## **Social Theory And Aging:**

*Social Theory and Aging* Jason L. Powell, 2006 This book explores both conceptual and theoretical issues that impinge on understanding aging in post modern society It analyses how knowledge formation of aging with particular reference to old age in contemporary western society is socially constituted and positioned by powerful taken for granted assumptions These assumptions have provided a power knowledge base for bio medical disciplines legitimacy of political economic discourses and practices of professional experts The book is in two parts the first part introduces modernist scientific models and theories of gerontology and questions their importance in mapping out the assumptions of aging and how they impinge on identity performance in society through disciplinary matrix of biology psychology and social conceptualizations of gerontology the second part focus upon postmodern constructions aging through the articulation and development of novel epistemologies postmodernism and aging body discourse and power knowledge and aging in the risk society The book addresses a key question can meta theories provide an effective analysis of aging which is radically different from modernist grand narratives as epitomized by not only bio medical models of aging but also of mainstream social theories of gerontology

**Social Theory, Social Policy And Ageing: A Critical Introduction** Biggs, Simon, Estes, Carroll, Phillipson, Chris, 2003-11-01 This work covers theoretical developments and issues influencing the study of adult ageing It explores contemporary trends in social policy drawing on the experience of ageing in the USA Europe and an increasingly global environment Feminist perspectives on ageing are also covered Social Theories of Aging Pamela Pitman Brown, Kelly Niles-Yokum, Hallie Baker, 2019-07-26 Social Theories of Aging A Brief Synopsis introduces students to a broad spectrum of social theories on aging Each theory is categorized as first second or third generation according to three theoretical levels micro level individual aging theories macro level societal aging theories and micro macro level emerging theories The book provides students not only with a synopsis of key theories but with the agency to create their own knowledge and search for answers wit **The Social Theories of Ageing** Pohl Ron, 2017-06-20 Essay from the year 2014 in the subject Sociology Old Age grade 5 0 University of Michigan language English abstract Ageing is a constant process that every individual goes through as long as there is still life This process is an essential part of nature as it ensures that the homeostasis of the universe is kept constant Ageing has to do with the additive effects of changes that occur over time and in human beings refers to the multidimensional progression of biological psychological and social changes that occur In humans ageing has its advantages and disadvantages which reflect the growth and expansion of some dimensions of human life while on the other hand others decline The inevitability of ageing has driven a whole lot of researches into finding out how and why ageing occurs This is why there has been several theories developed to help understand the phenomenon of ageing The social theories of ageing offer a much different perspective as regards the inevitable process of ageing its meanings and its impact on the ageing individuals themselves and the general society Even though there are existing controversies about the

accuracy of these theories the response of the society to the care and support of the elderly is still being governed by some of the characteristics and factors described by the theoretical assumptions

**Social Theory and Regional Studies in the Global Age** Saïd Amir Arjomand, 2014-05-21 A pioneering approach to social theory that rectifies overreliance on Western historical experience of development and modernization In this pioneering volume leading international scholars argue for the development of a new approach to social theory that draws on regional studies for the conduct of comparative analysis in the global age Social Theory and Regional Studies in the Global Age moves beyond facile generalizations based on the historical experience of modernization in the West by highlighting differences rather than similarities and contrasts rather than commonalities and by examining civilizational processes and culturally specific developmental patterns distinctive of different world regions Essays combine comparative and historical sociology with civilizational analysis and the study of multiple and alternative modernities Different patterns of modernization are compared within the framework of global local compressed communication and interaction that results from globalization The introductory chapter puts the present effort in the context of the seminal work of three generations of comparative sociologists and what follows is a penetrating analysis of modernization and globality opening the way for rectifying the erasure of the historical experience of a very sizeable portion of humankind from the foundation of social theory

**Aging, Aging Populations and Welfare** Jason L. Powell, 2024-03-26 As the world experiences a rapid increase in the aging population it is essential to address the challenges and opportunities that arise as a result This book explores the significant impact of aging on individual well being societal welfare systems and the global economy By examining the multifaceted aspects of aging demography and welfare the book aims to provide a comprehensive and critical narrative to navigating these challenges and achieving better outcomes for both older individuals and society as a whole The book has a critical approach running through it despite this there is a need to do something with the critical questions and focus on sustainable solutions to problems and issues an aging population poses to researchers policy makers and older people themselves In essence the primary purpose of this book is to shed light on the complexities surrounding aging demography and its intersection with welfare systems By delving into various perspectives such as social economic and healthcare considerations this book highlights the holistic understanding needed to address the challenges associated with an aging population effectively

resistance shape the way we live and how the way we live shapes the way in which we understand social relations among professionals policy makers and user groups in comparative contexts The purpose of this book is to critically inform debates concerning the abstract and empirical features of health and social care examined through the lens of innovative theoretical perspectives emanating from Foucauldian theories Encyclopedia of Aging and Public Health Sana Loue, Martha Sajatovic, 2008-01-16 Americans are living longer and the elder population is growing larger To meet the ongoing need for quality information on elder health the Encyclopedia of Aging and Public Health combines multiple perspectives to offer readers a more accurate and complete picture of the aging process The book takes a biopsychosocial approach to the complexities of its subject In depth introductory chapters include coverage on a historical and demographic overview of aging in America a guide to biological changes accompanying aging an analysis of the diversity of the U S elder population legal issues commonly affecting older adults and the ethics of using cognitively impaired elders in research From there over 425 entries cover the gamut of topics trends diseases and phenomena Specific populations including ethnic minorities custodial grandparents and centenarians Core medical conditions associated with aging from cardiac and pulmonary diseases to Parkinson s and Alzheimer s Mental and emotional disorders Drugs vitamins alternative medicine Disorders of the eyes feet and skin Insomnia and sleep disorders malnutrition and eating disorders Sexual and gender related concerns And a broad array of social and political issues including access to care abuse neglect veterans affairs and assisted suicide Entries on not quite elders concerns e g midlife crisis menopause are featured as well And all chapters and entries include references and resource lists The Encyclopedia has been developed for maximum utility to clinicians social workers researchers and public health professionals working with older adults Its multidisciplinary coverage and scope of topics make this volume an invaluable reference for academic and public libraries Handbook of Theories of Aging Merril Silverstein, Vern L. Bengtson, Vern L. Bengtson, PhD, Norella Putney, Daphna Gans, 2008-10-27 The field of gerontology has often been criticized for being data rich but theory poor The editors of this book address this issue by stressing the importance of theory in gerontology While the previous edition focused on multidisciplinary approaches to aging theory this new edition provides cross disciplinary integrative explanations of aging theory The contributors of this text have reached beyond traditional disciplinary boundaries to partner with researchers in adjacent fields in studying aging and age related phenomena This edition of the Handbook consists of 39 chapters written by 67 internationally recognized experts in the field of aging It is organized in seven sections reflecting the major theoretical developments in gerontology over the past 10 years Special Features Comprehensive coverage of aging theory focusing on the biological psychological and social aspects of aging A section dedicated to discussing how aging theory informs public policy A concluding chapter summarizing the major themes of aging and offering predictions about the future of theory development Required reading for graduate students and post doctoral fellows this textbook represents the current status of theoretical development in the study of aging *The*

*SAGE Handbook of Social Gerontology* Dale Dannefer, Chris Phillipson, 2010-08-13 This SAGE Handbook integrates basic research on social dimensions of aging. It presents programmatic applications of research in areas not often seen in Handbooks including imprisonment technology and aging urban society aged and elderly migration. The authors constitute a Who's Who of international gerontology and the focus on globalization and aging is unique among Handbooks today. This Handbook should be in the library of every social gerontologist. Vern L. Bengtson, Professor of Gerontology, University of Southern California. This volume reflects the emergence of ageing as a global concern including chapters by international scholars from Asia, Australasia, Europe and North America. It provides a comprehensive overview of key trends and issues in the field drawing upon the full range of social science disciplines. The Handbook is organized into five parts each exploring different aspects of research into social aspects of ageing. Disciplinary overviews, summaries of findings from key disciplinary areas within social gerontology. Social relationships and social differences explores areas like social inequality, gender, religion, inter-generational ties, social networks and friendships. Individual characteristics and change in later life examines different aspects of individual aging including self and identity, cognitive processes and bio-social interactions and their impact on physical and psychological aging. Comparative perspectives and cultural innovations topics include ageing and development, ageing in a global context, migration and cross-cultural perspectives on grandparenthood. Policy issues covering policy concerns such as long-term care, technology and older people, end of life issues, work and retirement and the politics of old age. This will be essential reading for all students, researchers and policy makers concerned with the major issues influencing the lives of older people across the globe.

*Situating Social Theory* May, Tim, Powell, Jason, 2008-08-01 This edition examines the implications of recent developments, challenges and disputes that have become important to debates in social theory including new commentaries on key authors. It also explores the extent to which how we situate social theory may need re-examining.

*Encyclopedia of Social Theory* Austin Harrington, Barbara L. Marshall, Hans-Peter Müller, 2005-12-22 The Encyclopedia of Social Theory contains over 500 entries varying from concise definitions of key terms and short biographies of key theorists to comprehensive surveys of leading concepts, debates, themes and schools. The object of the Encyclopedia has been to give thorough coverage of the central topics in theoretical sociology as well as terms.

**The Need for Theory** Simon Biggs, Jon Hendricks, Ariela Lowenstein, 2020-11-25 The Need for Theory speaks to the burgeoning need for critical thinking in social gerontology. The editors have brought together some of the foremost contributors to theoretical advances in the field. This volume incorporates state-of-the-art theorizing with a focus on selected topical areas facing gerontologists around the world. Using their keen insights into substantive issues, the contributors examine personal and structural changes affecting individuals over the life course. Extolling the need for theory is not enough; the contributors focus their insights on a panoply of substantive issues linking the personal with the political and with the structural parameters that shape the process of aging no matter where it occurs.

*Demographic Issues in Nigeria: Insights and Implications*, 2015-05-15 The

book deals with a broad range of contemporary and recurring empirical and practical issues encapsulated within the context of demographic inquiry and analysis The papers included here reflect strands of thoughts and research that find expression in interdisciplinary outlook focussing on sexuality fertility gender morbidity and mortality migration maternal and child health and the elderly

**Toward a Sociological Theory of Religion and Health** ,2011-07-12 Driven by funding agencies empirical research in the social scientific study of health and medicine has grown in quantity and developed in quality When it became evident in what is now a tradition of inquiry that people s religious activities had significant health consequences a portion of that body of work began to focus more frequently on the relationship between health and religion The field has reached a point where book length summaries of empirical findings especially those pertinent to older people can identify independent mediating and dependent variables of interest Every mediating variable even if considered as a control variable represents an explanation a small theory of some kind However taken in granular form as it were the multiple theories do not comprise mid level theory let alone a general theoretical framework This volume seeks to move toward more general theoretical development Contributors include Alex Bierman Sherry Cummings Christopher G Ellison Andrea K Henderson Barbara Kilbourne Neal Krause Jeff Levin Robert S Levine Eric Liu Michael K Roemer Scott Schieman and Ephraim Shapiro

**Understanding Aging and Diversity** Patricia Kolb,2014-07-11 The demographic phenomena of increased life expectancy increasing global population of older adults and a larger number of older people as a proportion of the total population in nations throughout the world will affect our lives and the life of each person we know The changes will result in challenges and benefits for societies and people of all ages These events need to be understood explained and their consequences addressed sociological theories about aging are an essential part of this process In *Understanding Aging and Diversity* Theories and Concepts Patricia Kolb presents important sociological theories and concepts for understanding experiences of older people and their families in a rapidly changing world She explores concepts from phenomenology critical theory feminist theory life course theory and gerotranscendence theory to explain important issues in the lives of older people This book investigates similarities and differences in aging experiences focusing in particular on the effects of inequality Kolb examines the relationship of ethnicity race gender sexual orientation and social class to international aging experiences This book explores the relationships between older people and social systems in different ways and informs thinking about policy development and other strategies for enhancing the wellbeing of older adults It will be useful for students and scholars of sociology gerontology social work anthropology economics demography and global studies

**Classical and Contemporary Social Theory** Tim Delaney,2024-03-22 The second edition of *Classical and Contemporary Social Theory* provides wraparound coverage of the classical social theorists and influential sociological schools of thought in the contemporary period Explained carefully and clearly throughout Tim Delaney reviews the key concepts and contributions from brilliant classical social thinkers and recent sociological thought spanning over 500 years of

source material He weaves together profiles of leading theorists thorough descriptions of major academic and intellectual perspectives and discussion of prevailing themes of interest that have concerned theorists and sociologists throughout time and will likely continue to do so in the future The book emphasizes methods of investigation and application in its overview of the field by challenging readers to think about problems critically and in relation to key sociological theories and to also apply their sociological understanding to real everyday events In this new edition Delaney revisits the classical period and highlights the special contributions of American social theorists and their impact on the diversity of thought leading into the contemporary era He attends to later schools of thought and weaves in important updates related to critical race theory and globalization With updated context and further applications the second edition of *Classical and Contemporary Social Theory* is a perfect addition to combined courses in social theory

*THE TRANSITION OF DANWEI-COMMUNITY AND URBAN COMMUNITY REBUILDING* Tian Yi-Peng, 2021-11-18 In this work the author endeavors to treat Danwei system as a special and highly organized form of community and sets about his study from the perspectives of Danwei community's change and urban community reconstruction When it comes to the construction and development of urban communities in contemporary China academic circles at home often attempt to unravel its intimate and indissoluble connection with Danwei system and seek to lay emphasis upon the great complexity of their interactive relationship with each other However academic circles generally incorporate Danwei system taken as a national system as well as a universal institution into their fields of research whereas they rarely enter into a critical examination of the variations in its multiplicity of specific denotations by taking account of such variables as space region and culture nor do they show much concern about the existence of different types of Danwei In view of the foregoing difficulties in which the study of Danwei system gets entangled this study attempts to accomplish the following main purposes Firstly this study shall introduce such a variable as locality into the research on Danwei community by starting off from the research perspectives of Danwei community's origin formation and change Secondly several super large industrial communities in the old industrial bases shall be chosen as classic cases in illustration of long standing complications and entanglements enmeshed in this study And thirdly it seeks to reveal the mode and experience of urban community development against a background of Danwei system reform so that by gaining a full understanding of as well as making an in depth analysis of their rich implications we can enrich the theory of urban community construction in the Chinese context and hence grapple successfully with some theoretical problems confronting urban community reconstruction against a background of Danwei community change which shall eventually bring about a smooth transition of Danwei society This book will assuredly open an exceptional window to the transition of China from traditional to modern society the transition of Chinese society from planned economy to market economy and the change track of the interplay between the Chinese government and modern Chinese society after the founding of New China in 1949 at the present time and even in the foreseeable future

New Directions in Social Theory Kate Reed, 2006-05-18 This book

contributes to the growing debates about social theory and its role through a discussion of the ways in which gender and race contributed to the exclusion of important thinkers from the sociological canon John Hughes Lancaster University Who makes up the canon of sociology and who doesn't Does sociology need a canon in the first place Beyond Social Theory offers an innovative and passionate contribution to debates on the history and development of sociology and the exclusion of theorists who are female black or both from the mainstream of social theorizing With compelling biographical sketches bringing the dynamics behind the canon to life Kate Reed focuses sharp analysis on the exclusion of theorists on race and gender from important debates on inequality An important contribution to the debate on non exclusionary theory this book critically examines existing accounts of the history of the discipline situating the development of social theory within a wider social and political context

*Sociology of Aging and Death* Jason Powell, 2022-11-25 This book presents a critical analysis and examination of the major theories and social issues in the social construction of aging and death It is concerned with the impact of death and places how our experiences of death are transformed by the roles that truth and discourse about aging play in everyday life A major element of the book is an examination of the way in which groups and individuals employ specific representations of mortality in order to construct meaning and purpose for life and death To accentuate this the book provides an investigation into the social construction of death practices across time and space Special attention is given to the notion of death as a socially accomplished phenomenon grounded in a unique sociological introduction to the meaning of death throughout history to the present The purpose of this book is to critically inform debates concerning the abstract and empirical features of death examined through the lens of sociological perspectives This book explores the emergent biomedical dominance relating to ageing and death An alternative is advocated which re interprets ageing for Graduate schools This innovative book explores the concept history and theory of aging and its relationship to death Traditionally many books have focused on older people dying of natural causes a biomedical explanatory framework This book looks at alternative social theories and experiences with aging and relate to death in different countries victims crime imprisonment and institutional care Are these deaths avoidable If so what are the solutions the book addresses This is one of the first books that re interprets aging and its relationship of examples of death It will be of essential reading for graduate students and researchers in understanding these different examples of aging and death across the globe
