Psychophysiological Aspects of Reading and Learning Victor M. Rentel, Samuel A. Corson, Bruce R. Dunn, 2017-11-01 Bringing together neurological assessments of reading and cognition this provocative volume originally published in 1985 presents eight major and sometimes controversial studies on the parts and patterns of the reading process With comprehensive coverage ranging from psycholinguistics and education to neurophysiology these studies highlight new directions in the field at the time The contributors support an interactive rather than dichotomous model of brain function and stress individual differences in assessing reading and cognitive skills *Sociological Theory* Bert N. Adams, R. A. Sydie, 2001-01-30 Providing a concise and comprehensive introduction to both classical and contemporary social thought this volume makes social theory and social theorists accessible and meaningful **The Contemporary Goffman** Michael Hviid Jacobsen, 2010-01-26 The sociology of Erving Goffman has inspired generations of sociologists throughout the world Students and scholars alike have in Goffman's unsurpassable and generous ability to capture the world of everyday life discovered an emporium of useful incisive and quite often humorous analyses concepts and ideas The Contemporary Goffman highlights the continued relevance of Goffman to sociology and related disciplines to theoretical discussions as well as to substantive

empirical research through contributions dealing with a variety of topics and themes Some contributions concentrate on locating or reinterpreting Goffman s work as a special kind of sociology as is found in his literary sensibilities or his fieldwork strategies Others focus on overlooked aspects and neglected potentials of his sociology by applying his perspective to studies of gender emotions and violence while others still relate his concepts and ideas to substantive research areas such as the media mobile telephones hospitals surveillance technologies and tourism
