Gandhian philosophers      *Grievances and Public Protests* Martín Portos, 2020-08-20 This book sheds light on the role that grievances play for mobilisation dynamics in a context of material deprivation Why do people protest To what extent do grievances account for the varying size of protest events over time Covering different levels of analysis the author argues that effects of socioeconomic aspects both objective material deprivation and subjective attitudinal grievances are mediated by political attitudes especially political dissatisfaction He develops a framework to account for the dynamics trajectory and timing of the cycle of contention that unfolded in Spain in the shadow of the Great Recession contributing not only to the field of social movement studies but to our broader understanding of European politics political sociology political economy and economic sociology      *Resisting the Backlash* Donatella della Porta, Niccolò Bertuzzi, Daniela Chironi, Chiara Milan, Martín Portos, Lorenzo Zamponi, 2022-04-28 Drawing interview material together with extensive data from the authors original social movement database this book examines the development of social movements in resistance to perceived political regression and a growing right wing backlash With a focus on Italy and the reaction to increasing inequalities and welfare state retrenchment policies it examines opposition to the government and state authorities on a number of issues Triangulating different types of data it sheds light on the ability of citizens to organise in the streets and addresses crucial matters in social movement research including the significance to political mobilization of grievances class gender and generational differences as well as considering the network dynamics of micro mobilization visions of Europe and the role of interactions with major political institutions As such it will appeal to scholars of sociology and politics with interests in social movements and political mobilization      *Right-Wing Populism in America* Chip Berlet, Matthew N. Lyons, 2016-05-06 Right wing militias and other antigovernment organizations have received heightened public attention since the Oklahoma City bombing While such groups are often portrayed as marginal extremists the values they espouse have influenced mainstream politics and culture far more than most Americans realize This important volume offers an in depth look at the historical roots and current landscape of right wing populism in the United States Illuminated is the potent combination of anti elitist rhetoric conspiracy theories and ethnic scapegoating that has fueled many political movements from the colonial period to the present day The book examines the Jacksonians the Ku Klux Klan and a host of Cold War nationalist cliques and relates them to the evolution of contemporary electoral campaigns of Patrick Buchanan the militancy of the Posse Comitatus and the Christian Identity movement and an array of millennial sects Combining vivid description and incisive analysis Berlet and Lyons show how large numbers of disaffected Americans have embraced right wing populism in a misguided attempt to challenge power relationships in U S society Highlighted are the dangers these groups pose for the future of our political system and the hope of progressive social change Winner Outstanding Book Award Gustavus Myers Center for the Study of Bigotry and Human Rights in North America      **Protest Politics Today** Devashree Gupta, 2023-05-03 Social movements play a vital and increasingly visible role in modern politics Headline grabbing demonstrations against authoritarian

governments police brutality economic inequality and other grievances suggest that around the world social movements are seen as powerful catalysts of change In democracies as well as autocracies rich countries as well as poor citizens turn repeatedly to protest as a way of addressing a range of perceived social ills In this engaging and accessible book Devashree Gupta offers a thorough introduction to the study of social movements in these diverse settings examining their structures and operations to identify the ways in which political and social contexts shape how movements behave and what impacts they have Drawing on multiple theoretical approaches and contemporary case studies Gupta explores how movements think and act strategically learning from past interactions with authorities and the experiences of other movements to find innovative ways to challenge the status quo With suggestions for further reading and questions for class discussion throughout *Protest Politics Today* will be essential reading for students of social movements and contentious politics across the world

**Social Protest** Martijn van Zomeren, 2025-12-04 Why do people protest And how can people protest effectively This book is about the psychological science and practical art of social protest based in the psychology of motivation and mobilization Based on decades of theorizing and research the book offers a summary of knowledge about core motivations for social protest a tactical triad regarding the effectiveness of social protest and relational tools toward mobilization Furthermore *Social Protest* integrates those insights into a new relational psychological theory of social protest with a motivational and strategic pillar a theory that turns knowledge into understanding by portraying protesters as relational actors Van Zomeren further offers a guide toward the contextualized application of the theory's motivational and strategic pillars to real life social protests including a concrete checklist for practitioners who seek to motivate people to mobilize on the basis of the core motivations the tactical triad and relational mobilization tools Finally the book offers an outline of the bright horizons that researchers need to work toward if they want to enable their theories to make more specific and useful recommendations for the practical art of social protest and hence to effectively use social protest as a powerful pathway to positive social change

The Coming African Hour Luc Sindjoun, 2010 The Coming African hour is not a slogan nor wishful thinking It is a conclusion that derives from an insightful analysis of the current situation pertaining on the continent Several African scholars coming from different regions and academic backgrounds are elaborating ideas and arguments in order to explain the constraints and to illustrate the opportunities The result of that scientific gathering is a book that synthesizes and renews the reflections on development What is at stake is not to be pessimistic or optimistic about Africa The epistemological challenge is to understand what is going on By focusing on converging and diverging African realities on the issues of state civil society gender and development strategies the authors of the book show under which conditions the African hour is coming At that level the commitment for political science meets the commitment for Africa The main success of this book is to overcome the preconceived ideas and self fulfilling prophecies about Africa Here the analysis avoids the trap of indulgence then hope is based on truth Consequently the coming African hour is not inescapable it is as analyzed a possibility that its

achievement depends on institutional human political social and economic factors      **Protests as Events** Ian R Lamond, Karl Spracklen, 2014-11-05 Can activism be considered a leisure activity Can the Occupy movement local campaigns for change and lone acts of personal resistance be understood as events Within the field of Events Management the content of events is generally analyzed within three categories culture sport or business Such a typology can be helpful as a heuristic for interpretation and analysis within a commercial paradigm However this framework overlooks and depoliticizes a significant variety of events those more accurately construed as protest Protests as Events is the first book to explore activism as a leisure activity and protests as events using a fresh interpretation of event to develop a new critical politics of events and leisure Bringing together a range of cutting edge research from around the world it explores a variety of protests through the lens of events studies and leisure in order to understand how the study of events management might be conceptualized in the protest space      **Handbook of Community Well-Being Research** Rhonda Phillips, Cecilia Wong, 2016-12-10 This
