Jeyaratnam Wilson, 2013-01-11 This text discusses the principal political and constitutional questions that have arisen in the states of Bangladesh India Pakistan and Sri Lanka following fifty years of independence In Sri Lanka the pressing problems have been around the inter ethnic civil war experiments with constitutional designs widespread prevalence of corruption and the recrudescence of Buddhist militancy In India it has been corruption Hindu nationalism and general political instability In Bangladesh and Pakistan it has been the role of the military the state and religion A general theme is an analysis of the malaise that is prevalent and how and why this was inherited despite the colonial legacy of parliamentary democracy the steel framework of a trained bureaucracy the independence of the judiciary and the rule of law **Pakistan in Regional and Global Politics** Rajshree Jetly, 2012-04-27 Pakistan is at currently at the centre of regional and global geo strategic issues as a frontline state in the global war on terrorism It is seeking to project itself as a modern Islamic state that can engage both the Islamic bloc and the western world in the post 9 11 era This book addresses some questions under the broad rubric of International Relations and Security It focuses on four themes Pakistan and global security Pakistan s international relations politics and identity in Pakistan and economic development of Pakistan Leading international experts have contributed articles within the framework of these themes **Pakistan Enduring Assistance and Cooperation Enhancement Act of 2009 (Peace Act of 2009), May 22, 2009, 111-1 House Report 111-129, Part 1**, 2009 **Developing Sustainable Agriculture in Pakistan** Iqbal Ahmad Khan, Muhammad Sarwar Khan, 2018-04-17 Agriculture plays a pivotal role in the economy and development of Pakistan providing food to consumers raw materials to industries and a market for industrial goods Unfortunately agricultural production is stagnant due to several barriers including a fixed cropping pattern reliance on a few major crops a narrow genetic pool poor seed quality and a changing climate In addition the high cost of production weak phytosanitary compliance mechanisms and a lack of cold chain facilities makes Pakistan agriculturally uncompetitive in export markets Despite all these issues agriculture is the primary industry in Pakistan and small farmers continue to dominate the business Small farmers grow crops for subsistence under a fixed cropping pattern and a holistic approach is required to develop agriculture to improve the livelihoods of the rural populace This book presents an exhaustive look at agriculture in Pakistan Chapters provide critical analyses of present trends inadequacies in agriculture strategic planning

improvement programs and policies while keeping in view the natural resources plant and animal related agricultural production technologies input supplies population planning migration and poverty and balanced policies on finance credit marketing and trade *Civil Society and Pakistan's Economy* Fayyaz Baqir,2023-03-17 This book analyses the paradoxes of Pakistan s economy meritocratic domestic policy and the role of the state and the civil society It argues that the transition in the county s foreign policy from geo politics to geo economic depends on a fundamental domestic policy transition from kleptocracy to meritocracy Civil Society and Pakistan s Economy discusses how the prevalence of rent seeking practices has undermined merit based practices by increasing the cost of doing business and converting public loss into private profit by awarding inappropriate subsidies and imposing regressive taxes The analyses are supported by describing the instruments and mechanisms used for rent seeking practices and the creation of public awareness of options available to change these practices through citizen s action and civil society engagement The book also shows the path of transformation and the role of participation and argues that aspiring for and capturing power is not the only way to transform Pakistan A novel analysis depicting macro micro linkages of encroachment of socio economic space by the power elites and effective strategies used for its reappropriation by the people the book will be of interest to academics researching South Asian Studies in particular South Asian economics and politics **Pakistan** Shahid Javed Burki,2018-02-23 Although it achieved independence in 1947 Pakistan still has not succeeded in integrating its diverse peoples into a nation as its short yet turbulent history vividly demonstrates The nation s search for stability is traced in this revised and updated introduction to Pakistan s political economic and social development New chapters detail political developments since 1991 including the elections of 1993 and 1996 Economic changes including the financial crisis that led to the fall of Benazir Bhutto s government in 1996 are given particular attention Also included is an extensive analysis of the nuclear arms race between India and Pakistan an issue of global concern *Pakistan Affairs* ,1986 [The Political Economy of the China-Pakistan Economic Corridor](#) Bai Gao,Zhihong Zhen,2023-04-23 This book explores the political economy of China Pakistan economic corridor a major pilot project for China s One Belt One Road initiatives Pakistan will provide China with not only a pathway access to the Indian Ocean Middle East and Africa but also vital connections to the Trans Asia railway network that links Southeast Asia South Asia and West Asia This book analyzes how domestic factors in Pakistan will affect China s 46 billion investments It will be of interest to scholars policymakers and journalists **Pakistan** C. International Organizations listed 16 000 internationally recognized NGOs By 2004 this number was 63 000 With this increase comes a staggering growth in the activities and intellectual output of NGOs working on a local and international level As the mission of both libraries and NGOs increasingly intersect these organizations must collaborate to provide essential services that revolve around the creation dissemination and storage of information This volume s eight essays focus on collaborative work between NGOs and libraries in the study and resolution of global issues ranging from AIDS to food security and social transformation

Pakistan: From the Rhetoric of Democracy to the Rise of Militancy Ravi Kalia,2012-08-21 The essays in this volume address the central theme of Pakistan s enduring yet elusive quest for democracy The book charts Pakistan s struggle from its very inception at least in the political rhetoric provided by both civilian and military leaders for democracy liberalism freedom of expression inclusiveness of minorities and even secularism At the same time it demonstrates how in practice the country has continued to drift towards increasingly brittle authoritarianism religious extremism and intolerance of minorities both Muslim and non Muslim This chasm between animated political rhetoric and grim political reality has baffled the world as much as Pakistanis themselves In this volume scholars and practitioners of statecraft from around the world have sought to explain the dichotomy that exists between the rhetoric and the reality Crucial areas such as Pakistan s troubled status as a theocracy its relationship with the US the position of women and their quest for empowerment the Mujahir Qaumi movement the sharp class divide that has led to an elitist political culture and finally an erudite discussion of the popular topic Jinnah s vision of Pakistan are the focus of this book This volume will be of interest to scholars of history political science international relations sociology anthropology and urban planning policy makers and think tanks as well as the wider reading public curious about South Asia
