Taking Socialism Seriously Richard Schmitt, Anatole Anton, 2012-03-22 Taking Socialism Seriously raises essential questions about what socialism is and how socialists can reach it by addressing a long list of potential quandaries The contributions compiled by Anatole Anton and Richard Schmitt describe how socialism differs from a reformed and more humane form of capitalism Various chapters discuss suitable forms of love and family in a socialist society and economic arrangements within a socialist system They also break important new paths by calling for significant social change examining detailed questions that have previously been neglected and setting a new direction for radical theorists Critics are often convinced that there is no alternative and therefore are content to reform capitalism This book affirms that another world is possible *Socialist Affairs* ,1984 *Intellectuals and the Search for National Identity in Twentieth-Century Brazil* Ronald H. Chilcote, 2014-09-08 This book discusses twentieth century Brazilian political thought arguing that while Rio de

Janeiro intellectuals envisaged the state and the national bourgeoisie as the means to overcome dependency on foreign ideas and culture S o Paulo intellectuals looked to civil society and the establishment of new academic institutions in the search for national identity Ronald H Chilcote begins his study by outlining Brazilian intellectuals attempt to transcend a sense of inferiority emanating from Brazilian colonialism and backwardness Next he traces the struggle for national identity in Rio de Janeiro through an account of how intellectuals of varying political persuasions united in search of a political ideology of national development He then presents an analysis by S o Paulo intellectuals on racial discrimination social inequality and class differentiation under early capitalism and industrialization The book concludes with a discussion on how Brazilian intellectuals challenged foreign thinking about development through the state and representative democratic institutions in contrast to popular and participatory democratic practices
