference between narrator's and character's text text interference this book analyses the function and applications of FCN in narratives written in German English and Russian **Encyclopedia**

institutional religion and the religiosity of political and cultural life provide a necessary dimension to Walter Benjamin one of the twentieth century's greatest thinkers. Lived religion surrounded Benjamin whose upper middle class Jewish family celebrated Christmas and Hanukkah in Berlin as the turmoil of war collapsing empires and modern urban life gave rise to the Nazi regime that would destroy most of Europe's Jews including Benjamin himself. Documenting the vitality and diversity of religious life that surrounded Benjamin in Germany, France and beyond Brian Britt shows the extent to which religious communities and traditions especially those of Christians influenced his work. Britt surveys and analyzes the intellectual, cultural and social contexts of religion in Benjamin's world and broadens the religious frame around discussions of his work to include lived religion, the daily practices of ordinary people. Seeing religion around Benjamin requires looking at forms of life and institutions that he rarely discussed. As Britt shows, dramatic changes in religious practices particularly in Berlin reflected broader political and cultural currents that would soon transform the lives of all Europeans. An original perspective on the religious context of a thinker who habitually raised questions about the survival of religion in modernity. Religion Around Walter Benjamin contributes to wider discussions of religious tradition and secular modernity in religious and cultural studies. It provides a foundational overview and introduction to the context of Benjamin's writing that will be appreciated by scholars and students alike.

**Forms of Exile in Jewish Literature and Thought** Bronislava Volková, 2021-08-31 Forms of Exile in Jewish Literature and Thought deals with the concept of exile on many levels from the literal to the metaphorical. It combines analyses of predominantly Jewish authors of Central Europe of the twentieth century who are not usually connected including Kafka, Kraus, Levi, Lustig, Wiesel and Frankl. It follows the typical routes that exiled writers took from East to West and later often as far as America. The concept and forms of exile are analyzed from many different points of view and great importance is devoted especially to the forms of inner exile. In Forms of Exile in Jewish Literature and Thought Bronislava Volková, an exile herself and thus intimately familiar with the topic through her own experience, develops a unique typology of exile that will enrich the field of intellectual and literary history of twentieth century Europe and America.
