Dancing Spirit, Love, and War Evadne Kelly,2019-07-09 Meke a traditional rhythmic dance accompanied by singing signifies an important piece of identity for Fijians Despite its complicated history of colonialism racism censorship and religious conflict meke remained a vital part of artistic expression and culture Evadne Kelly performs close readings of the dance in relation to an evolving landscape following the postcolonial reclamation that provided dancers with political agency and a strong sense of community that connected and fractured Fijians worldwide Through extensive archival and ethnographic fieldwork in both Fiji and Canada Kelly offers key insights into an underrepresented dance form region and culture Her perceptive analysis of meke will be of interest in dance studies postcolonial and Indigenous studies anthropology and performance ethnography and Pacific Island studies *The Broadview Guide to Writing - Seventh Canadian Edition* Corey Frost,Karen Weingarten,Doug Babington,Don LePan,Maureen Okun,Nora Ruddock,2022-10-18 For the seventh edition The Broadview Guide to Writing has been reorganized into three broad sections writing processes writing mechanics and writing contexts The material on argument has been expanded and revised two new sample essays in MLA style have been added and the material on researching and writing academic essays has been fully rewritten Coverage of informal and personal writing is included for the first time Features Extensive treatment of research methods and of argument In depth coverage of MLA and other citation styles Wide ranging treatment of writing styles in different academic disciplines Focused coverage of issues specific to those whose native language is not English A full chapter on language issues relating to gender race class religion sexual orientation disability etc Companion website featuring a wide range of interactive exercises

Entrepreneurial Skills Cecile Nieuwenhuizen,2008 An entrepreneur is different from a manager of a small business in many respects but largely in attitude and approach And the right approach hinges on appropriate entrepreneurial skills Professor Nieuwenhuizen has brought together several experts in the field of entrepreneurship to describe the skills necessary for successful entrepreneurship The entrepreneurial skills covered in this book include achievement orientation creativity and innovation self confidence and a positive attitude goal setting assertiveness time management networking leadership and teamwork creative problem solving and strategies for dealing with conflict and confrontation This is a guide to success factors for students of business as well as entrepreneurs starting up a business and those already running an enterprise Art in the City, the City in Art Elisha Masemann,2024-03-31 This Book examines an interplay between discourses on the city that stress the need for rational functional order and art s imaginative deviations from the topdown structures of urban life Moving between theory and praxis the book situates the city as both a concept and physical construct

through which lives and possibilities are shaped or defined In response certain modalities of art create spontaneous non rational and playful interludes that risk escape from the urban apparatus and a hyper valorisation of rational order A three part framework is used to discuss this push pull dynamic and to assess the strategies of shock performative embodiment and intervention that emerged in post war art movements and in contemporary performance and participatory art practices The book examines how the disturbances introduced by artists throw the city construct into sharp relief making it visible and activating momentary encounters where new modes of expression can emerge This Book offers a new approach to interdisciplinary studies of art and urbanity The book aims to delineate how the city as concept and construct is made visible through artistic practice and in turn challenged or interrogated Students researchers and professionals with an interest in the interaction between art and urban studies will discover a new perspective on how urban conditions and issues have been addressed through artistic practice The book contributes to an evolving discourse in the urban humanities through an exposition of the city s default construct that is made visible or reimaged through visual art in public spaces

The Broadview Guide to Writing: A Handbook for Students - Sixth Edition Corey Frost, Karen Weingarten, Doug Babington, Don LePan, Maureen Okun, 2017-05-30 Even the most useful reference guides are not always well shall we say riveting A refreshing exception is the new Broadview Guide to Writing which is smart helpful and even fun to read Gerald Graff and Cathy Birkenstein authors of They Say I Say The Moves That Matter in Academic Writing Key Features A coil bound reference text suitable for a range of introductory composition and writing courses Divided into three sections Writing Processes including Research Argumentation and Style Writing Mechanics Grammar Usage and Punctuation Writing Contexts Writing in different academic disciplines Forms and conventions and citation Comprehensive treatment of citation style guides with 2016 MLA style updates Expanded treatment of research methods argument structures and writing in the workplace A unique section on How to Be Good With Words issues of gender race class religion sexual orientation disability etc Expanded coverage for those whose native language is not English All new chapter on reading images Extensive companion website featuring interactive exercises Increasingly writing handbooks are seen as over produced and overpriced One stands out The Broadview Guide to Writing is published in an elegant but simple format and sells for roughly half the price of its fancier looking competitors That does not change with the new edition what does change and stay up to date is the content of the book The sixth edition brings a substantial re organization of the contents under three headings Writing Processes Writing Mechanics and Writing Contexts Coverage of APA Chicago and CSE styles of documentation has been substantially expanded and the MLA section has now been fully revised to take into account all the 2016 changes Also expanded is coverage of academic argument of writing and critical thinking of writing about literature of paragraphing of how to integrate quoted material into one s own work of balance and parallelism and of issues of gender race religion etc in writing The chapter Seeing and Meaning Reading and Writing About Visual Images is entirely new to the sixth edition

Writing Wrongs Robert M. Martin, 2017-12-18 Writing Wrongs is a concise and thoughtful guide to common errors in English. It covers frequently confused and misused words along with problems of grammar, punctuation, and style and offers a brief and up-to-date guide to major citation styles. Though it provides guidelines and recommendations for usage, Writing Wrongs acknowledges the evolution of language over time and the fact that different contexts have different rules; it is not narrowly prescriptive. A friendly, flexible, and easy-to-read reference, Writing Wrongs will be useful to students and general readers alike.

Evolutions in Corporate Governance Alison L. Dempsey, 2017-09-08 In a world where the implications and consequences of corporate actions and decisions are potentially far-reaching and lasting, ethical standards, their observance, and their breach must be part of the language of business conduct, whether in the context of corporate transgressions, regulatory effectiveness, terms of engagement between business and their stakeholders, or the metrics used by investors in assessing performance and risk and understanding long-term value. This critically important book proposes a new paradigm for understanding, developing, and maintaining standards of corporate governance. Its point of departure is not a position along the diverse paths of traditional corporate governance and regulatory theory, law, and practice, nor specific questions of how to institute, implement, and observe policies and practices that function as proxies for good governance. Instead, it starts with the idea of framing governance generally and corporate governance specifically as a matter of conduct that is guided by a set of fundamental ideals and principles. Evolutions in Corporate Governance attempts to answer the wider question of how to re-imagine a framework within which good corporate governance that takes account of and is responsible for the social, environmental, ethical, as well as legal and economic dimensions of business conduct is addressed alongside issues of profitability and competition in the face of forces of globalization and business influence that are testing the limits of what can be accomplished by traditional law and regulation. Dempsey contends that meaningful change in behaviour will only come when there is a corporate governance framework that explicitly encompasses both law and ethics.

Population Control Jen Rinaldi, Kate Rossiter, 2023-11-15 Violence is an inescapable through-line across the experiences of institutional residents, regardless of facility type, historical period, regional location, government or staff in power, or type of population. Population Control explores the relational conditions that give rise to institutional violence, whether in residential schools, internment camps, or correctional or psychiatric facilities. This violence is not dependent on any particular space but on underlying patterns of institutionalization that can spill over into community settings, even as Canada closes many of its large-scale facilities. Contributors to the collection argue that there is a logic across community settings that claim to provide care for unruly populations, a logic of institutional violence which involves a deep entanglement of both loathing and care. This loathing signals a devaluation of the institutionalized and leaves certain populations vulnerable to state intervention under the guise of care. When that offer of care is polluted by loathing, however, there comes along with it an unavoidable and socially prescribed violence. Offering a series of case studies in the Canadian context, from historical asylums and laundries

for fallen women to contemporary prisons group homes and emergency shelters Population Control understands institutional violence as a unique and predictable social phenomenon and makes inroads toward preventing its reoccurrence **National Identities and Sociopolitical Changes in Latin America** Mercedes F. Durán-Cogan, Antonio Gomez-Moriana, 2001 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company *The Broadview Guide to Writing - Sixth Edition* Don LePan, Doug Babington, Maureen Okun, 2015-06-11 Increasingly writing handbooks are seen as over produced and overpriced One stands out The Broadview Guide to Writing is published in an elegant but simple format and sells for roughly half the price of its fancier looking competitors For the sixth edition the coverage of MLA APA Chicago and CSE styles of documentation has been substantially expanded as well as updated Also expanded is coverage of academic argument of writing and critical thinking of writing about literature of paragraphing of how to integrate quoted material into one s own work of balance and parallelism and of issues of gender race religion etc in writing The chapter Seeing and Meaning Reading and Writing About Visual Images is entirely new The online materials including the selection of interactive exercises have also been revised considerably
