Social Service Organizations The Greenwood Encyclopedia Of American Institutions

Therese Jennissen, Colleen Lundy

Social Service Organizations The Greenwood Encyclopedia Of American Institutions:

Social service organizations Peter Romanofsky, Clarke A. Chambers, 1978 **One Hundred Years of Social Work** Therese Jennissen, Colleen Lundy, 2011-02-17 One Hundred Years of Social Work is the first comprehensive history of social work as a profession in English Canada Organized chronologically it provides a critical and compelling look at the internal struggles and debates in the social work profession over the course of a century and investigates the responses of social workers to several important events A central theme in the book is the long standing struggle of the professional association the Canadian Association of Social Workers and individual social workers to reconcile advancement of professional status with the promotion social action The book chronicles the early history of the secularization and professionalization of social work and examines social workers roles during both world wars the Depression and in the era of postwar reconstruction It includes sections on civil defence the Cold War unionization social work education regulation of the profession and other key developments up to the end of the twentieth century Drawing on extensive archival research as well as personal interviews and secondary literature the authors provide strong academic evidence of a profession that has endured many important changes and continues to advocate for a just society and a responsive social welfare state One Hundred Years of Social Work will be of interest to social workers social work students and educators social historians professional associations and anyone interested in understanding the complex nature of people and institutions *Social Service Organizations [2 Volumes]* Clarke A. Chambers, 1978 Strongly recommended for academic libraries Library Journal **Strategic Alliances Among Health and Human Services Organizations** Darlyne Bailey, Kelly McNally Koney, 2000 With a focus on relationship building this book offers theoretical and practical information to organizations considering and negotiating this process Throughout the book employs actual case examples of health and human services organizations nationally to illustrate core concepts and offer insights into why and how organizations are forming strategic alliances to fulfill their missions and better address the consumers needs **Current Catalog** National Library of Medicine (U.S.), 1980 Includes subject section name section and 1968 1970 technical reports Historical Research Elizabeth Ann Danto, 2008-09-16 What exactly was the Charity Organization Society Was it a cluster of affluent women imposing their moral propriety on the poor in the early 20th Century Or was it the first concerted effort to professionalize previously random subjective allocations of benefits and entitlements This book will help researchers explore systematically such fascinating questions and debates in social work and social welfare history Mastering how to pose historical questions is as essential as finding the answers This book from its wide ranging coverage of historiographic theory to detailed guidelines for conducting oral history and archival research offers clear and practical research tools how to design a study select primary sources understand the vocabulary of archives determine useful secondary sources and analyze them all The book also features a guide to archives and special collections that details their holdings access and locations and research grants essential knowledge for any researcher The thrill of

stumbling across unexplored data in the stacks of a library is notorious Now this clearly written pocket guide will help established scholars as well as doctoral students get the most out of historical data

Development of Social Sciences Dr. R. K. Bhatt & Mr. Manish Kumar, 2021-09-10 Development of Social Sciences A Librarian's Companion The present book entitled Development of Social Sciences A Librarian's Companion is an attempt to study the fundamental concept of the umbrella term Social Science which normally consist of four basic disciplines namely Political Science Economics Sociology and History though at a later stage the multidisciplinary approaches have widened the scope of social science thereby resulted into the inclusion of several disciplines which in one context or the other are directly related to the study of human beings The present effort intends to study the role of social science contributors organizations institutions documentation centers and the social science information sources available in the context of the development of social science disciplines The book is divided into five chapters namely i Social Science An Overview ii Social Science Contributors iii Social Science organizations and institutions iv National Documentation Centers in Social Sciences and v Information Sources in Social Science The book will be useful to the students pursuing the studies in the field of library and information science teachers involved in teaching the course which involves the teaching of multidisciplinary content especially the social science vis vis libraries as well as by all those who wants to study and do research the role of libraries and their contribution in the growth and development of social science disciplines

Men and Women Adrift Nina Mjagkij, Margaret Ann Spratt, 1997-07 The YMCA and the YWCA have been an integral part of America's urban landscape since their emergence almost 150 years ago Yet the significant influence these organizations had on American society has been largely overlooked Men and Women Adrift explores the role of the YMCA and YWCA in shaping the identities of America's urban population Examining the urban experiences of the single young men and women who came to the cities in search of employment and personal freedom these essays trace the role of the YMCA and the YWCA in urban America from the mid nineteenth century to the present The contributors detail the YMCA's early competition with churches and other urban institutions the associations unique architectural style their services for members of the working class African Americans and immigrants and their role in defining gender and sexual identities The volume includes contributions by Michelle Busby Jessica Elfenbein Sarah Heath Adrienne Lash Jones Paula Lupkin Raymond A Mohl Elizabeth Norris Cliff Putney Nancy Robertson Thomas Winter and John D Wrathall

The Poor Belong to Us Dorothy M. BROWN, Elizabeth McKeown, Dorothy M Brown, 2009-06-30 Between the Civil War and World War II Catholic charities evolved from volunteer and local origins into a centralized and professionally trained workforce that played a prominent role in the development of American welfare Dorothy Brown and Elizabeth McKeown document the extraordinary efforts of Catholic volunteers to care for Catholic families and resist Protestant and state intrusions at the local level and they show how these initiatives provided the foundation for the development of the largest private system of social provision in the United States It is a story tightly interwoven with local national and religious

politics that began with the steady influx of poor Catholic immigrants into urban centers Supported by lay organizations and by sympathetic supporters in city and state politics religious women operated foundling homes orphanages protectories reformatories and foster care programs for the children of the Catholic poor in New York City and in urban centers around the country When pressure from reform campaigns challenged Catholic child care practices in the first decades of the twentieth century Catholic charities underwent a significant transformation coming under central diocesan control and growing increasingly reliant on the services of professional social workers And as the Depression brought nationwide poverty and an overwhelming need for public solutions Catholic charities faced a staggering challenge to their traditional claim to stewardship of the poor In their compelling account Brown and McKeown add an important dimension to our understanding of the transition from private to state social welfare

Table of Contents Acknowledgments Introduction 1 The New York System 2 The Larger Landscape 3 Inside the Institutions Foundlings Orphans Delinquents 4 Outside the Institutions Pensions Precaution Prevention 5 Catholic Charities the Great Depression and the New Deal Conclusion Sources Notes Index Reviews

of this book The Poor Belong to Us raise s important questions about American social welfare history It is particularly significant in that it restores Catholic charity to its rightful place at the center of that history As the authors point out Catholics represented the majority of dependent and delinquent children in most American cities for much of the nineteenth and twentieth centuries Their book convincingly demonstrates that Catholic charities massive efforts to aid their own needy had long term ramifications for the entire modern American system of welfare provision The book is an impressive achievement and should be required reading for all social welfare historians Susan L Porter Journal of American History

Reviews of this book Brown and McKeown provide a richly documented narrative that incorporates the insights and scholarship of American Catholic history and social history The Poor Belong to Us represents an ambitious foray into territory within the history of Catholic social activism that has been neglected for too long It provides an important counterpoise and supplement to the burgeoning scholarship on individual congregations of women religious and the Catholic Worker movement two area adjacent to this study that have received considerable attention in the past three decades In The Poor Belong to Us readers gain a new understanding of the complexities and internal tensions within the world of Catholic social welfare during the century of growth and change chronicled by Brown and McKeown They show us how for most American Catholics of the nineteenth and early twentieth centuries questions of class and social and economic responsibility can only be understood with reference to the faith a pervasive yet elusive presence that Brown and McKeown illuminate for us in carefully pruned contextualized examples from archival sources Debra Campbell Church History Reviews of this book This book documents the role of Catholics in the development of American welfare and shows strong parallels between situations and attitudes prevalent in the 19th century and those common today Following the enactment of the 1996 welfare reform law some of these same questions are being raised afresh today That situation makes Brown and McKeown s historical account

timely and relevant Brown and McKeown neither try to sugarcoat nor to dramatize the role of Catholic charities in American welfare The story is interesting enough in itself This is an excellent work For anyone wanting to better understand the role of Catholic charities in the American welfare system or even the development of charities and welfare in general it is invaluable Diana Etindi Indianapolis Star Reviews of this book Thoroughly researched and meticulous in its reasoning this book shows how Catholic charities helped poor people in America between the 1870s and 1930s It reminds us how Catholic poverty seemed for half a century and how effectively a generation of more prosperous Catholics reacted to it It also shows how the idea of caring for the poor for centuries a religious duty was rapidly secularized in America The Poor Belong to Us takes its place as a study and reference work of permanent value Patrick Allitt Books and Culture Reviews of this book An interesting history of Catholic charitable institutions in the 20th century The Poor Belong to Us traces the development of Catholic charities from a collection of ill funded volunteer organizations in the 19th century into the largest private provider of social services in the country Crisp writing and a keen eye for relevant detail carries the story along nicely The authors display a deft hand in assembling their material and impress the reader with their grasp of the large picture as well as the detail This is a highly readable account of an important element of the history of the Church in America Robert Kennedy National Catholic Register Reviews of this book This institutional history is valuable for underscoring the importance of the private sector in American welfare and for adding a Catholic dimension to recent welfare scholarship S L Piott Choice Reviews of this book Historian Dorothy Brown and theologian Elizabeth McKeown analyze the evolution of Catholic Churches between the Civil War and World War II from its local volunteer origins to a centralized and professionalized workforce that played a prominent role in the development of the American welfare system that is now under attack In this fascinating contribution to contemporary welfare scholarship the authors study is grounded in concerns and care for the children of the poor Dorothy Van Soest Journal of Sociology and Social Welfare Sociological Abstracts Leo P. Chall,1978 **Grassroots Initiatives** Richard N. Aft,Mary Lu Aft,2004 *The House on Henry Street* Lillian D. Wald,2023-04-14 Nearly one hundred years after the Henry Street Settlement was founded this venerable institution still serves the people of the lower East Side of New York Much of the credit for its survival may be attributed to its founder Lillian Wald who is also the author of this book The House on Henry Street was written at the height of the Progressive Era when economic prosperity and an expansive spirit were pervasive but when poverty and misery were the lot of countless new immigrants and families in urban areas This book is the story of the early years of the Settlement and of the personal involvement of Lillian Wald in the social reform activities of the Settlement and the Progressive movements From the first it was considered a significant work and was widely and favorably reviewed It remains significant The story of the Henry Street Settlement is part of the history of New York City as well as a key moment in the growth of social work in the United States It is integrally related to the story of progressivism and social reform Although the book's style is simple it tells a complex story both of one woman's indomitable nature and of a special

institution in a particular neighborhood of New York City The House on Henry Street reflects the spirit of an optimistic era in which actors were part of larger social and political changes It is also a history that moves easily from the personal through the community and finally to the national levels of American government Professionals in the fields of volunteerism and philanthropy progressivism women s studies and social welfare will find this an absorbing document **Social Service**

As a compendium of historical statistics on native American tribes Nations will fill a unique niche in most academic and large public libraries well crafted balanced convenient tool for reference work Reference Books Bulletin **From Congregation**

Town to Industrial City Michael Shirley,1997-08 A fine addition to the study of urbanization Michael Shirley s book will appeal not only to a regional audience in the South but also to all students of the diverse American experience AMERICAN HISTORICAL REVIEW Compelling an important contribution to our understanding of the modernizing of America JOURNAL OF INTERDISCIPLINARY HISTORY 17 illustrations **American Masculinities: A Historical Encyclopedia** Bret

Carroll,2003-10-14 This is a highly recommended purchase for undergraduate medium sized and large public libraries wishing to provide a substantial introduction to the field of men s studies Reference User Services Quarterly Pleasing layout and good cross references make Carroll s compendium a welcome addition to collections serving readers of all ages Highly recommended CHOICE An excellent index well chosen photographs and illustrations and an extensive bibliography add further value American Masculinities is well worth what would otherwise be too hefty a price for many libraries because no other encyclopedia comes close to covering this growing field so well American Reference Books Annual American Masculinities A Historical Encyclopedia is a first of its kind reference detailing developments in the growing field of men s studies This up to date analytical review serves as a marker of how the field has evolved over the last decade especially since the 1993 publication of Anthony Rotundo s American Manhood This seminal book opened new vistas for exploration and research into American History society and culture Weaving the fabric of American history American Masculinities illustrates how American political leaders have often used the rhetoric of manliness to underscore the presumed moral righteousness and ostensibly protective purposes of their policies Seeing U S history in terms of gender archetypes readers will gain a richer and deeper understanding of America s democratic political system domestic and foreign policies and capitalist economic system as well as the private sphere of the home and domestic life The contributors to American Masculinities share the assumption that men s lives have been grounded fundamentally in gender that is in their awareness of themselves as males Their approach goes beyond scholarship which traditionally looks at men and women in terms of what they do and

how they have influenced a given field or era Rather this important work delves into the psychological core of manhood which is shaped not only by biology but also by history society and culture Encapsulating the current state of scholarly interpretation within the field of Men s Studies American Masculinities A Historical Encyclopedia is designed to help students and scholars advance their studies develop new questions for research and stimulate new ways of exploring the history of American life Key Features Reader s Guide facilitates browsing by topic and easy access to information Extensive name place and concept index gives users an additional means of locating topics of interest More than 250 entries each with suggestions for further reading Cross references direct users to related information Comprehensive bibliography includes a list of sources organized by categories in the field Topics Covered Arts Literature and Popular Culture Body Health and Sexuality Class Ethnic Racial and Religious Identities Concepts and Theories Family and Fatherhood General History Icons and Symbols Leisure and Work Movements and Organizations People Political and Social Issues About the Editor Bret E Carroll is Associate Professor of History at California State University Stanislaus He received his Ph D from Cornell University in 1991 He is author of The Routledge Historical Atlas of Religion in America 1997 Spiritualism in Antebellum America 1997 and several articles on nineteenth century masculinity
