Social Integration In The Second Half Of Life

Gary A. Adams

Social Integration In The Second Half Of Life:

Social Integration in the Second Half of Life Karl Pillemer, Phyllis Moen, Elaine Wethington, Nina Glasgow, 2003-05-01 Social scientists use the term social integration to refer to individuals connections with others in their environments The concept and its consequences have been the subject of considerable study Many researchers have asserted that meaningful and enduring ties to other persons serve as a buffer against stress and thereby promote physical and mental health The results are especially pronounced for older persons Social Integration in the Second Half of Life presents integrative reviews of theory and research on this topic The editors and contributors all currently or previously affiliated with the Cornell Gerontology Research Institute also present new empirical findings of research done at their center The first section of the book discusses basic theory and principles of social integration in later life and its implications for health The second largest section examines specific issues retirement driving family support housing neighbors The third section addresses interventions to promote social integration transportation volunteering and peer support for dementia caregivers Throughout the authors focus on the diverging influences of social integration and its converse social isolation in later life **Social**

Integration in the Second Half of Life Karl Pillemer, 2000-11-24 Pillemer and colleagues in their excellent review of social integration at the threshold of the 21st century document the problems of mid lifers and elders as they seek social integration that is a life with people The Gerontologist Handbook of the Life Course Jeylan T. Mortimer, Michael J. Shanahan, 2007-12-14 This comprehensive handbook provides an overview of key theoretical perspectives concepts and methodological approaches that while applied to diverse phenomena are united in their general approach to the study of lives across age phases In surveying the wide terrain of life course studies with dual emphases on theory and empirical research this important reference work presents probative concepts and methods and identifies promising avenues for future research

Mental Health And Well Being In Later Life Cattan, Mima, 2009-05-01 Offers a look at the mental health and well being issues that affect adults in later life Taking a holistic approach to mental health and mental health promotion this book explores the debates around what is meant by mental health and mental illness and the wider social determinants of mental health *Residential Choices and Experiences of Older Adults* John A. Krout, PhD, Elaine Wethington, PhD, 2003-06-10

Based on the Pathways to Life Quality longitudinal research study this book explores the ways in which older adults residential choices impact their health and well being The study examines the factors associated with life quality for persons living on their own in the local community as well as those in various housing arrangements such as a continuing care retirement facility adult home income subsidized housing and senior apartments Topics include plans and adjustment to moving role identities social relationships participation and integration health and activity patterns and coping with life events **The Experience of Retirement** Robert S. Weiss, 2018-05-31 Retirement brings with it the promises of leisure and freedom as well as the risks of boredom and isolation When retirees rid their schedules of anything resembling the kinds

of obligations that once had been imposed by work they will experience a sometimes uncomfortable absence of structure In *The Experience of Retirement* the distinguished sociologist Robert S Weiss provides a detailed description of how some people plan their retirement what life in retirement is like and what makes for a fulfilling retirement His engaging book can thus serve as a most useful guide Weiss shows us both retirement's benefits and its possible costs both the relief retirees can feel once free of work's stresses and constraints and the discomfort that can be caused by loss of the positive aspects of working life The book is based on extensive interviews with eighty nine men and women before and after their retirement from middle income careers Weiss makes vivid their experiences by presenting in their own words their descriptions of leaving their careers considering what to do with their time confronting issues of income in retirement dealing sometimes with social isolation and reorganizing their lives The interviews reveal the way in which retirement affects marriages and other familial relationships Weiss concludes by presenting advice about retirement based on the actual experiences of retirees For anyone approaching the age of retirement or already retired and looking for a more satisfying post career life for personnel managers health care professionals and all those who provide services for the retired *The Experience of Retirement* will be an illuminating guidebook to this phase of life

Social Networks and the Life Course Duane F. Alwin, Diane H. Felmlee, Derek A. Kreager, 2018-03-06 This volume engages the interface between the development of human lives and social relational networks It focuses on the integration of two subfields of sociology social science the life course and social networks Research practitioners studying social networks typically focus on social structure or social organization ignoring the complex lives of the people in those networks At the same time life course researchers tend to focus on individual lives without necessarily studying the contexts of social relationships in which lives are embedded and linked to one another through social networks These patterns are changing and this book creates an audience of researchers who will better integrate the two subfields It covers the role of social networks across the life span from childhood and adolescence to midlife through old age

Civic Engagement in Later Life Rodrigo Serrat, 2025-05-29 Available open access digitally under CC BY NC ND licence Older adults civic engagement has become a key concern in academic and policy debates in recent years However existing studies on this topic remain fragmented across various conceptual and methodological approaches This book provides a comprehensive interdisciplinary and multidimensional perspective on older adults civic engagement It proposes a conceptual framework which understands civic engagement as a multidimensional concept encompassing a diversity of activities through which older adults contribute to their communities and wider society Contributors explore the factors shaping older adults participation in various civic activities across the life course considering their diversity in terms of social locations such as gender health status migrant background socioeconomic background and residential arrangements By analysing past and current research policy and practice the book offers recommendations for future efforts to advance the field

Retirement Gary A. Adams,2003 For students researchers and practitioners in such fields as gerontology industrial and organizational psychology and human resources management contributors from those fields synthesize the current literature on retirement and suggest areas for future research and practice The sections cover before retirement deciding to retire and after retirement Annotation c 2003 Book News Inc Portland OR booknews com Critical Perspectives on Racial and Ethnic Differences in Health in Late Life National Research Council,Division of Behavioral and Social Sciences and Education,Committee on Population,Panel on Race, Ethnicity, and Health in Later Life,2004-10-16 In their later years Americans of different racial and ethnic backgrounds are not in equally good or equally poor health There is wide variation but on average older Whites are healthier than older Blacks and tend to outlive them But Whites tend to be in poorer health than Hispanics and Asian Americans This volume documents the differentials and considers possible explanations Selection processes play a role selective migration for instance or selective survival to advanced ages Health differentials originate early in life possibly even before birth and are affected by events and experiences throughout the life course Differences in socioeconomic status risk behavior social relations and health care all play a role Separate chapters consider the contribution of such factors and the biopsychosocial mechanisms that link them to health This volume provides the empirical evidence for the research agenda provided in the separate report of the Panel on Race Ethnicity and Health in Later Life

New lifestyles in old age Miriam Bernard,Bernadette Bartlam,Simon Biggs,Julius Sim,2004-06-30 This report explores what it is like to live and work in the new Berryhill Retirement Village in Stoke on Trent developed by The ExtraCare Charitable Trust and Touchstone Housing Association and shows that retirement housing does not have to be planned and developed solely with middle class professionals in mind Based on the experiences of residents staff families and other stakeholders the report identifies the factors that facilitate the development of a positive environment in which to age asks why people moved into the Village and whether they felt that their lives had improved there considers the full range of sources of support both inside and outside the Village details some of the ways in which such environments can facilitate people in their efforts to overcome illness and poor health and enjoy a good quality of life and draws out wider policy and

practice lessons for those who might be considering developing similar schemes The report is essential reading for policy makers and practitioners in housing health and social care as well as academics interested in these fields Encore Adulthood Phyllis Moen,2016 In *Encore Adulthood* Phyllis Moen presents the realities of the encore life stage the years between traditional careers and childraising and old age Drawing on large scale data sets and interviews with Boomers HR personnel and policymakers this book illuminates the challenges that Boomers encounter as they transition from traditional careers into retirement *Loneliness Updated* Ami Rokach,2013-10-18 To be alone is to be different To be different is to be alone and to be in the interior of this fatal circle is to be lonely To be lonely is to have failed Susan Schultz 1976 *Loneliness* carries a significant social stigma as lack of friendship and social ties is socially undesirable and social perceptions of lonely people are generally unfavourable Lonely people often have very negative self perceptions believing that the inability to establish social ties is due to personal inadequacies or socially undesirable attributes This book is divided into three parts The first part reviews loneliness in general describing what it is and how it affects us The second part examines loneliness throughout the life cycle analysing how it affects us in childhood adulthood and as we age The final part explores the connection between loneliness and other conditions such as arthritis eating disorders and depression *Loneliness Updated* offers the latest research on how loneliness can affect us in our daily lives and how it is expressed as we travel through life from childhood to old age It will be a highly interesting read for scholars students and researchers of clinical psychology particularly those interested in further exploring the effects and consequences of loneliness This book was originally published as a special issue of *The Journal of Psychology* *International Handbook of Population Aging* Peter Uhlenberg,2009-04-29 *The International Handbook of Population Aging* examines research on a wide array of the profound implications of population aging It demonstrates how the world is changing through population aging and how demography is changing in response to it *The Blackwell Companion to the Sociology of Families* Jacqueline Scott,Judith Treas,Martin Richards,2008-04-15 Tackling issues relevant to family life today this authoritative Companion shows why studying social change in families is fundamental for understanding the transformations in individual and social life across the globe Contains original essays by expert contributors on a wide range of topics relating to the sociology of families Includes coverage of social inequality parenting practices children s work the changing patterns of citizenship and multi cultural families Gives special attention to European and North American examples Discusses previously neglected groups including immigrant families and gays and lesbians Explores how revolutionary changes in aging longevity and sexual behavior have radically affected the experience of different generations and the relationships between them *Older People and their Household-Related Life Satisfaction in Germany* Xiangjun Ren,2024-04-23 Quality of life is an issue which has drawn the attention of scholars politicians and the general public since ancient times Along with the development of social indicator research after the 1960s life satisfaction became one of the main assessments in measuring one s quality of life Against the

background of ageing in the European scale the household has become a significant dimension for older people Due to changes in social culture and personal living arrangements the role of the household in providing older people with a better later life is reducing rapidly Therefore this book takes older Germans as the typical group and analyses their life satisfaction from the perspective of the household related life domain With a series of quantitative statistics some of the findings are outside expectations This book with its interesting findings is a worthy read for scholars and college students in relevant fields Besides this book may also be attractive for older people who are concerned about their own later life
