Gottlieb, 2000-09 We like to think of judges and justices as making decisions based on the facts and the law But to what extent do jurists decide cases in accordance with their own preexisting philosophy of law and what specific ideological assumptions account for their decisions Stephen E Gottlieb adopts a unique perspective on the decision making of Supreme Court justices blending and re characterizing traditional accounts of political philosophy in a way that plausibly explains many of the justices voting patterns A seminal study of the Rehnquist Court *Morality Imposed* illustrates how in contrast to previous courts which took their mandate to be a move toward a freer and or happier society the current court evidences little concern for this goal focusing instead on thinly veiled moral judgments Delineating a fault line between liberal and conservative justices on the Rehnquist Court Gottlieb suggests that conservative justices have rejected the basic principles that informed post New Deal individual rights jurisprudence and have substituted their own conceptions of moral character for these fundamental principles *Morality Imposed* adds substantially to our understanding of the Supreme Court its most recent cases and the evolution of judicial philosophy in the U S Cases and Materials on the International Legal System Joseph M.
