

Social Contract Philosophers

- Thomas Hobbes
- April 5, 1588–Dec 4, 1679
- English philosopher, whose famous 1651 book *Leviathan* set the agenda for nearly all subsequent Western political philosophy.

Social Philosophers

J.R. Lindgren

Social Philosophers:

Social Philosophers V. RAGHAVAN, 2017-09-15 This volume covers five great Indian Social philosophers namely Manu Yajnavalkya Vatsyayana Kautilya and Tiruvalluvar Ethical and Social Philosophers Hector Davidson, This book contains ideas and thoughts from these philosophers Martha Nussbaum At the heart of Nussbaum's intellectual journey is the development of the capabilities approach a framework she co created with economist Amartya Sen This approach is centered on the idea that justice should be evaluated based on individuals abilities to function and achieve various important life goals rather than simply on income or wealth The capabilities approach emphasizes human dignity and focuses on the conditions that allow people to live lives they have reason to value It challenges traditional views of social justice by broadening the scope of what constitutes a flourishing life beyond mere economic success Peter Singer Peter Singer is one of the most influential philosophers in contemporary ethics known for his contributions to utilitarianism animal rights global poverty bioethics and environmental ethics His ethical philosophy is grounded in the principle of utilitarianism which holds that the right course of action is the one that produces the greatest overall happiness or well being Singer's work is characterized by a practical results oriented approach focusing on how ethical principles can be applied to real world issues to alleviate suffering and promote well being His influential works such as *Animal Liberation* and *The Life You Can Save* challenge readers to consider the moral implications of their actions in a variety of contexts from how they treat animals to how they engage with global poverty **The Social Philosophers** Robert A. Nisbet, 1973 **Man and Man : the Social Philosophers** Saxe Commins, Robert N. Linscott, 1966 **The Social Philosophers** Robert A. Nisbet, 1993 Dictionary Of Modern American Philosophers John R. Shook, 2005-05-15 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century Each entry contains a short biography of the writer an exposition and analysis of his or her doctrines and ideas a bibliography of writings and suggestions for further reading While all the major post Civil War philosophers are present the most valuable feature of this dictionary is its coverage of a huge range of less well known writers including hundreds of presently obscure thinkers In many cases the Dictionary of Modern American Philosophers offers the first scholarly treatment of the life and work of certain writers This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought Queer Social Philosophy Randall Halle, 2010-10-01 In *Queer Social Philosophy* Randall Halle analyzes key texts in the tradition of German critical theory from the perspective of contemporary queer theory exposing gender and sexuality restrictions that undermine those texts claims of universal truth Addressing such figures as Kant Hegel Marx Nietzsche Adorno and Habermas Halle offers a unique

contribution to contemporary debates about sexuality civil society and politics **Pragmatism and Social Philosophy**

Michael G. Festl, 2020-12-29 This book explores the role that American pragmatism played in the development of social philosophy in 20th century Europe The essays in the first part of the book show how the ideas of Peirce James and Dewey influenced the traditions of European philosophy especially existentialism and the Frankfurt School of Critical Theory that emerged in the 20th century The second part of the volume deals with current challenges in social philosophy The essays here demonstrate how discussions of two core issues in social philosophy the conception of social conflict and the public can be enriched with pragmatist resources In featuring both historical and conceptual perspectives these essays provide a full picture of pragmatism's role in the development of Continental social philosophy Pragmatism and Social Philosophy will be of interest to scholars and advanced students working on American philosophy social philosophy and Continental philosophy

Naturalism and Social Philosophy Martin Hartmann, Arvi Särkelä, 2023-01-30 Can societies fall ill Can institutions die or social practices degenerate Must social norms be embodied To what extent is social action habitual Is social life part of nature or does it transcend it This book explores the meaning and many facets of naturalism in social philosophy It investigates the consequences of concepts such as second nature and forms of life for social philosophy It analyses the ways in which social action gender work and morality are embodied It surveys the conceptions of nature at play in social criticism It provides students and experts of social philosophy with both an overview and critical analyses of the many facets of naturalism in social philosophy from Hegel to contemporary critical theory Contributors Louis Carr Fabian Freyenhagen Martin Hartmann Axel Honneth Thomas Khurana Steven Levine Sabina Lovibond Arvi Särkelä Barbara Stiegler Mariana Teixeira Italo Testa The Social Philosophy of Ernest Gellner, 2023-12-28 *Man and Man* Saxe D. Commins, Robert N. Linscott, 1980-05 **An Introduction to Social Philosophy** John Stuart Mackenzie, 1895 *The Journal of Thought and Social Philosophy*, 1928 Social Philosophy (RLE Social Theory) Hans Fink, 2014-08-07 The programmes of political parties and movements are attempts to formulate policies or guidelines in relation to social change Social philosophy concerns the fundamental issues on which those programmes divide This introductory work gives an account of several highly influential systems of social philosophy systems which serve as the landmarks by reference to which modern discussions still orientate themselves The description of various stages in the history of social philosophy is set within an account of its changing social environment from feudalism and the philosophy of Aquinas to the rise of the working class and socialism The book confines itself to the Western tradition and one could say that it charts the rise and fall of the free market as the central institution and the key to the understanding of society Social Philosophy of Vivekananda and Indian Nationalism Sebastian Velassery, 2021-05-01 Among the galaxy of scholars Swami Vivekananda stands out as a majestic tower of light who has given a new tempo to the building up of a new sense of nationalism in modern India The uniqueness of Vivekananda was his endeavour to translate every ounce of Vedanta into a social living and was never a cold theoretician or an abstract

metaphysician He was aware that India's life is governed by her sovereign sense of the infinite and inclusiveness which nourished her national life and India has been a spiritual strength for her people implanting the seeds that have continuously sprouted and flowered in her art literature religion philosophy science and politics It is a civilization that should be seen not as a closed system or as a finished product but as a dynamic and unfolding process Whatever the differences India's spiritual heritage should be recognized as the focal point and to be appropriated in the conception of a new resurgent India

Regrettably what we had been glorifying as the central value of this culture and civilization is disorientated today due to the brutal exhibition of barbarous instincts which were exhibited through the rivalry between religious groups What is being experienced is the loss of inherited values and our inability in reinventing new values By virtue of its characteristic pluralism and its continuously evolving synthesis India represents a nation which is continuously unfolding its civilizational potentialities In making of such an Indian ethos the foundational ideal which has been the basis of Indian culture and civilization is the concept of Dharma and Vivekananda was able to comprehend and articulate the relation between morality dharma and human affairs which are the concerns of practical Vedanta

Encyclopedia of Philosophy and the Social Sciences Byron Kaldis, 2013-04-02 The entries in this encyclopedia give readers an opportunity to explore interconnections clarify commonalities as well as differences or comparative contrasts discover new fields or ideas of intellectual interest explore adjacent conceptual zones that may be found to further expand their own disciplinary domains and also understand better their own academic areas of expertise and the historical provenance of each p xxxi

The Social Philosophy of Adam Smith J.R. Lindgren, 2012-12-06 Adam Smith was one of the most important seminal social philosophers of modern times Although his great masterpiece the *Wealth of Nations* is most frequently associated with the field of economics it has exercised a profound and abiding influence not only in that but in all areas of social theory and practice as well In view of this it is not a little puzzling that after nearly two centuries there does not exist a single reliable account of the full range of his social philosophy The circumstances which have contributed to this void in the literature are easily identified All who are at all familiar with Smith's life and writings recognize that he was a philosopher by profession and that all his writings were conceived and executed as works of philosophy During his lifetime his work was viewed from that perspective At about the time of his death in 1790 however Smith's work was eclipsed in the field of philosophy by Hume and Reid in Great Britain and Kant on the continent Thereafter the interpretation of his writings was taken up by those who were profoundly interested in only one aspect of his work viz his political economy In the process of explicating that feature of his thought the social philosophy upon which his political economy was based and of which it was but one application was at first ignored and then represented as rather simplistic

Social Philosophy Gerald F. Gaus, 2015-03-04 This accessible introductory text discusses how people in a pluralistic society such as ours can accept a common social ethic a publicly justified morality It presents analyses of the basic concepts including justifications of liberty harm to others private property rights distributive justice

environmental harms help to others and offensive behaviour Gaus acquaints the reader with the major figures in social philosophy John Stuart Mill Jeremy Bentham Thomas Hobbes John Locke David Hume John Rawls David Gauthier and Joel Feinberg as well as recent communitarian philosophers The basic technical aspects of social philosophy are also introduced game theory social choice theory the ideas rational action rational bargaining and public goods Throughout helpful short examples and stories are used to illustrate the material

Beyond Communication. A Critical Study of Axel Honneth's Social Philosophy Jean-Philippe Dr. Deranty, 2009-06-24 Few thinkers have made such significant contribution to social and political thinking over the last three decades as Axel Honneth His theory of recognition has rejuvenated the political vocabulary and allowed Critical Theory to move beyond Habermas Beyond Communication is the first full scale study of Honneth s work covering the whole range of his writings from his first sociological articles to the latest publications By relocating the theory of recognition within the tradition of European social theory the book exposes the full depth and breadth of Honneth s philosophical intervention The book will be an indispensable resource for anyone interested in contemporary philosophy and the social sciences

The Philosophy of Law Christopher Berry Gray, 1999 This encyclopedia offers systematic and sustained coverage of the many dimensions of legal thought and gives expression to the breadth and depth of the philosophy of law
