Social Service Delivery A Structural Approach To Social Work Practice

Mel Gray, Stephen Webb

Social Service Delivery A Structural Approach To Social Work Practice:

Social Service Delivery Ruth R. Middleman, Gale Goldberg Wood, 1974-01-01 **The Structural Approach to Direct Practice in Social Work** Gale Goldberg Wood, Ruth R. Middleman, 1989 Structural social work assumes that clients are adequate people in untenable situations The social worker must display active appreciation for the client's competence in telling about what does matter rather than what the practitioner thinks should matter Social Work Practices Karen Healy, 2000-01-28 Karen Healy profoundly challenges in the context of the postmodernity of late capitalism many of the assumptions upon which the critical tradition in social work has been founded This is a book which interrogates not only the emancipatory metanarratives of left perspectives from her position within the left but also questions many of the received ideas about her professional power and identity and about the kinds of social work practices necessary in order to continue to pursue welfare as an emancipatory project under transformed ideological and material circumstances This is a most significant contribution to the debates which confront social work worldwide at the present time Peter Leonard McGill University Canada *Transforming Social Work Practice* Bob Pease, Jan Fook, 2016-01-08 Applies current social science theory to social work practice User friendly style and illustrated with case studies Will help social workers keep abreast of current thinking Very positive and optimistic message for social work **The SAGE Sourcebook of Service-Learning and Civic Engagement** Omobolade Delano-Oriaran, Marguerite W. Penick-Parks, Suzanne Fondrie, 2015-03-23 Service Learning and Civic Engagement A Sourcebook focuses on historical philosophical social foundations practices and models of service learning and civic engagement The title offers practical jargon free chapters applicable to any educational institution as well as community organizations that might consult the work Key Features Practical jargon free chapters applicable to any educational institution as well as community organizations that might consult the work 58 signed chapters are organized into thematic parts such as Concepts Theoretical Approaches Historical Social Foundations The Role of Service Learning in Higher Education The Role of the Community Lessons Learned Future Directions etc Thematic parts provide a practical sampling of syllabi lesson plans activities and resources and online websites and databases supporting service learning Glossary key terms commonly used in discussions and research on service learning and civic engagement Bibliography of sources consulted in production of the volume This Sourcebook is a scholarly source ideal for any educational institution and academic library as well as public libraries and community organizations that might consult the work on historical philosophical social foundations practices and models of service learning and civic engagement **The Intellectual Base of Social Work Practice** Harold Lewis, 1982 This much needed exploration of the cognitive side of social work practice provides a framework for improving social work practice and education *The New Politics of Social Work* Mel Gray, Stephen A. Webb, 2017-09-16 With contributions from those at the forefront of modern social work thought this edited volume reflects the growing eminence of critical social work in the 21st Century Taking a truly global outlook this text

advocates the promotion of equality through a range of radical perspectives and provides a blueprint for the future of practice

The SAGE Handbook of Social Work Research Ian Shaw, Katharine Briar-Lawson, Joan Orme, Roy Ruckdeschel, 2009-11-27 This is an ambitious book It aims at nothing less than a comprehensive account of the state of the art of social work research internationally and an intellectually original statement that will help to define and shape social work research Those with a serious interest in social work research will agree that this is a major undertaking and one that should put social work research on the map Ian Sinclair University of York UK This terrific Handbook provides an essential map for navigating the complex currents of social work research today It resists polemical and simplistic binaries to chart a course that emphasizes diversity pluralism and sensitivity to political contexts in many featured exemplars As key chapters note inherent tensions at the heart of social work itself are mirrored in current debates about the purposes and methods of social work research Rather than patch over differences the volume invites us to understand historical roots of unresolvable tensions and live with them The international scope of the volume is unique scholars from more than a dozen different countries were involved and its broad scope counters the tendency toward parochialism of much North American literature The Handbook should be essential reading for students and academics Catherine Riessman Boston University USA The SAGE Handbook of Social Work Research provides a comprehensive internationally focused account of leading social work research offering an original and defining statement on contemporary theory and practice within the field The groundbreaking Handbook engages critically with the nature and role of social work research and evaluation in contemporary societies around the globe and asks four key questions What is the role and purpose of social work research What contexts shape the practice and purpose of social work research How can we maximise the quality of the practice of social work research How can the aims of social work in its varied domains be met through social work research Ranging over local national and international issues and exploring questions of theory and practice this is a diverse and constructively organized overview of the field It will quickly be recognized as a benchmark in the expanding field of social work research setting the agenda for future work in the arena

Child Welfare Training Susan Downs, 1980 **DHHS Publication No. (OHDS).**, 1980

Sexual Minorities Michael K. Sullivan, 2013-10-31 Explore the crucial issues facing the GLBT population in their struggle for acceptance in contemporary America Sexual Minorities Discrimination Challenges and Development in America examines the stumbling blocks that prevent gays lesbians bisexuals and transgenders from living wholesome healthy lives This book concentrates on the effects of outside influences on the homosexual psyche from adolescence to mid life and programs and services that need to be developed to improve quality of life While some outside influences can make positive changes such as Internet based outreach to educate men in chat rooms about HIV sexual minority groups face negativity from society in the forms of homophobia and heterosexism Sexual Minorities uses statistics charts graphs and surveys to reveal a remarkable trend correlating how contemporary American society treats sexual minorities and how it affects their psychological and

psychosocial health This book also reveals how when internalized this hurtful discrimination can cause self hatred and depression Each chapter focuses on a different aspect of the GLBT population including the history of homophobia and intolerance toward homosexuals with its basis in cultural religious and sociological views an in depth survey utilizing Erikson's psychosocial model to determine the lifespan development of seven out gay males who discuss their coming out period their roles in society their legacies and later life issues the lack of federal legislation protecting GLBT employees in the workplace and recommendations for creating a sense of security for these employees a case study revealing the high incidence rate of heterosexism amongst social workers and the repercussions this could have among homosexual clientele surveys and statistics investigating the rate of abusive behavior in lesbian relationships three chapters involving specific issues of gay lesbian and bisexual adolescents such as coming out risk and protective factors and being homosexual in a rural environment as opposed to a city Sexual Minorities is an important tool for everyone in today's society from students and practitioners of social work health care human sexuality psychology and sociology to legislators lawyers activists and business owners This book is also vital for every parent relative or friend of a man or woman labeled as a sexual minority

The Life Model of Social Work Practice Alex Gitterman, Caryl B. Germain, 2008 Originally published in 1980 this seminal work was the first to introduce an ecological perspective into social work practice The third edition expands and deepens this perspective further developing the basic premise that by being situated within the people environment interface the social work profession is distinct from other service professions The book presents the what theories and concepts and the how practice methods to help people with their life stressors and simultaneously to influence communities organizations and policymakers to be more responsive to them In this edition Gitterman and Germain examine major changes to our socioeconomic and political landscape They restore a chapter on the history of social work practice offering a view of the limited services for African Americans provided by settlements and charity organization societies Building on the African American self help and mutual aid traditions this chapter traces the replication of a parallel social service system by African American leaders for their own communities The chapter also addresses the impact of contemporary societal trends including the global economy immigration cultural changes and the technology revolution In addition it discusses current professional contexts of managed mental health care evidence based practice and the professional uses of technology A new chapter explores issues and processes embedded in assessment practice monitoring and practice evaluation The volume continues to feature innovative schema for assessment and intervention with respect to stressful life transitions and traumatic events environmental pressures and dysfunctional interpersonal processes Practice illustrations offer reflections of today's major social issues such as AIDS homelessness and modern forms of violence

Beyond Casework James G. Barber, 1991-09-23 This book outlines a practice model which gives expression to the social work perspective on human problems It shows what practical steps social workers can take to involve their clients in the struggle for social change It is an approach which looks first to small tangible

gains that can lay the foundation for an expanded change agenda as clients gain in confidence and experience *Paradoxes in Social Work Practice* Merlinda Weinberg, 2016-03-17 In the helping professions codes of ethics and decision making models have been the primary vehicles for determining what constitutes ethical practice These strategies are insufficient since they assume that shared meanings exist and that the contradictory universal principles of codes can be reconciled Also these tools do not emphasize the significance of context for ethical practice This book takes a new critical theoretical approach which involves exploring how social workers construct what is ethical in their work especially when they are positioned at the intersection of multiple paradoxes including that of two opposing responsibilities in society namely to care for others but also to prevent others from harm The book is built on narratives from actual front line workers and therefore is more applicable and grounded for practitioners and students offering many suggestions for sound practice It illustrates that an understanding of ethics differs from worker to worker and is heavily influenced by context workers values and what they take up as the primary discourses that frame their perceptions of the profession While recognizing the oppressive potential of social work the book is rooted in a perspective that ethical practice can contribute to a more socially just society Skills for Direct Practice in Social Work Ruth R. Middleman, Gale Goldberg Wood, 1990 And social workers **Paradigms of Clinical Social Work** Rachele A. Dorfman, 2015-11-17 This fully integrated volume written by the leading experts in the field of social work presents a wide range of therapeutic paradigms Especially noteworthy is the common framework provided for all paradigms discussed thus facilitating comparison and contrast between each approach These paradigms include cognitive brief oriented and psychosocial therapies as well as Adlerian theory and radical behaviorism *Organization, Policy, and Practice in the Human Services* Bernard Neugeboren, Simon Slavin, 2012-08-21 Here is a timely insightful book that greatly increases the effectiveness of human service professionals and the organizations in which they function *Organization Policy and Practice in the Human Services* is the first such text to bring together in a systematic fashion the concepts of organizational theory policy and practice in the human services Offering a basic orientation to the structure and operations of social service organizations Neugeboren addresses society's need for the successful operation of these complex institutions in our highly organized society He also calls for a re-examination of what is meant by dependency and postulates new methods of dealing with the social and personal problems confronting people in contemporary society This book is indispensable for administrators practitioners and students Practitioners gain instruction in bureaucratic expertise enabling them to maximize opportunities limit organizational constraints reduce the likelihood of burnout and otherwise become a good bureaucrat instead of an ineffective if well intentioned one Administrators will benefit from a model of organizational goals practical guidelines for evaluating the effectiveness of an organizational structure and methods for identifying and remedying the causes of organizational dysfunction Neugeboren's practical ideas make a significant contribution in preparing tomorrow's social workers to deal more effectively with the world facing each of us His theoretical insights are

grounded in discussions of actual cases making them easy to apply to any human service organization **Social Work Practice with the Elderly** Marvin David Feit, Michael J. Holosko, 2004 The third edition describes significant practice issues and challenges facing gerontological social workers working with the fastest growing demographic cohort in North America Insightful and creative practitioners provide current accounts and case examples from their work in a variety of settings The material includes both micro and macro practice and offers a focus on advanced specialty practice while also providing an advanced generalist model All the chapters have been rewritten and updated by adding related additional readings and websites Six new chapters have been added on sensory impairment HIV AIDS elder abuse community assisted living rural elderly retirement and volunteerism Social Work Practice with the Elderly offers an exciting collection of well crafted readings and will be useful for any social work student at the undergraduate or graduate level It will also be a valuable resource for those in other helping professions who work side by side with social workers in this field nurses physiotherapists music and art therapists psychologists physicians recreational therapists speech and language therapists and clergy

Social Work Ethics Eileen Gambrill, 2017-05-15 This collection of essays highlights ethical issues in social work which are often overlooked as well as recurring clashes that influence how they play out for example among different values and related moral judgements A wide range of ethical issues are addressed such as the types of technologies incorporated into social work issues raised by the common position of social workers as double agents required to carry out state mandates while also honoring obligations to clients and issues concerning the distribution of scarce resources These topics are integrally related to other often neglected concerns such as harming in the name of helping the ethics of claims making regarding what is true and what is not and related concerns regarding empowerment and social justice This collection which includes essays from an array of professions and disciplines is designed to bring these neglected topics to the attention of readers and to offer suggestions for addressing them in a manner that is faithful to obligations described in social work codes of ethics Social Work Theories and Methods Mel Gray, Stephen Webb, 2012-12-14 The second edition of this celebrated

book by two of the world's leading researchers in social work introduces readers to the main theories theorists and perspectives that contribute to the debate on social work theory and social work methods It brings together some outstanding international researchers in social work to challenge the reader to critically question how they think about social work The new edition includes a focus on the psychosocial perspective with three new chapters on Cognitive behavioural approaches Attachment theory and psychoanalytic social work Ecological approaches Each chapter allows the reader to relate the theories and methods discussed to their own personal experiences This reader friendly book includes student questions glossaries and recommended reading so that students and practitioners can reappraise and expand the knowledge they have learned This book will be valuable for undergraduate and postgraduate students taking courses in social work theory and research methods social work interventions and perspectives as well as post qualifying students and researchers

in social work
