**Craig Calhoun**

## **Social Research And The Practicing Professions By Robert K Merton:**

**Social Research and the Practicing Professions** Robert King Merton, 1982      **Social Research and the Practicing Professions** Robert King Merton, Aaron Rosenblatt, Thomas F. Gieryn, 1984-01-01 Originally published by Abt Books in 1982 this three part collection of essays taps the seminal thinking of Robert Merton one of America's foremost sociologists a social theorist whose work has long had what are described as potentials of relevance for diverse domains of practice This book examines the interplay between social research and social policy with a focus on the practicing professions medicine and its allied disciplines the law social services and the clergy Aimed at members of the practicing professions sociologists economists and makers of policy      **Robert K. Merton and Contemporary Sociology** Carlo Mongardini, 2018-04-17 This volume offers scholars of sociology and allied areas the fruits of an international conference on the contributions of the eminent Robert K Merton The assessment as good in content as well as in participants took place in Amalfi Italy with the participation of Merton himself and under the auspices of the Italian Sociology Association Carlo Mongardini aptly summarizes the unique impact of Merton on the social theory of our century His strength as a classic writer lies in his balance unveiling complexity and in his humanism which looks beyond the apparent simplicity and coherence of social reality A special treat is the final chapter by Merton reviewing Unanticipated Consequences and Kindred Sociological Ideas In it he ranges from the historical antecedents of the concept to his own evolution in the use and expansion of the idea Merton approaches the development of his thought as installments rather than simple evolution and in so doing gives us unique insight into how he built upon his originating notions in the context of social science as it existed in the United States Tensions between integrating scholarship and reaching the general public provide a special insight into Merton that might prove new even to those who know his work well Contributors to this original volume include Volker Meja Nico Stehr Paolo Ammassari Gianni Statera Birgitta Nedelmann Harriet Zuckerman Piotr Sztompka Peter Gerlich Charles Crothers Elena Besozzi and Arnold Zongerle among others The chapters address the full range of Merton's work with special emphasis on such areas as anomie structural analysis the relationship of theory to research patterns of latent and manifest influence and even the application of Mertonian concepts to the analysis of Merton as a scholar This unusual compendium translated from the Italian will interest social researchers across the academic spectrum      **Social Research and the Practicing Professions** Robert King Merton, 1982      *Reintroducing Robert K. Merton* Charles Crothers, 2020-12-30 This book reintroduces the work of Robert K Merton as a bridge between classical sociology and modern sociology Founded in the sociological classics but developing a modern approach to the advancement of theory and research methodology Merton's thought helped to construct modern sociology in its coverage of many of the social institutional areas of contemporary society Recovering and analysing the system of structural analysis which Merton progressively developed a system largely overlooked due to the tendency among commentators to stereotype him as a functionalist the author considers the

applications of this approach to various substantive fields particularly science and criminal justice and examines the effect of Merton's later sociological semantics on his overall schema. A clear and accessible presentation of the array of concepts introduced by Merton to sociology. Reintroducing Robert K Merton will appeal to scholars and students with interests in sociological theory, social research, the history of sociology and the various substantive areas covered in the work of Merton: deviance, science and communications.

**Robert K. Merton** Craig Calhoun, 2010-09-07 Robert K Merton 1910-2003 was one of the most influential sociologists of the twentieth century producing clear theories and innovative research that continue to shape multiple disciplines. Merton's reach can be felt in the study of social structure, social psychology, deviance, professions, organizations, culture and science. Yet for all his fame Merton is only partially understood. He is treated by scholars as a functional analyst when in truth his contributions transcend paradigm. Gathering together twelve major sociologists, Craig Calhoun launches a thorough reconsideration of Merton's achievements and inspires a renewed engagement with sociological theory. Merton's work addressed the challenges of integrating research and theory. It connected different fields of empirical research and spoke to the importance of overcoming divisions between allegedly pure and applied sociology. Merton also sought to integrate sociology with the institutional analysis of science, each informing the other. By bringing together different aspects of his work in one volume, Calhoun illuminates the interdisciplinary and unifying dimensions of Merton's approach while also advancing the intellectual agenda of an increasingly vital area of study.

Contributors: Aaron L. Panofsky, University of California; Alan Sica, Pennsylvania State University; Alejandro Portes, Princeton University; Charles Camic, Northwestern University; Charles Tilly, Columbia University; Craig Calhoun, Social Science Research Council and New York University; Cynthia Fuchs Epstein, City University of New York; Harriet Zuckerman, Mellon Foundation; Peter Simonson, University of Colorado; Ragnvald Kalleberg, University of Oslo; Robert J. Sampson, Harvard University; Thomas F. Gieryn, Indiana University; Viviana A. Zelizer, Princeton University.

*Constructing Social Research Objects*, 2021-05-03 The third volume on theoretical driven methodology in the social sciences, again edited by H. Kon. Leifsrud and Peter Sohlberg, explains how to identify sociological research objects and the art of living theory. Theoretical concepts such as social structure, the Global South, social bonds, organisations and management are explored and developed by a broad range of authors. The methodological chapters, including critical notes on sociology and uses of statistics, the value of thought experiments in sociology, researching subjects in time and space and an academic star war between Pierre Bourdieu and Dorothy E. Smith, are indispensable for researchers and students interested in theoretical construction work in the social sciences. Contributors are: G. ran Ahrne, Michela Betta, Harriet Bjerrum Nielsen, Michael Burawoy, Raju Das, David Fasenfest, Raimund Hasse, Johs. Hjellbrekke, H. kon. Leifsrud, Emil A. R. yrvik, John Scott, Peter Sohlberg, Karin Widerberg and Richard Swedberg.

*The Anthem Companion to Robert K. Merton* Charles Crothers, Lorenzo Sabetta, 2022-09-13 Robert K Merton's sociological work spans several decades: 1920s childhood, 1930s anomie, science unanticipated, 1940s housing studies, mass

communications structural functional analysis professions focus groups 1950s reference groups 1960s ambivalence and later decades structural analysis sociological semantics cultural sociology He particularly contributed to sociology during a period when several specialties were being set up and yet his work spans both general and specialist sociologies He is recognized as the father of anomie strain theory focus groups sociology of science role set theory analytical sociology structural functional analysis ambivalence studies and sociological semantics but always endeavoured to keep the multifarious threads of sociology together Merton stood at the junction of many other crossroads classical and modern sociology American and European sociology theory and research philosophy of social science and applied sociology pure academic sociology and applied sociology cognitive and social social sciences and humanities social sciences and science Yet the different components of RKM s work relate to each other RKM had a major effect on the baby boomer generation of sociology who joined the ranks of sociology at a time of great expansion of university positions across many developed countries Other generations of sociologists so far less exposed to his work should gain much from consideration of the essays in this volume

**A Critical Introduction to Contemporary Social Theory** Piotr Sztompka, 2025-02-24 Examining the core sociological theories that have emerged in the first two decades of the current century A Critical Introduction to Contemporary Social Theory outlines their attempts to answer the most fundamental questions of the discipline from the nature of social order to the mechanisms of social change Through a careful exploration of the history of modern social theory Piotr Sztompka lays the critical groundwork for investigating the development of contemporary social theory from its founding fathers in the 19th century through the rich contributions of the 20th century known as the golden age of theory up to the most recent developments and illuminates how it is both anchored in and a critique of previous attempts to theorize foundational questions to social being and action Contemporary theory the book argues is now moving toward analysis of action interpersonal relations social and epistemological realism and multivalent mechanisms at the root of social phenomenon Major social theoretical thinkers like Anthony Giddens Pierre Bourdieu Jeffrey Alexander Randall Collins Jonathan Turner Hans Joas Ulrich Beck Erving Goffman and others are presented and evaluated as significant contributors to contemporary social theory while pointing toward future possibilities for social theory in the current century This will be a key resource for undergraduate and graduate students in sociology social theory and contemporary cultural studies

**Research Handbook on the Sociology of Knowledge** Fran Collyer, 2025-07-15 This timely Handbook celebrates and contributes to the recent revitalisation of the sociology of knowledge A diverse group of leading experts from the global North and South provide a state of the art overview of a field which is developing rapidly with the growth of poststructuralist postcolonial and feminist approaches

Reader's Guide to the Social Sciences Jonathan Michie, 2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human

geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense

**Key Sociological Thinkers** Rob Stones, 2017-09-16 The third edition of this popular and established core textbook provides an invaluable guide to 24 of the most influential thinkers in Sociology Written by leading academics in the field Key Sociological Thinkers provides a clear and contextualised introduction to classical and contemporary theory Each chapter offers an insightful assessment of a different theorist exploring their lives works and legacies and in a much valued Seeing Things Differently section authors demonstrate how each thinker's ideas can be used to illuminate aspects of social life in new ways With frameworks for deep learning around group discussion this continues to be an essential text for undergraduate and postgraduate modules on sociological and social theory New to this Edition Four new chapters on Mead Du Bois Latour and Alexander Five chapters by new authors on existing key thinkers Durkheim Merton Goffman Bourdieu and Giddens A major new introduction An updated structured and annotated Further Reading section for each thinker Extended accounts of 13 additional thinkers who have influenced or been influenced by the key thinkers

**On Social Structure and Science** Robert K. Merton, 1996-09-15 Robert K Merton is unarguably one of the most influential sociologists of his time A figure whose wide ranging theoretical and methodological contributions have become fundamental to the field Merton is best known for introducing such concepts and procedures as unanticipated consequences self fulfilling prophecies focused group interviews middle range theory opportunity structure and analytic paradigms This definitive compilation encompasses the breadth and brilliance of his works from the earliest to the most recent Merton's foundational writings on social structure and process on the sociology of science and knowledge and on the discipline and trajectory of sociology itself are all powerfully represented as are his autobiographical insights in a fascinating coda Anchored by Piotr Sztompka's contextualizing introduction Merton's vast oeuvre emerges as a dynamic and profoundly coherent system of thought a constant source of vitality and renewal for present and future sociology

**A Good Match** Rebecca Watson-Boone, 2007 Library personnel managers SLIS recruiters college and university guidance counselors along with those considering LIS as a career gain behind the scenes perspectives on the lives of real liberal arts educated librarians who have chosen this service oriented profession In this seminal research Watson Boone independent researcher and former academic librarian investigates the relationship in the College Alumni Librarians Study CALS surveys 431 librarians who graduated from eight liberal arts colleges Carleton Denison Earlham Grinnell Kalamazoo Lawrence Macalester and Swarthmore from 1962 2000 Following up related studies and connecting to broader library career issues this study complements prior quantitative studies with a qualitative approach covering 39 years Library personnel managers SLIS recruiters college and university guidance counselors and

**Society in Action** Piotr Sztompka, 1991-08-27 In Society in Action Piotr Sztompka sets forth a highly topical contribution to central theoretical debates of contemporary sociology Taking the idea and practice of collective mobilization as his theme Sztompka argues that modern institutions particularly of late are characterized by an increasing

awareness of collective empowerment The most obvious concrete expression of this phenomenon as Sztompka makes clear is the rise of a diversity of active social movements such as those which dramatically transformed Europe in the 1980s from the birth of Solidarity in 1980 to the 1989 Autumn of Nations Sztompka connects the interpretations of such collective activity to a wider grasp of the nature of social action The result is a comprehensive and original theory of social change which focuses on the self transforming influence on society of its members striving for freedom autonomy and self fulfillment He develops his theory by means of a general concept of social becoming the roots of which he traces to the early romantic and humanist work of Karl Marx and his followers and to two influential sociological schools of today the theory of agency and historical sociology Sztompka situates his theory midway between the rigid determinism of social totalities and the unbridled voluntarism of free individuals Social change he demonstrates can be understood neither as the outcome of individual actions taken alone nor as structurally determined actions Instead he confers upon social organizations and movements a self transcending quality they express human agency yet by virtue of their active character are quite often able to achieve unpredictable outcomes Throughout his analysis of social movements and revolutions in history Sztompka emphasizes the dynamics of spontaneous social change generated from below a theoretical testimony to the rapid and fundamental social change in Eastern Europe in recent history Against the fashions of postmodernist malaise boredom and disenchantment his theory of social becoming expresses the possibility of emancipation of change leading to positive gains His work registers a belief in progress not inevitably gained but its attainment fully dependent upon the creativity and optimism of an active citizenry

**The Blackwell Companion to Major Contemporary Social Theorists** George Ritzer, 2008-04-15 The Blackwell Companion to Major Contemporary Social Theorists is a survey of contemporary social theory that focuses on the thinkers themselves In original essays especially commissioned for this volume leading experts and practitioners examine the life and work of 13 major theorists such as Elias Baudrillard Giddens and Butler Includes 13 original essays by leading scholars on major contemporary social theorists Covers key figures such as Elias Goffman Foucault Habermas Giddens Bourdieu and Butler Essays include biographical sketches the social and intellectual context and the impact of the thinker s work on social theory generally Includes bibliographies of the theorist s most important works as well as key secondary works Can be used in conjunction with The Blackwell Companion to Major Classical Social Theorists edited by George Ritzer for a complete reference source in social theory

*Negotiating Justice* Corey S. Shdaimah, 2011-04-22 While many young people become lawyers for the big bucks others are motivated by the pursuit of social justice seeking to help people for whom legal services are financially socially or politically inaccessible These progressive lawyers often bring a considerable degree of idealism to their work and many leave the field due to insurmountable red tape and spiraling disillusionment But what about those who stay And what do their clients think *Negotiating Justice* explores how progressive lawyers and their clients negotiate the dissonance between personal idealism and the realities of a system that doesn t often champion the

rights of the poor Corey S Shdaimah draws on over fifty interviews with urban legal service lawyers and their clients to provide readers with a compelling behind the scenes look at how different notions of practice can present significant barriers for both clients and lawyers working with limited resources often within a legal system that many view as fundamentally unequal or hostile Through consideration of the central themes of progressive lawyering autonomy collaboration transformation and social change Shdaimah presents a subtle and complex tableau of the concessions both lawyers and clients often have to make as they navigate the murky and resistant terrains of the legal system and their wider pursuits of justice and power

**Why Things Bite Back** Edward Tenner, 1997-09-02 In this perceptive and provocative look at everything from computer software that requires faster processors and more support staff to antibiotics that breed resistant strains of bacteria Edward Tenner offers a virtual encyclopedia of what he calls revenge effects the unintended consequences of the mechanical chemical biological and medical forms of ingenuity that have been hallmarks of the progressive improvement obsessed modern age Tenner shows why our confidence in technological solutions may be misplaced and explores ways in which we can better survive in a world where despite technology's advances and often because of them reality is always gaining on us For anyone hoping to understand the ways in which society and technology interact **Why Things Bite Back** is indispensable reading A bracing critique of technological determinism in both its utopian and dystopian forms No one who wants to think clearly about our high tech future can afford to ignore this book Jackson Lears *Wilson Quarterly*

**Society and Knowledge** Donald N. Levine, 2017-07-05 The sociology of knowledge is generally seen as part of the sociology of cultural products Along with the sociology of science it explores the social character of science and in particular the social production of scientific knowledge Knowledge in all its varieties is of crucial importance in social political and economic relations in modern society Yet new realities the editors argue in their introduction to this second edition require a new perspective In the past half century the social role of knowledge has changed profoundly The natural attitude toward scientific knowledge in science that assigned a special status to science's knowledge claims has lost its dominance and the view that all knowledge is socially constructed has gained general acceptance Science increasingly influences the political agenda in modern societies Consequently a new political field has emerged knowledge politics These fourteen essays by social scientists philosophers and historians cover fundamental issues theoretical perspectives knowledge and power and empirical studies Eight of the fourteen contributions were part of the first edition of *Society and Knowledge* published in 1984 and most of these have been updated and revised for this new edition Included in this edition are six new contributions by Robert K Merton Steve Fuller Dick Pels Nico Stehr Barry Schwartz and Michael Lynch This second revised edition builds on its predecessor in presenting cutting edge theoretical and empirical efforts to transform the sociology of knowledge Professionals policymakers and graduate students in the fields of sociology political science and social science will find this volume of interest and importance

**Research Handbook on the Sociology of Emotion** Helena

Flam,2024-04-12 The Research Handbook on the Sociology of Emotion investigates the role of emotions in key institutions understood as the frames and fabrics of society It takes a critical look at society framing institutions such as the state the military the market and international organizations
