Thomas Jefferson Thomas S. Kidd, 2022-05-10 A revelatory new biography of Thomas Jefferson focusing on his ethical and spiritual life Set aside everything you think you know about Thomas Jefferson and religion and read this book This is the definitive account It is well written well researched judicious and entirely convincing Timothy Larsen Wheaton College Thomas Jefferson was arguably the most brilliant and inspiring political writer in American history But the ethical realities of his personal life and political career did not live up to his soaring rhetoric Indeed three tensions defined Jefferson s moral life democracy versus slavery republican virtue versus dissolute consumption and veneration for Jesus versus skepticism about Christianity In this book Thomas S Kidd tells the story of Jefferson s ethical life through the lens of these tensions including an unapologetic focus on the issue where Jefferson s idealistic philosophy and lived reality clashed most obviously his sexual relationship with his enslaved woman Sally Hemings In doing so he offers a unique perspective on one of American history s most studied figures

Massacre John Merriman, 2014-12-09 From a pre eminent Yale historian comes the first popular history of the 1871 Paris
Commune a seminal episode in modern European history The Paris Commune lasted for only 64 days in 1871 but during that
short time it gave rise to some of the grandest political dreams of the nineteenth century before culminating in horrific
violence Following the disastrous French defeat in the Franco Prussian War hungry and politically disenchanted Parisians
took up arms against their government in the name of a more just society They expelled loyalists and soldiers and erected
barricades in the streets In Massacre John Merriman introduces a cast of inimitable Communards from les p oleuses female
incendiaries to the painter Gustave Courbet whose idealism fueled a revolution And he vividly recreates the Commune's
chaotic and bloody end when 30 000 troops stormed the city burning half of Paris and executing captured Communards en
masse A stirring evocation of the spring when Paris was ablaze with cannon fire and its citizens were their own masters
Massacre reveals how the indomitable spirit of the Commune shook the very foundations of Europe **The Oxford**

Handbook of the Ancien Régime William Doyle, 2011-11-10 In The Oxford Handbook of the Ancien Régime an international
team of thirty contributors survey and present current thinking about the world of pre revolutionary France and Europe The
idea of the Ancien Régime was invented by the French revolutionaries to define what they hoped to destroy and replace But it
was not a precise definition and although historians have found it conceptually useful there is wide disagreement about what
the Ancien Régime's main features were how they worked how old they were how far they stretched how dynamic or inert
they were and how far the revolutionaries succeeded in their ambitions to eradicate them In this wide ranging and
authoritative collection old and newer areas of research into the Ancien Régime are presented and assessed and there has

been no attempt to impose any sort of consensus The result shows what a lively field of historical enquiry the Ancien R gime remains and points the way towards a range of promising new directions for thinking and writing about the intriguing complex of historical problems which it continues to pose **Murder in Parisian Streets** Thomas Cragin,2006 In *Murder in Parisian Streets* Thomas Cragin provides an in depth study of the production sale and content of the canards He demonstrates their significance to nineteenth century culture even their role in determining the emerging tabloid s success Cragin explores the incremental creation of textual meaning in the canards authorship production distribution and consumption He exposes the power of oral traditions as well as modern marketing at work upon this popular news literature The canards challenge our assumptions about the nineteenth century s revolution in print and reorient our understanding of cultural creation through textual construction Jacket **The Man Who Invented Aztec Crystal Skulls** Jane MacLaren Walsh,Brett Topping,2018-11-29 Eug ne Boban began life in humble circumstances in Paris traveled to the California Gold Rush and later became a recognized authority on pre Columbian cultures He also invented an entire category of archaeological artifact the Aztec crystal skull By his own admission he successfully palmed off a number of these crystal skulls on the curators of Europe s leading museums How could that happen and who was this man Detailed are the travels self education and archaeological explorations of Eug ne Boban this book also explores the circumstances that allowed him to sell fakes to museums that would remain undetected for over a century *Century of Continental History 1780-1880* John Holland Rose,1889 *The Modern World-System III* Immanuel Wallerstein,2011-06-10 Immanuel Wallerstein s highly influential multi volume opus *The Modern World System* is one of this century s greatest works of social science An innovative panoramic reinterpretation of global history it traces the emergence and development of the modern world from the sixteenth to the twentieth century **A Shifting Shore** Alice Garner,2018-07-05 How does tourism transform fishing communities into vibrant resorts working shores into bathing beaches In *A Shifting Shore* Alice Garner traces the ways fisherfolk bathers investors and engineers understood claimed and remade the shores of the Bassin d Arcachon a prime fishing and oyster farming site in southwestern France over the nineteenth and twentieth centuries Garner s interest in the coastline a zone that resists all attempts at definition shapes this generously illustrated book Rather than taking a straightforward chronological approach to the settlement and evolution of the towns of Arcachon and La Teste Garner investigates the development of the Bassin d Arcachon s southern shores with the aim of recovering something of the lived space experienced by locals and visitors Drawing on guidebooks newspapers bylaws engineers reports medical pamphlets postcards and the accounts of literary minded holidaymakers Garner shows how investors and developers transformed Arcachon and its community beaches were rezoned and jetties constructed to favor bathers and a new railway line brought ever increasing numbers of visitors to the area She explores how fishermen and women resisted developments that threatened their livelihood or their particular sense of belonging and shows how they adapted to the changing environment
