## **Social Sin Its Challenges To Christian Life:**

Social Sin, Its Challenges to Christian Life Soosai Arokiasamy, Felix M. Podimattam, 1991      A History of Catholic Moral Theology in the Twentieth Century James F. Keenan, 2010-01-17 This is an historical survey of 20th Century Roman Catholic Theological Ethics also known as moral theology The thesis is that only through historical investigation can we really understand how the most conservative and negative field in Catholic theology at the beginning of the 20th could become by the end of the 20th century the most innovative one The 20th century begins with moral manuals being translated into the vernacular After examining the manuals of Thomas Slater and Henry Davis Keenan then turns to three works and a crowning synthesis of innovation all developed before during and soon after the Second World War The first by Odon Lottin asks whether moral theology is adequately historical Fritz Tillmann asks whether it is adequately biblical and Gerard Gillean asks whether it is adequately spiritual Bernard Haering integrates these contributions into his Law of Christ Of course people like Gerald Kelly and John Ford in the US are like a few moralists elsewhere classical gate keepers censoring innovation But with *Humanae vitae* and successive encyclicals bishops and popes reject the direction of moral theologians At the same time moral theologians like Josef Fuchs ask whether the locus of moral truth is in continuous universal teachings of the magisterium or in the moral judgment of the informed conscience In their move toward a deeper appreciation of their field as forming consciences they turn more deeply to local experience where they continue their work of innovation Each continent subsequently gives rise to their own respondents In Europe they speak of autonomy and personalism in Latin America liberation theology in North America Feminism and Black Catholic theology and in Asia and Africa a deep post colonial interculturism At the end I assert that in its nature theological ethics is historical and innovative seeking moral truth for the conscience by looking to speak crossculturally      *History of Catholic Theological Ethics*, A Keenan, James F., SJ, 2022 An introduction to Catholic theological ethics through the lens of its historical development from the beginning of the church until today      Reading St. Luke's Text and Theology: Pentecostal Voices Riku P. Tuppurainen, 2019-10-16 Lukan narrative takes its readers into God's story how his salvation plan in Jesus began on the slopes of Judea and at the Sea of Galilee ending on the hill of Calvary and the Mount of Olives yet moving on and telling how the Spirit descended onto the Temple Mount empowering God's people who then began to fulfill the given mandate in the presence of the Spirit Yet readers of Luke Acts throughout the centuries have had a meandering journey as they have tried to understand the narrative's persuasion and Spirit references This book seeks to bring awareness to these challenges by some of the most respected Pentecostal biblical scholars and systematicians Here their vigorous labor with the questions of hermeneutics and theology in relation to Lukan writings have come to fruition These contributions have been collected as a Festschrift in honor and celebration of the career of Roger Stronstad a Pentecostal biblical scholar whose contribution to Lukan studies have moved Pentecostal scholarship from shadows into daylight The editor of this volume invites the readers of Lukan narrative to

journey together on the road to Emmaus as we continue to ponder the events in the past the present and the future

**Feminist Catholic Theological Ethics: Conversations in the World Church** Hogan, Linda ,Orobator, A.E.,2014-04-10 The growing body of feminist literature in the late 20th and early 21st centuries demonstrates the phenomenal advances of feminist thought and movements in the context of church and society Characteristic of this growth is the re location of issues from the global North and broadening of focus to include voices from the global South In the context of globalization new vistas and voices are emerging that trace new directions and seek to rephrase the central questions in the feminist discourse This volume aims to highlight the changing face and color of feminist theological discourse recognize innovative research in the field and facilitate a global conversation among feminists engaged in theological ethics in the world church

**The Hermeneutical Spirit** Amos Yong,2017-11-06 In the contemporary biblical studies climate proposals regarding the theological interpretation of Scripture are contested particularly but not only because they privilege encourage and foster ecclesial or other forms of normative commitments as part and parcel of the hermeneutical horizon through which scriptural texts are read and understood Within this context confessional approaches have been emerging including some from within the nascent pentecostal theological tradition This volume builds on the author s previous work in theological method to suggest a pentecostal perspective on theological interpretation that is rooted in the conviction that all Christian reading of sacred Scripture is post Pentecost meaning after the Day of Pentecost outpouring of the Spirit on all flesh in anticipation of the coming reign of God In that respect such a pentecostal interpretative perspective is not parochially for those within the modern day movement bearing that name but is arguably apostolic in following after the scriptural imagination of the earliest disciples of Jesus the messiah and therefore has ecumenical and missional purchase across space and time The Hermeneutical Spirit thus provides close readings of various texts across the scriptural canon as a model for Christian theological interpretation of Scripture suitable for the twenty first century global context

**Schleiermacher and Sustainability** Shelli M. Poe,2018-11-13 Since the 1960s theologians have been involved in efforts to guide Christians to reflection and action in light of planetary peril The contributors to this volume illustrate how Friedrich Schleiermacher s theological work could fulfill that need Schleiermacher s theology they contend finds its culmination in Christian social action and is remarkably conducive to ecological thinking in the modern world Each chapter deals with a particular locus in Schleiermacher s systematic theology focusing on its implications for sustainable living In so doing Schleiermacher and Sustainability offers a sophisticated account of Schleiermacher s thought that will upend many estimations of his value for current constructive theology and provide a potent resource for those seeking to integrate ecological living into the marrow of their daily existence
